

# AAA Plan To Be Cut In County

By C. A. HENDERSON

Agricultural practices carried out in Klamath county this year (1948) under the AAA program will be greatly reduced from previous years. At a meeting of the county committee Friday, the program was streamlined to fit available funds for 1948.

The 1948 program carries an appropriation of \$85,000 in Klamath county for practice payments, as compared with \$205,000 available in 1946 and also in 1947. In reducing the program to this basis it was necessary for the committee to exclude certain practices now well established in the county and to include only those where additional stress and education is needed.

The following practices were included in the handbook to carry full payment as listed in the state handbook. Payments for these practices are to be made on a 100 per cent basis, before other practices are to be considered.

Winter legumes for green manure and cover crops.

Summer-grown green manure crops.

Small grain green manure crops.

Reg clover, alsike clover or sweet clover green manure.

Deep subsoiling alkaline irrigated cropland to a depth which will effectively shatter the hard-pan.

Installation of tile, fibre pipe and lumber box drains.

Seeding of permanent pastures and grazing land, and re-seeding.

Weed control.

Application of mulching materials.

Local conservation practice.

Practices left in the handbook to be paid for on a pro-rated basis of all remaining funds were:

Lining permanent ditches and irrigation reservoirs.

Installation of inverted siphons, flumes, drop boxes or chutes, weirs, pipes, and diversion gates.

Construction of dams for irrigation water.

Construction or enlargement of drainage ditches.

Wells for range livestock.

Development of springs and seeps.

Construction of dams and reservoirs.

Installation of pipelines for livestock water.

Construction of new large water storage at wells and springs for stock water.

Clearing land for pasture.

A new practice is being requested by the county committee for the mulching of alkali spots, providing an application of 3 tons per acre of straw and 200 pounds of sulphur. The straw application to be paid for up to 3 tons per acre and the rate of payment for leguminous straw, \$5 per ton, and for non-leguminous at \$3 per ton and sulfur at 1 cent per pound. Prior and final approval of county and community committees required.

It is expected that the county handbook will be completed and ready for distribution early in February.

# Negro Woman Arrested

NEW YORK, Jan. 20 (AP)—The arrest on a deportation warrant of Claudia Jones, negro woman writer and secretary to the national women's commission of the communist party in the United States, was announced today.

She is charged with being an alien in the United States in violation of law in that she advocates and teaches the overthrow of the government by force.

She was arrested last night at her Manhattan home by officers of the Immigration service and the FBI, and was removed to Ellis Island to be held in custody pending release on \$1000 bond.

W. F. Watkins, district director of immigration and naturalization, gave her name as Claudia Vera Scholnick. She was born in Trinidad, British West Indies, February 21, 1915, and arrived in New York February 9, 1924, aboard the steamer Voltaire.

## POEM FOR HENRY

America, the Beautiful  
In slumber now she sleeps  
Amidst a world of plenty while  
The world about her weeps.

America! America!  
God shed His grace on thee  
And wake thee from thy slumber  
From sea to shining sea.

Must now you fall into the fate  
Of twenty-nine again  
With breadlines long in every town  
On every fruited plain.

America! America!  
God shed His grace on thee  
And save thee from thy money lords  
From sea to shining sea.

Oh Beautiful! America!  
We shed tears then for thee  
For hoboes, bums and wretched slums  
Amidst thy ecstasy.

America! America!  
God shed His grace on thee  
And bless thy land with brotherhood  
From sea to shining sea.

America! Oh Beautiful!  
For you my teardrops rain  
Must now your soldiers cross the sea  
Again to die in vain?

America! America!  
God shed His grace on thee  
And save thee from thy war mongers  
From sea to shining sea.

America! The Land of Brave!  
Oh sweet Democracy  
Oh suffer not forever from  
Wall Street mythology.

America! America!  
God shed His grace on thee  
And save thee from the money trusts  
From sea to shining sea.

They're cussing Henry Wallace now  
Each day through the year  
And Beautiful America  
Is blinded now by fear.

America! America!  
God shed His grace on thee  
And save thee from thy fascist press  
From sea to shining sea.

America! Remember now!  
Franklin D. Roosevelt  
Amidst your blind name calling  
Must

This great man's wisdom melt?  
America! America!  
God shed His grace on thee  
And wake thee to thy senses now  
From sea to shining sea.

They called Franklin a communist  
At Wallace they now sling  
The "Communist" and "Communist"  
The fascist writers sing.

America! America!  
God shed His grace on thee  
And save thee from thy ignorance  
From sea to shining sea.

America your name callers  
From truthfulness now shirk  
They raise the cry of "Communist"  
To hide their dirty work.

America! Oh Beautiful!  
I have my fears to thee  
Becoming now, a "super race"  
Like Nazi Germany.

America! America!  
God shed His grace on thee  
And save thee from thy self-deceit  
From sea to shining sea.

Oh must the great land of the earth  
Down from her throne now fall  
Because of all the many names  
The fascist writers call?

America! America!  
God shed His grace on thee  
And save thee from thy bigotry  
From sea to shining sea.

Oh Beautiful, for spacious skies  
For true prosperity  
For mobs of jobs and happiness  
In your democracy.

