

Air Search Unit Gets Offers Of Equipment

Plans for continuing the air search for the missing Stinson plane from Ellensburg, Wash., were made at the meeting Wednesday of the Klamath Air Search and Rescue Unit.

A detailed discussion of radio communication equipment took up a good portion of the evening, bringing out an offer by the Klamath Basin Amateur Radio association for the use of mobile ground equipment in the event of a plane search. Klamath Forest Protective association equipment has also been offered to the unit and Civil Air Patrol authorities said that all types of equipment would be available to the unit if it would join CAP.

It was unanimously agreed by the group not to consider any affiliation with CAP.

A report from the procurement committee revealed many donations to the unit and Chief Stinson, president, acknowledged them in behalf of the group. Shell and Standard Oil companies have both put

Arrangements will be made, Stinson said, to reimburse ground crews for gasoline used on search missions.

Whitecomb announced that he has pilot registration blanks available for those who wish them. He distributed fill-out forms for visiting pilots to the three flying services at the Klamath airport to be used on a guest book plan.

Plans for the annual meeting to be held March 3 were turned over to Lloyd Derby, chairman of the entertainment committee.

Portland To Vote On School Taxes

PORTLAND, Jan. 9 (AP)—A \$20,000,000 special school tax—to be spread over a ten-year period—will go up for the decision of Portland voters some time this year.

The tax, to be levied at the rate of \$2,000,000 annually, was recommended by the city school board last night. The fund would be used for construction and new equipment.

The district attorney was instructed to take the necessary legal steps.
