Chinese Aid Action Nears

WASHINGTON, Jan. 8 (AP)—The new proposal of American aid for China forecast by President Truman will be submitted to congress after special envoys of Chiang Kai-shek have been consulted, administration officials said today.

Calling for \$300,000,000 or possibly more, it is expected to be put into final shape within the next two weeks.

The special envoys are Yu Tawai, Chiang's minister of communications, and Pei Tsu-ye, former director of the Central bank of China. They were scheduled to leave for Washington today.

Officials said they will advise on final details of the China recommendation in much the same manner that representatives of the 16-nation Paris conference were consulted in preparing the \$17,000,000,000 Marshall plan.
