Rent Curb Talks Set On Saturday

WASHINGTON, Jan. 16 (AP)—Senate committee hearings on legislation to extend rent controls, now due to expire February 29, will begin Saturday.

Senator Cain (R-Wash.), chairman of a banking subcommittee on rents, Thursday announced plans for the hearings. He said Rent Administrator Tighe Woods will be among the first day's witnesses.

Extension of these controls is called for in one section of President Truman's 10-point cost-of-living program. It is one of the points he appears to have the best chance of getting from congress although there is opposition.

It has not drawn the fire, however, that has been leveled at the president's request for price-wage controls. Sharp opposition to that cropped out in democratic ranks today with Senator Maybank (D-S.C.) asserting that "all this talk about rationing and price control is only serving to frighten people and will do more harm than good."

Cain told a news conference that other witnesses scheduled to appear Saturday include Secretary of Commerce Harrison and Senator Myers (D-Pa.), sponsor of a rent control bill.

Cain said that in accepting chairmanship of the rent subcommittee he had written Senator Toby (NH), chairman of the full banking committee, as follows:

"As you probably know I have been a vigorous critic of both the theory and practice of rent control. I think that it is most unlikely that I shall change this position, but my personal attitude is quite beside the point. The congress and the administration have said they want to continue rent control for some months."

"I shall, therefore, be disinterested and objective in my approach to the subject in the hope your subcommittee can provide a recommended law which is both reasonable and constructive."

Airport Rates Lowered

Lowered airport rates, retroactive to January 1, 1948, were announced Thursday by Mayor Ostendorf. Principal changes in rates from the old schedule include abolishing the 2 1/4 per cent city tax on the sale of new and used aircraft and lowered rates for operators of flying schools.

The percentage of all gross income on the airport was lowered from last year's 3 per cent to 2 per cent. Cut below half is the tax imposed on GI training schools (schools teaching flight under the GI bill of rights) which was formerly \$750. It is now \$300.

Another major change is on flight service operators' licenses. Formerly the city-imposed license fee averaged \$300 per month and is now about \$200. Operators who rent planes and instruct private flying, as well as teaching under the GI bill, must pay license fees for both, \$200 for the GI training, and \$200 for an operator's license.

The rate for United Air Lines for operation of flights on the local field is \$50 per month for the first two scheduled landings, \$45 per month for the second two scheduled landings, and \$35 per month on any additional landings.

Camp 6—W

The Card club met at the home of Mrs. Margaret Brown on December 11. Cake and coffee were served and gifts handed from the Christmas tree. Those who played pinocle were Mrs. Gertrude Good, Mrs. Mabel Winfield, Mrs. Marie Schlotfeldt, Mrs. Dorothy Bridge, Mrs. Madge West, Mrs. Vivian Huck, Mrs. Eleanor Thomson, Mrs. Anne James, Mrs. Helen Wright, Mrs. Lee Winingham, Mrs. Blanche Graves and Margaret Brown. Mabel Winfield received high score and Anne James took low with Gertrude Good receiving pinocle.

The Camp 6 store changed hands the last of December. It was bought from Mr. and Mrs. R. K. Clapp by Mr. and Mrs. H. S. Bridge who took over December 29. Mr. and Mrs. Clapp have moved to Bly.

Mr. and Mrs. Bob Brown have moved into the house left vacant when the Bridges moved to the living quarters behind the store.

Mr. and Mrs. Arlie Gollier have moved to camp from Bly. They have the cabin occupied by Gus Hall last summer.

Mr. and Mrs. Eldon Chandler and children are now living in the cabin that the Browns left vacant.

Mr. and Mrs. Fred Peters are to be congratulated on the birth of a fine baby boy at Klamath Valley Hospital December 18. The young man has been named Steven Lloyd.

Mr. and Mrs. Folk Haddock and family are new residents in camp. They moved here from Chiloquin just before Christmas. They are living in the house formerly occupied by J. W. O'Bannon.

Chest Heads Order Full Distribution

Full distribution of budgetary allowances to participating agencies was ordered by the Community Chest directors last night after the board received a final report showing the Chest 1947 campaign far over its goal of \$66,000.

The 1947 campaign brought in \$69,142.65, or an excess of more than \$3,000, which was ordered into a reserve fund.

Boy Scouts, Girl Scouts, Camp Fire Girls, Salvation Army and YMCA participated in the Chest. A detailed financial report will appear in tomorrow's paper.

Polio Claims Tule Youth

(Continued From Page 1)

Line road for the past 15 years. He was living with a brother-in-law and sister, Mr. and Mrs. Robert Pitts, at the time he was stricken. Raymond was reared by his grandmother, Mrs. James A. Brown of Tulelake. His mother died a number of years ago in Nevada.

Raymond served with the United States Army paratroopers and was discharged November 6, 1947. He was working in the Tulelake area and had made plans to enter college this fall. Three days ago he complained of feeling ill, but the paralysis was not observed until sometime yesterday.

In addition to his grandmother and sister, Mrs. Pitts, Raymond is survived by three other sisters, Helen and Beverly Rice of Fallon, Nev., and Peggy Crocolo of Austin, Nev.

Final rites will be held at 1:30 p. m. Monday at the Community Presbyterian church in Tulelake with the Rev. Hugh Bronson officiating. Interment will take place in the family plot of IOOF cemetery, Merrill.

Suffocation Said Double Death Cause

ANCHORAGE, Alaska, Jan. 16 (AP)—Laboratory analysis of the organs of two Alaska men, whose New Year's Day deaths remain a mystery, indicated a possibility that they may have suffocated, Clinton Stein, FBI agent in charge here, said today.

Stein said the analysis, made by the FBI laboratories in Washington, D. C., revealed the presence of considerable carbon monoxide in the blood. Alcohol in sufficient quantities to cause coma also was found, he said.

The two men, Harold W. Griffen, 45, and Martin Ernestus, 42, were found in the Ernestus home at Dillingham along with Mrs. Griffen, who had a dislocated wrist and cheek abrasions. The discovery was made by a woman acquaintance of Ernestus.

Minor Accident Injures One

An intersection collision on the Merrill highway early Thursday afternoon wrecked both cars involved and caused minor injury to one occupant.

State police investigated and said a coupe headed toward Merrill and operated by Leroy Manley of Philomath, Ore., was struck by a sedan operated by W. H. Rice, 204 Rogers, when Rice entered the highway from a side road.

Mrs. Manley suffered a wrist bruise.

Trees in many of Germany's forest areas now have little lumber value, due to large quantities of shell fragments embedded in them.

Soil Saving Meet Held

Purposes of a soil conservation district and reasons for organizing one in the Midland area were outlined at a meeting Thursday at Midland grange hall by Howard Cushman, secretary of the state soil conservation commission.

Types of benefits were detailed by Cushman who advised that in the petition for a district, a large enough area be included so that the boundaries could be reduced if necessary and still include all the land intended, as they could not be extended after the petition was made.

Engineering needs were explained with drainage topping the list.

The petition will be presented through Cushman to the state committee at the first regular meeting, and after it has been considered a hearing will be called if it has been favored.

Robert Warren of Forest Grove, chairman of the state commission will hold the hearing here.

Julian Abbott, chairman for the group presided at the meeting which was attended by 40 lawmakers in the area.
