KUHS Spring Concert Set

The annual spring concert of the Klamath Union high school music department will be presented twice this year, the first time on Friday evening, March 5, and again on Thursday evening, March 11, it was announced today by Andrew Loney Jr., director of music education in the city schools.

The concert band and girls' glee club will be featured in the first concert, and the acappella choir and orchestra in the second. In addition to the presentation of these four large groups, instrumental and vocal ensembles and solos of high order will appear on both occasions, Loney said today.

An unusual feature of the band and glee club concert March 5, will be the appearance as guest soloist of Madelon Adler, pianist, playing the Grieg Concerto with band accompaniment. Miss Adler, daughter of Dr. and Mrs. George H. Adler, of this city, has studied piano at the University of Oregon for several years and her appearance with the band is hailed as one of the musical treats of the season. Tickets will be sold starting February 13, by music department students.

Dog Rips Up Rescuer

An attempted rescue of a drowning dog late Sunday proved costly to Merle Anderson, 34-year-old Keno farmer.

Anderson is in Hillside hospital, his nose virtually torn from his face.

The farmer said he made an attempt to save the frightened animal which had been floundering around in ice and water for almost an hour late yesterday afternoon. The dog was frantic by the time Anderson reached him, and the dog struck out at his benefactor, ripping away the greater part of Anderson's nose.

The farmer was admitted to Hillside hospital at 6 p. m. Sunday. His condition was reported satisfactory today following surgery.

Eleanor Joins Truman Wagon

WASHINGTON, Jan. 20 (AP)—The democratic high command has asked Mrs. Franklin D. Roosevelt to campaign for President Truman's election next November and has received assurances of her willingness to cooperate.

Confirming this, Chairman J. Howard McGrath told a reporter he also expects James A. Farley, who broke with the late President Roosevelt in 1940 over the third term issue, to become active again during the campaign.

Farley already has made one speech, in which he prophesied that Henry Wallace's independent presidential venture may end "as a one-man party."

Brewers Asked To Cut Grain Use

WASHINGTON, Jan. 20 (AP)—Secretary of Agriculture Anderson today asked brewers to agree voluntarily to reduce overall use of grains 20 per cent during the remainder of the current grain shortage.

Anderson told a meeting of brewing industry representatives that if they are unable to agree on a grain conservation program he will ask congress for legislation giving him authority to require a reduction.

The meeting was called under provisions of the new anti-inflation act which authorizes voluntary industry agreements to conserve scarce items.

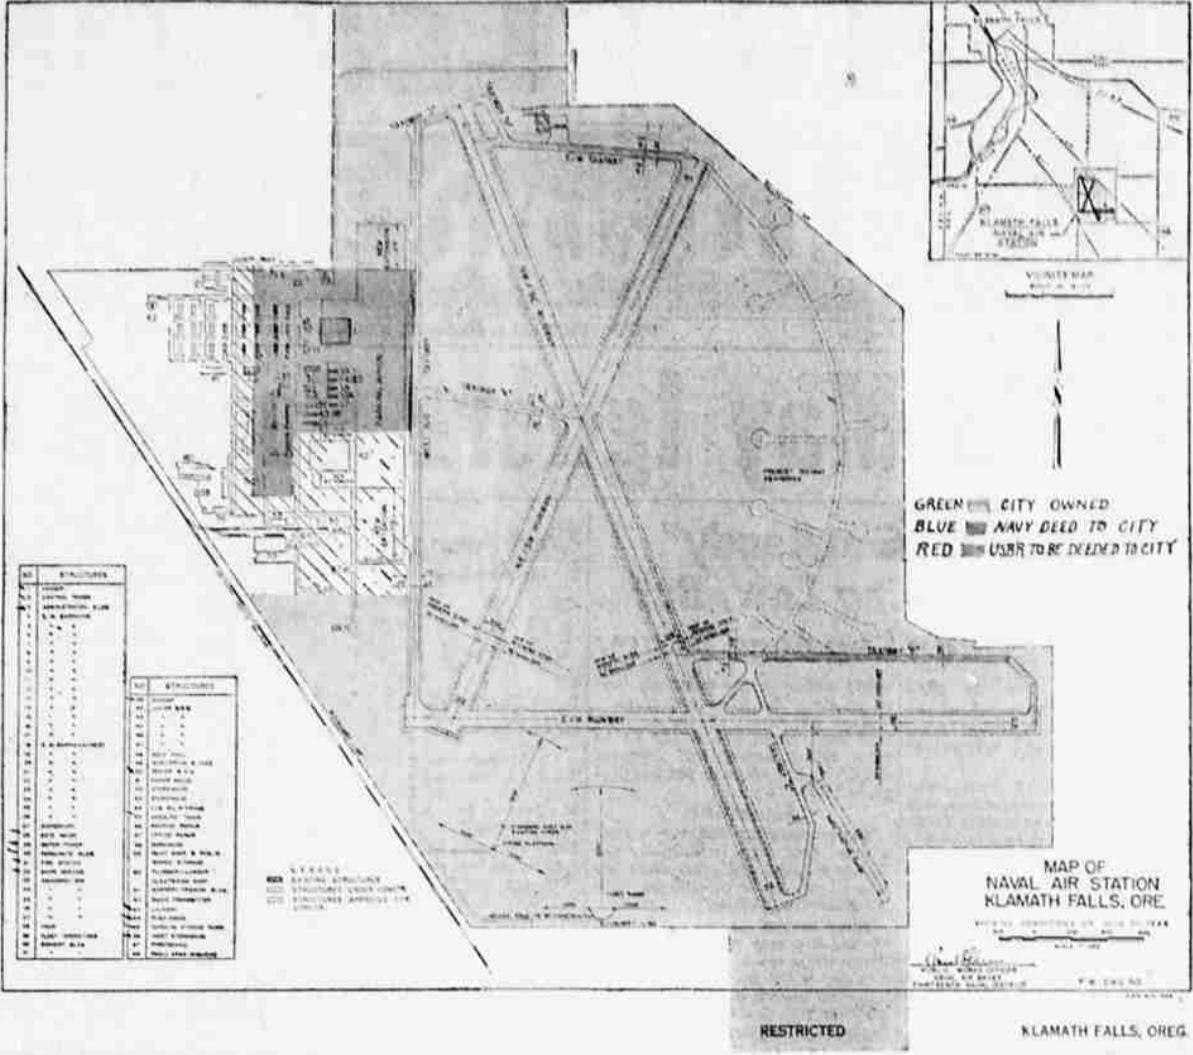

A committee of brewers created to draft a proposed agreement was asked to report later today.

Map Shows Bounds Of City Airport

Here is a map of the municipal airport, officially turned over to the city of Klamath Falls by the war assets administration last week. The field, formerly the naval air station, had been under negotiation for many months. The lighter gray section covering the runways and taxiways of the big field is part of the 850 acres deeded to the city by the WAA. The darker gray section on this map shows the remaining area of buildings and facilities including a hangar, fire station and other installations given to the city. The white, diagonally lined section is 25 acres which the city hopes to purchase from the bureau of reclamation. Negotiations are now being carried on for the purchase. The remaining white portion is USBR property.
