Profit Taking Slows Grains

CHICAGO, Jan. 17 (AP)—Profit-taking knocked all grains lower on the board of trade today with fairly heavy selling coming from commission houses. Traders said the slump was a natural development after the persistent rise of the past two weeks carrying corn and oats to record highs.

Wheat closed 2 to 4 cents lower, May $3.02⅝-½; corn was 1½-2⅝ lower, May $2.67⅝-¾, oats were ⅝-1¼ lower, May $1.27⅛-⅜, and soybeans were 7 to 8 cents lower, March $4.33.

Wheat—	Open	High	Low	Close
March				3.12⅞
May	3.05¼-⅛	2.05⅛	3.02⅛	3.02⅝-½
July	2.73	2.73	2.69¼	2.69½-¾
Sept.	2.66¼	2.66¼	2.62⅝	2.63⅛-2.62⅝
Dec.	2.62	2.62½	2.59¾	2.60-2.59¾

Stocks Slow On Market

NEW YORK, Jan. 17 (AP)—Slight recovery symptoms persisted for selected stocks in today's market although many leaders remained moderately depressed.

Dealings were negligible from the start. Steam evaporated from the carriers as a rail strike threatened. Another round of wage demands in the automobile field restrained issues in this group. Fractional variations either way ruled near the close. Transfers for the two hours were in the vicinity of 350,000 shares.

Hopes for a technical rebound after the recent downdrift inspired some professional short covering and other buying, but this was notably timid. Brokerage customers again held aloof because of skepticism regarding business, taxes and foreign affairs. Thoughts of possible congressional moves for certain price controls and rationing provided a chilling influence on speculative and investment sentiment.

As a service to veterans in the community, this newspaper will publish an occasional column of news briefs from the veterans administration. For further information, veterans should contact or write their nearest VA contact office at Klamath Falls.

VA EXTENDS INSURANCE REINSTATEMENT DEADLINE

World War II veterans now have the privilege of reinstating lapsed National Service Life insurance without a physical examination until July 31, 1948, the veterans administration has announced.

All term policies may be reinstated upon payment of two months' premiums with a signed statement to the effect that the veteran is in as good health as at the time of lapse.

During the month of December 4329 Pacific Northwest veterans reinstated insurance with a face value of $31,581,500. In the past 11 months 53,019 policies have been reinstated for a total of $362,186,000.

MANY VETERANS IN MENTAL HOSPITALS

Nearly 40 per cent of the Pacific Northwest veterans remaining in veterans administration hospitals at the end of November were being treated for mental disorders, the VA has revealed.

The veterans administration operates two neuropsychiatric hospitals in this area, located at American Lake, Wash., and Roseburg, Ore. There are 1418 veterans being cared for at these two institutions.

Seventeen hundred additional veterans, at the end of November, were patients in five other special and general VA hospitals in the Northwest, while 681 were being cared for in other government or private hospitals under contract to the VA.

Nearly all veterans are eligible to receive care and treatment in VA hospitals, but because of the present shortage of beds, those whose disabilities were caused or aggravated by service with the armed forces are given preference.

A veteran whose disability is not service-connected is given care and treatment in a VA hospital when a bed is available and when he cannot afford treatment at his own expense in a private hospital.

QUESTION OF THE WEEK

Q. Will the VA pay tuition for a veteran to attend school while he is taking on-the-job training under the GI bill?

A. Yes, veterans administration will pay for such schooling if his course of study is related to the vocation for which he is in training, or if the school course is prescribed and recommended as a part of his job-training.

The people of the United States, with nearly three-fifths of the world's telephones, made more than 42 billion telephone calls in 1946.
