Four Arabs Shot To Death

JERUSALEM, Jan. 3 (AP)—Members of Hagana, the Jewish militia, announced today that four Arabs were shot to death in a midnight reprisal raid on an Arab stronghold in the bloody no-man's land between Jewish Tel Aviv and Arab Jaffa.

Hagana said British police searched a Jewish house in the area and after police withdrew Arabs fired on the house from a stronghold across the street, wounding three Jews. The Hagana raid on the Arab stronghold followed.

The deaths boosted to 523 the number of persons slain in Palestine since the United Nations voted to partition the Holy Land on November 29.

Earlier, a Hagana source asserted that the Jewish defense force is convinced it can take, hold and defend a Jewish state in partitioned Palestine, but that it will take two or three years and will cost many more lives.

SP Freight Record Up During 1947

In spite of a nation-wide equipment shortage, Southern Pacific rolled up a record of great achievement in 1947, according to President A. T. Mercier.

Reviewing the railroad's activities in a year-end statement, he revealed that Southern Pacific carried its largest peacetime freight load in the past 12 months, setting an all-time record for efficiency as measured by gross ton-miles per train-hour—a factor involving both the train load and the speed with which it is carried. This feat was performed, he said, through teamwork of railroad men and shippers.

Earnings Down

However, net earnings in 1947 were a third less than the 6 per cent considered a fair minimum for industry in general, Mr. Mercier disclosed. This was due, he said, to the fact that although wages and prices of all materials have greatly increased, passenger fares and freight charges remain less on the average than they were 25 years ago.

Southern Pacific has ordered or authorized more than \$152,000,000 worth of new freight and passenger equipment since the end of the war, the rail president announced. These orders include 29,500 freight train cars; an additional 5000 refrigerator cars for Pacific Fruit Express company, of which Southern Pacific is half owner; 107 streamlined passenger cars, 48 diesel-electric locomotives for main line use and 43 additional diesel-electric switch engines.

Yule Party At Infirmary

The generosity of clubs and individuals in the county infirmary was made for a jolly Christmas as the county infirmary had 46 elderly people reside.

Superintendent Roe D. Anley and his wife acknowledged gifts on behalf of the residents, from the Shasta school fifth grade singing Christmas carols; Girl Scouts caroling and bringing gifts. Women of "PW" with gifts for each patient.

A gift for each resident was provided by the Presbyterian church, candy for everyone from the Salvation Army, a Christmas party was given at the infirmary Sunday evening, December 21, by the welfare office, Quota club and Elks lodge, and Jolly Neighbors brought gifts to each woman patient.

Business men presented gifts of money to each of the 46 people and the Catholic Daughters gave ice cream for the Christmas dinner. Apples, oranges and tobacco were brought out as a gift from the Summers Lane market.

Carolers were very generous in their singing and there was chicken for Christmas dinner and duck dinner for New Year's Day.

New Pine Creek

The abnormally warm weather that was ours for the past few days, comparatively speaking, has vanished like a snowball in a hot skillet, as the cold north wind began to take over on Monday, which could well be a harbinger for more winter than we have thus far seen. After reading about the New York record storm, however, no one wants to cross any frosty bridges before they arrive.

Several hunters are back on the job to get in some more of their favorite sport on the last leg of this year's broken season. A few hunters are still to be had if you are in the right place, some squealers and quite a number of ducks. The new hunting licenses for Oregon are now available at the Paris Cash store and the new angling licenses for California have arrived. The California hunting licenses do not expire until June 31, while the Oregon hunters will have to get new licenses January 1.

Mrs. Gladys Cooper and her two sons, Dickie and Junior, returned Monday evening after spending Christmas with her parents, Mr. and Mrs. Oatman Vincent, at Loftus, Calif.

The Robnett twins were taken to the hospital in Lakeview last Saturday for treatment. Pneumonia threatens the little fellows but they seem to be getting along all right now, according to the last report.

Mrs. Velma Newcombe was taken back to the hospital last Sunday with neuritic pains in her chest. Pneumonia was feared by her parents at first but word was not received telling of the true nature or the developments of her case on Monday. She had been in the hospital last week with the flu, having been released on Saturday.

Mr. and Mrs. Donald Evans of Willow Ranch are now living in the Mabel Vincent Hampton property just north of town.

Mr. and Mrs. Joe Ayoutt returned Friday evening after spending Christmas in Portland with relatives.

Dorothy Johnston is visiting in Medford for a time, hoping she may find the kind of work she likes there.

Mr. and Mrs. Lee Bernard and their two boys have returned to New Pine Creek to live after being gone about a year down into Southern California. Lee will work at his old job for the Modoc county roads under Supervisor George Perkins. Old friends welcome the Bernards back into their midst again.

The Needle club held its Christmas party last Saturday. The ladies enjoyed an exchange of gifts and a nice dinner.
