

King May Quit Post In Canada

OTTAWA, Jan. 21 (AP)—Prime Minister William Lyon Mackenzie King says he wants to retire as leader of Canada's dominant liberal party, and thus—according to Dominion tradition—as prime minister, as soon as the party names his successor.

In an address before the National Liberal Federation's advisory council last night, he asked that a liberal convention be summoned next summer to select his successor as the party's boss.

Political circles interpreted the 73-year-old prime minister's carefully qualified remarks to mean that he wants to get out of office and politics this year, but that he would consent to being drafted if the country needs him further.

King, who has been in office for all but five and a half years since December 29, 1921, would by April 20, 1948, surpass the empire record for length of prime ministerial service, set by Robert Walpole of Britain, who served for 7619 days early in the 18th century as head of Britain's government.

Informed political sources predicted that Louis St. Laurent, 66-year-old minister of external affairs, would be chosen to succeed King, both to the party leadership and the prime minister's post.

Under the Canadian political system it has been traditional for the same man to hold leadership of the party in power and the post of prime minister.

Lana Turner Back At Studio

HOLLYWOOD, Jan. 21 (AP)—Lana Turner is back in good standing at her studio.

Metro-Goldwyn-Mayer reinstated the screen actress yesterday after she agreed to play the role, she earlier had turned down, of Lady de Winter in "The Three Musketeers."

M-G-M had denied any connection between Miss Turner's suspension last Wednesday and her recent romance with Tyrone Power or her current interest in Millionaire Bob Topping.

Medford Mill Buys Timber

MEDFORD, Jan. 21 (AP)—The Medford corporation, which operates a sawmill and logging operation employing 475 persons here, has acquired 22,350 acres of timber land south of the Rogue river south fork.

The purchase, for which price was not announced, boosts the firm's timber holdings to 78,500 acres in Jackson county, the largest private holdings in the county.

The tract formerly was held by the Rogue River Timber company, control of which was acquired by the Medford corporation last year. The Prospect Timber corporation acquired a portion of the Rogue tract north of the south fork.
