

City Briefs

WEATHER

KLAMATH FALLS AND VICINITY—Fair tonight and Tuesday; high today 42; low tonight 23; high Tuesday 45.

NORTHERN CALIFORNIA—Clear today; tonight and Tuesday, little change in temperature; gentle northwesterly winds off coast.

OREGON—Fair today; tonight and Tuesday, except increasing high clouds near Tuesday Valley; high night and morning in west; little change in temperature; gentle variable winds off coast.

Improving—The many friends of Perry Wilson of the Marion apartments are interested to learn he is showing definite improvement at Veterans hospital in Portland following a four-year illness. Wilson has been a patient at the hospital since last November 1. He is now able to be up in a wheel chair and able to do some walking. Mrs. Wilson spent the holidays with her husband in Portland. Mr. and Mrs. Bill Wilson have left for Corvallis where Bill has returned to school, entering business administration at Oregon State college.

Returns—Mrs. John Fowler, 915 Pacific Terrace, returned to her home here Sunday morning by train and was moved by ambulance to her home from the Southern Pacific depot. Mrs. Fowler, accompanied home by her husband and daughter Janet, suffered a hip fracture in an accident in LaMesa, Tex., early in December while the family was on a vacation trip.

Herd Conference—Walter Jendziewski and Jim Elings, assistant county agents, will attend the conference in Bend Tuesday for county agents in this area. The conference is one day only and they will be back in their offices in the post office building Wednesday as usual.

Leaves Hospital—Max Crismon, foreman with Big Lakes Box company, was dismissed from Hillside hospital Monday after treatment over the week-end for a sudden illness. He is now resting at his Garden avenue residence.

Returned—John Sarginson, district ranger for Rogue River national forest was back in the U. S. forestry office, post office building today, after an extended vacation spent with his family, visiting relatives in Seattle.

Improving—Joe Reading, druggist with Wood's drug store, is reported as somewhat improved at Hillside hospital where he was admitted last Monday suffering from a heart ailment.

Stars—The first meeting of the new year for Aloha chapter 61, Order of Eastern Star, will be held Tuesday evening at 8 p. m. in the Masonic temple. A cordial invitation to attend is extended to all members and visitors by the worthy matron, Alma H. Geitz, and the worthy patron, James H. Hunter.

Dinner Postponed—The University of Oregon dinner, slated here January 14, has been postponed and is now tentatively set for February 17. Conflicting dates was given as the reason for postponing the dinner.

Natural History—A class in Natural History of Oregon, open to all persons interested in the subject, will be conducted Tuesday night at 7 p. m. in room 311, Klamath Union high school.

Nurses Association Opens Registry

In order to relieve hospitals of the extra work involved in contacting nurses for private duty, members of Oregon State Nurses association of district No. 8, have opened an official registry. Mrs. Francis Skinner was elected registrar and private duty nurses' offices and register will be established as of January 15, at the Skinner home, 1436 Crescent, telephone 7343. All private duty nurse calls must come through the official registry, Mrs. Skinner said today.

Klamath Men On Budget Commission

The names of two Klamath men appeared on the statewide budget and finance committee for the Oregon republican party, it was announced from Portland today by Ted R. Gamble, state chairman. Included are Andrew M. Collier of Klamath Falls, with K. M. Moty, chairman of the Klamath county committee.

Fuel Oil Conservation Bulletin

In the interest of the Fuel Oil Conservation program, the government is requesting that this time, we pass on to you the following FACTS:

1. Keep temperature at 70° F. If you burn 2,000 gallons a year, you'll use nearly 300 additional gallons of fuel if the thermostat is set for 75° instead of 70°. The lower temperature is more healthful, too.
2. Maintain lower temperature at night. Fuel oil savings by lowering the thermostat 5° at night can run as high as 9 1/2% in a single season.
3. Insulation and weatherstripping will usually pay for themselves in a hurry. It costs money to heat all outdoors and you'll get no thanks for that.
4. Have your heating system cleaned and checked professionally every year. Just 1/16-inch of soot can run your fuel consumption up as much as 25%.
5. Pull down window shades at night. A well fitting shade keeps in far more heat than you'd expect.
6. Close off sleeping rooms from rest of house at night.
7. When fireplace is not in use, be sure the damper is tightly closed.
8. Be sure your fuel oil is top grade . . . and delivered clean.

HEAT CONSERVATION MAKES GOOD "CENTS"

Our meter-printed ticket assures you of correct quantity. Over 28 years in business locally assures you we sell only quality fuels. Let our "Keep-Filled-Check-System" give you maximum convenience in your use of oil heating.

"Bulletin received from Oil Heat Institute of America, of which we are a member."
