

Deportation Proceedings Postponed

LAKE SUCCESS, Dec. 23 (AP)—Deportation proceedings against a Greek communist correspondent accredited to the United Nations were postponed today as U. S. officials weighed the possibility that the action violated an agreement with the UN.

The issue was raised by UN Secretary General Trygve Lie, who dispatched a telegram last night to Warren Austin, chief U. S. delegate, calling attention to a provision in the agreement under which the United Nations headquarters was established here.

Agreement Made
The agreement provides that no correspondent accredited to the world organization shall be compelled to leave the United States until the UN secretary general has been consulted. Pointing out that he had not been notified in advance of the deportation proceeding Lie wired Austin:

"Would appreciate prompt consideration in conformity with headquarters agreement."

Lie's action also was expected to delay deportation proceedings pending against an Indian correspondent accredited to the UN.

Lie acted after receiving a message from the Greek correspondent—Nicholas Kyriazidis—advising that he was being detained at Ellis island for deportation on charges concerning only his political affiliation.

Arrested Thursday
W. F. Watkins, district director of the justice department's immigration and naturalization service, said Kyriazidis had been arrested last Thursday under an immigration warrant charging his "belief and membership in and affiliation with an organization advising, advocating and teaching the overthrow by force and violence of the government of the United States."

Amnesia Victim Up For Forgery

TWIN FALLS, Ida., Dec. 23 (AP)—Lewis D. Race, a Burley, Ida., war veteran found two weeks ago in Olympia, was held in the Twin Falls city jail today pending arraignment on a charge of forgery.

The youth, identified by his father after he had wandered into the Olympia post office and asserted he suffered from amnesia, was brought here yesterday from Burley after Probate Judge Henry W. Tucker ruled he was "sane from a legal standpoint."

Race also is under \$400 bond in Cassia county for future appearance on charges of desertion filed by his wife, Elmeda.

Only Two Building Permits Issued

Building permits issued by the city for the week ending Monday set a new low with only \$400 in building. Only two permits were issued and okayed by the city. They are for \$150 to C. A. Moore, repairs, 1944 Auburn, and \$250 to J. P. Stoecklein, remodeling, 2441 S. 6th.

Magazine Tells Of Flight Going Faster Than Sound

WASHINGTON, Dec. 23 (AP)—An American plane is reported to have flown faster than sound.

The magazine Aviation Weeks says in its issue dated Monday that the Bell X-2, an experimental rocket craft, has pierced the so-called sound barrier on several occasions during the past month at Muroc air base, Calif.

Marvin Miles, aviation writer for the Los Angeles Times, also writes today that he had "learned from reliable sources" that the long-sought speed had been attained.

Col. S. A. Kirkie, commandant of the Muroc base, neither confirmed nor denied the reports.

Secretary of Defense Forrestal has issued an order forbidding official disclosure of progress in high speed flight.

Truman Gets Second Bird

WASHINGTON, Dec. 23 (AP)—President Truman received another Christmas turkey today.

Senator Morse (R-Ore.) went to Mr. Truman's office bearing a 35-pound dressed bird which he described as the "grand champion" of the Roseburg, Ore. poultry show.

The second Christmas gift of the day was a huge poinsettia plant which its donors described as "the symbolic Christmas flower."

They were Robert H. Roland of Chicago, executive secretary of the Society of American Florists, and Granville Guide of Washington, a director of the society.

Still another gift was an original cartoon taken to the White House by Clifford Berryman, cartoonist for the Washington Star.

The cartoon was published in a booklet in connection with the Gridiron club dinner here December 13. It showed the president riding on a merry-go-round and reaching for a ring labeled "second term."

Berryman said the president thought it a good joke on himself and had expressed an interest in having the original.

One Order That Santa Can't Fill

LOS ANGELES, Dec. 23 (AP)—Here's the one that broke Santa Claus' back:

Nine-year-old Bobby Potter wanted a brother for Christmas, his letter to Superior Judge Georgia Bullock, adoption magistrate, said. "I seen in the paper where you gave little boys and girls away," wrote Bobby. "You don't know how bad I want a brother. If I can't get a boy I will take a little sister."

As the letter mentioned the "best daddy that ever lived" and "my mama is swell too," Judge Bullock referred the request to Bobby's parents. Santa might get another chance next year.

Extension Unit News

Klamath Falls
Much fun was had by the Klamath Falls home extension unit when they met on December 17 and took up the subject of "Party Planning."

The morning from 10:15 until noon was spent in playing games that would be suitable for adult, children or mixed groups.

Mrs. Lawrence P. French led the games and was assisted by Mrs. G. E. Matthews. The games were started off with a grand march with Mrs. Ray Garrison at the piano, playing a Christmas tune.

A "snow-shoe" race, using cardboard cartons on the feet, identifying carols, Christmas wreath relay were among the games played.

Potluck lunch was served at noon by Mrs. Jack Paddock, Mrs. Jerry Musselman, Mrs. Paul Lee and Mrs. V. B. Anderson.

Footstools will be made at a special meeting, Helen Stine, home demonstration agent, advised the group by letter, and those who filled out blanks for footstool material will be notified of the day and place for making them.

Since so many women showed interest in textile painting as demonstrated by Mrs. Frank Lambo at noon, it may be that it will be taken up at the February meeting.

The next meeting of the unit will be held January 21 at the Lutheran church, 10 a. m., on use and care of materials. New homemakers are always welcome to attend these meetings.

On Radio
Three members of the Klamath Falls home extension unit, Mrs. Hugh Haddock, Mrs. David L. Snyder and Mrs. Lawrence A. French

were guests of Helen Stine, home demonstration agent, over KFLW radio station Thursday.

Mrs. Snyder discussed various ways of making centerpieces for table decorations and Mrs. French also talked on table favors and decorations. Mrs. Haddock described Christmas door decorations and doling up sugar cookies in colors for the holidays.

Henley
Christmas games, table decorations and party favors were much in evidence when the Henley extension met Thursday at 10:30 a. m. in the Charles DeLap Jr. home.

The hostess and Mrs. Stanley Kendall led the group in various Christmas games, these to help members in planning their own holiday parties.

Two beautiful table decorations were displayed, one a tree made of decorated star cookies placed on a mirror, surrounded by greenery. Under this was a large red star. The other was a manger scene in a rose bowl placed on a mirror and bounded by lighted bulbs and greenery.

Several uses for popcorn were shown, such as trees, lollipops and balls with candy centers in the center.

Everyone enjoyed the luncheon at noon, each one provided a dish. A bell salad of cheese, pear and cherry was made by the leaders.

Mrs. White, hobby helper, then made several decorations using red candles and greenery. One was covering a bread pan and then setting greenery and candles in it. Mrs. Webb Owen also showed some unique ideas.

Truman Price Bill Due On Stage

WASHINGTON, Dec. 23 (AP)—President Truman will issue a statement concerning the republican-backed anti-inflation bill, regardless of whether he signs or vetoes the measure.

Press Secretary Charles G. Ross informed reporters of the plan today but declined to predict how soon Mr. Truman will act or what his action might be.

Other White House officials said privately, however, they expect Mr. Truman to sign the bill and denounce what they termed its inadequacy. It contains only a few of the powers Mr. Truman asked

the special session of congress to give him to deal with rising prices. The president has 10 days from last Friday, not including Sundays or the Christmas holiday, in which to act on the legislation.
