Forecast Of The Future Shows A Gloomy Outlook

By HAL BOYLE
NEW YORK, Jan. 9 (AP)—Tomorrow is just today with circles under its eyes.
Yet many people go on believing that the future is sure to be better than the past—like a small boy who thinks the ice cream cone he hasn't the money to buy would taste a lot better than the one he just ate.
Why? Is there anything a sensible man can admit about the future except that it probably lies ahead?
But by ouija board and crystal ball, by tea leaves and horoscopes, the effort still goes on to plot the happy life in the world to be. Some-one even has figured out a way in night clubs here to forecast coming events by the shapes ice cubes as-

Klamath Agency

Mr. and Mrs. Ogden Brooks were among those holding open house during the holidays. Many of their friends dropped in to say "Merry Christmas."
Beatrice LaPointe, who attended an academy in Grass Valley, Calif., last fall has transferred to Sacred Heart academy in Klamath Falls where she will complete her freshman year. She is the daughter of Mr. and Mrs. Floyd LaPointe.
Holiday guests of Mr. and Mrs. John Arkell were Mr. and Mrs. Dan Arkell and daughter Karen, of Corvallis, and Mr. and Mrs. Marshall Kellum and daughters, Jeanette and Marlene, of Gilchrist.

Word has been received that George Courtwright was able to leave the hospital in New York city long enough to attend Christmas dinner at the apartment of Mrs. W. E. Lamm and her daughter, Winifred, of Modoc Point, who are spending the winter in New York.
Mr. and Mrs. Robert Allen, formerly of Chiloquin, were guests on Wednesday of Mr. and Mrs. J. B. Floyd on their way back to Silverton from visiting their daughter, Miriam, in California. Mrs. Deau Allen and her young son Ricky continued on from Klamath Agency with the Allens.
Harry Kallendar held open house on New Year's Eve.
Mrs. Evans Nelson has taken the job of switchboard operator, filling the vacancy left when Lila Porter resigned in order to attend an art school.
Announcements were received Tuesday of the birth of a baby son, Warner Charles, to Mr. and Mrs. M. B. Davis of Seattle on January 2. The boy weighed 8 pounds, 4 ounces. Mrs. Davis is the former Marjorie Taylor, daughter of Mr. and Mrs. Reece Taylor.
Mr. and Mrs. Reece Taylor, who went to Seattle for the holidays and who remained to greet their young grandson, are expected back home next week.
Mr. and Mrs. Orville Elliott were hosts at a New Year's Day dinner. Guests were Mr. and Mrs. Charles Hovey of Portland, Mr. and Mrs. Harry Elliott of Chiloquin and Mr. and Mrs. William Livesey.
Mr. and Mrs. Charles Hovey of Portland were holiday guests of Mrs. Hovey's parents, Mr. and Mrs. Orville Elliott.

Meek Chosen As DAV Head Here

Herchel D. Meek was elected as commander of the Klamath Falls chapter 12, Disabled American Veterans, at a meeting held Wednesday.
Meek succeeds Ted Larson in this office. Larson resigned late in December when he entered the American Academy of Art in Chicago.
One of the first actions of Meek was to call a special meeting of the executive committee for Monday when he will announce appointments of committees and the judge advocate for his term.

Communists Renew Mukden Attacks

PEIPING, Jan. 9 (AP)—Renewed communist attacks in the direction of Mukden were reported by government dispatches Thursday, only a day after a government military spokesman asserted the big Manchurian city was safe from further assault for at least one or two months.
Red forces which withdrew across the Liao river several days ago were reported to have recrossed to the stream's southern bank and were engaging government troops only 20 miles from Mukden.

Services Oppose Milk Repayments

WASHINGTON, Jan. 9 (AP)—Army and navy purchasing officers today opposed any federal repayment to dairy farmers who suffered losses on government dairy contracts after the death of OPA sent milk and butter prices soaring.
Representatives of both service branches put in their protest before a house judiciary subcommittee, headed by Rep. Gwynne (R-Iowa) the committee is considering a bill to reimburse the dairies for any PST-OPA losses on contracts with the army, navy, marine corps and veterans administration.

Before coming to Berkeley two years ago, Dr. Pinner was chief of the division of pulmonary diseases at Mountsore hospital in New York City. His health caused him to give up his post and come West.

Four-H News

The Jolly Sewing club met at the home of their leader, Mrs. Simmonds, December 23, for a Christmas party. The girls enjoyed a grab bag and contest games. Delores Wolfgram and Alice Waldo were the winners in games. Refreshments were served by the hostess.
First meeting of the club in 1948 was held at Mrs. Simmonds' home and eight members were present. The girls have finished making dresser scarfs and are now making potholders.—Kay Peterson, reporter.

Announcement was made this week of the sale of the Walter Clink homestead on the east-west road just east of town to Charles K. Wiese, realtor. No consideration on the transaction was made public.
A New Year's Day dinner brought a number of the G. W. Osborne family together at the parental home with places marked for Mr. and Mrs. E. G. Allison and young daughter Sharon of Tulelake, Mr. and Mrs. Joe Allison, Scott, Ariz., Edward LeSourd and Alvin Sherman, Couville, Wash., nephews of Mrs. Osborne, and Mrs. Viola Nelson, here for the hunting, and young Billy Osborne.
A public dance is being sponsored by the Tulelake post, American Legion, Saturday night, January 10. Baldy Evans' band will play and there will be special attractions during the evening. The funds go into the kitty for the building expansion program.
Alex J. Wray, manager of the Tulelake Machinery company, returned Tuesday from a buying trip to Los Angeles. Wray states that the J. I. Case company for which the machinery company is agent, is experimenting with new inventions that will probably be marketable within a few months.

Navy Short Of Enlisted Men

WASHINGTON, Jan. 9 (AP)—The navy is so short of enlisted men that it could not put both its giant aircraft carriers to sea without borrowing from other ships, says Rear Admiral Thomas L. Sprague.
One of the 45,000-ton flattops, the Midway, is now in the Mediterranean. The other, the Franklin D. Roosevelt, is at Norfolk, Va., for a minor overhaul.
Sprague told a reporter yesterday that the navy is undergoing a tremendous turnover in enlisted personnel, with its strength down to 362,000 from last July's peak of 434,000—and the low point still ahead.
Oh, the future will have its advantages, and our antiseptic progeny will probably enjoy it. But we'll stick with the dirty old germy world of today. The hardest thing about any life is getting used to it—and we're used to this one.
