

### Dairy Meet Wednesday

Dairymen are requested to attend the annual meeting of the Klamath Dairymen's association, scheduled for 10 a. m. next Wednesday in room 204 of the post office at Klamath Falls.

Election of officers and directors for 1948 will be held.

The Dairymen's association was organized some years ago to foster the dairy industry in the Klamath basin, in every way, including production, advertising and marketing of dairy products, and to promote a closer organization of dairymen for their mutual good. For this reason, this meeting is being combined with a meeting of the dairy sub-committee of the agricultural planning conference. Means and methods for rebuilding the Klamath dairy industry will be the main topic of discussion.

Dairy cow numbers before the war were in the neighborhood of 8000 cows. During the war, due to adverse price conditions under price control for dairy products, the dairy population of the county was dropped to below 3000 cows. The present dairy population is estimated at somewhere between 4000 and 4500 cows. Since approximately one-half of the dairy products consumed in Klamath county at the present time are brought in from neighboring counties and California, it seems logical that the field is open to rebuild the local dairy industry to its former pre-war level.

Prospects are for a good meeting. Dairymen are asked to come on time.

### Kirwan Takes Post For Democrats

WASHINGTON, Jan. 15 (AP)—Rep. Michael J. Kirwan of Ohio, a former coal mine mule driver whose formal education stopped at the third grade, took over today as chairman of the democratic congressional committee in the house.

The Youngstown democrat, now in his sixth term, was unanimously elected to the post last night by the committee, which consists of one democrat from each of the 32 states having one in the house. He succeeds the late Rep. Drewry of Virginia.

### Lombard Joins Guernsey Club

PETERBOROUGH, N. H. — The American Guernsey Cattle club announces the election of L. L. Lombard, Green Acres Guernsey farm, to membership. Lombard has a herd of registered Guernseys on his farm.

The American Guernsey Cattle club is a national organization of more than 30,000 breeders of pure-bred Guernseys. It records the registration of purebred Guernseys which trace to the Island of Guernsey, the original home of the breed, in the English channel. It also supervises tests of production and through Golden Guernsey, Inc. supervises the marketing of Golden Guernsey milk.

The majority of men joining the United States navy enlist because of trade-training or travel and adventure.

Children of pre-school age rarely fear snakes.