America! America!  
God shed His grace on thee  
Put Wallace in the White House  
Now

In Washington, D. C.

Thank you,  
ROY M. DUNN.

## Flat Feet Are No Joke

By EDWIN P. JORDAN, M.D.  
Written for NEA Service

Flat feet are responsible for a certain amount of general fatigue, as well as pain in the feet and legs. In fact, flat feet are a common source of difficulty, and they should not be made fun of, since they are a real problem to many people.

There are several conditions which may cause flat feet. In some cases, the difficulty may be the result of a weakness in the arches or the ligaments, present at birth. Flat feet may also be caused by an injury or nerve paralysis. The most common cause, however, is a simple breakdown of the arches, due to excessive weight bearing, or to poorly-fitting shoes combined with insufficient exercise of the feet themselves.

When flat feet develop suddenly, there is usually a good deal of pain, often quite sharp. When, as is more commonly the case, the arches give way gradually, there may be little or no pain, but the feet are weak nevertheless.

Even when pain is not present, it is well to take care of flat feet, because of the effect it may produce on the general well-being and on the feet themselves.

### Supports Needed

Arches, which have been flat for a long time, cannot always be built up quickly. As a rule, it is best to do this gradually, under the supervision of someone who knows the anatomy and functions of the feet. Shoes must be carefully chosen. Supporting layers—usually of felt—must be added gradually inside the shoes, and bars sometimes must be placed on the outside of the shoes. Special exercises for the feet often help to build up the strength of the arches. In some cases, physicians recommend immersing the feet alternately in hot and cold water to relieve the discomfort and stimulate the circulation. In most cases which are properly treated, broken arches can be built back to normal with relief of the symptoms.

Question: What is chronic cystic mastitis?

Answer: Chronic cystic mastitis is an inflammation of the breast tissue in irregular patches with the formation of hollows or cysts. It is

# Bly Launches Dimes March

BLY, Jan. 20 — A dance and a basketball game head the list of activities planned by the community of Bly to highlight its contribution to the March of Dimes drive.

The dance will be held Saturday, January 31, the last day of the drive, in the Bly school gym.

Mrs. Gus Ross is chairman of the dance committee and has appointed Mrs. F. H. Armstrong in charge of publicity, Mrs. C. A. Smith, tickets, and Mrs. Jack Harrison, refreshments.

Among the civic groups working jointly to sponsor the dance are the Ivory Pine Women's club and the following Bly organizations—Grange, Music and Dramatics club, Ladies Aid, and Women's club. All are contributing in service and supplies for the event. A five piece band from Lorella will play.

Earl Graham, principal of the Bly school, is arranging a basketball game to further benefit the National Foundation for Infantile Paralysis. No date has been announced for the game.

# Gold Mine Heiress Asks Divorce

NEW YORK, Jan. 20 (AP)—Nancy Oakes De Marigny, 23-year-old heiress to the gold mine fortune of her slain father, Sir Harry Oakes, has brought suit to annul her marriage to Count Alfred De Marigny, it was disclosed yesterday.

The action, filed several weeks ago, became publicly known when State Supreme Court Justice Benedict D. Dineen signed an order permitting notice to be served on De Marigny by publication.

De Marigny, 41, was acquitted in 1943 of budgeoning Oakes to death at Nassau in the Bahamas. Mrs. De Marigny expressed belief in his innocence throughout the long trial.

POTENTATE  
PORTLAND, Jan. 20 (AP)—Frank L. McGuire, Portland realtor, was elected 44th potentate of the Al Kader temple of the Shrine here last night.

# Eagle Scout Wins High Award

PORTLAND, Jan. 20 (AP)—Dick Thompson, a 16-year-old Eagle Scout, member of Portland troop 100, has been named the outstanding Boy Scout of Portland area council.

The selection was made from candidates of 22 Portland council districts on the basis of community service and scouting achievement. The youth will represent the council at a regional competition in Seattle, where a Pacific Northwest representative will be selected for a trip to Washington, D. C., during National Boy Scout Week.

# More Convalescent Hospitals Needed

PORTLAND, Jan. 20 (AP)—A National Foundation of Infantile Paralysis official told state health officials here that the state needs additional convalescent hospitals.

Oregon's program for combating polio epidemics was praised by Dr. Kenneth S. Zaidauer, New York. He said the hospital facilities could also be used for cases of rheumatic heart disease, tuberculosis and chronic bone infections.

Hans Norland Fire Insurance, Phone 6060.

# Milk Meet Eyed Here

The possibility that a hearing will be held in Klamath Falls by the Oregon milk control section in February was indicated to the county agent's office recently by Fred L. Hutton, milk control section representative for this district.

The purpose of the hearing will be to establish new minimum prices for milk to the producers and also wholesale and retail milk.

Milk producers will be notified ahead of time as to actual date and place of hearing. The increase in feed prices, labor costs, dairy equipment, and the over-all cost of milk production since last spring should be brought out at the hearing, Hutton said.

More information of the hearing will be available at the Dairyman's association meeting to be held Wednesday, January 21 at 10:00 a. m. in room 204 of the federal building.
