

Churchill Urges Showdown With Moscow Before Russ Develop Atomic Weapons

LONDON, Jan. 23 (AP)—Winston Churchill declared today Western Europe must unite quickly and demand a showdown with Moscow before the Russians develop atomic weapons, possibly in a year or so.

Even an early showdown "would not guarantee that war would not come," Churchill said, but:

"I believe it would give the best chance of preventing it and, if it came, we would have the best chance of coming out of it alive."

CIO Splits Over Third Party Issue

WASHINGTON, Jan. 23 (AP)—The CIO split wide open, but only politically, today over Henry Wallace's third party bid for the presidency.

The executive board of the labor organization which gave solid support to help elect the late President Roosevelt to a fourth term in 1944 voted 33 to 11 to reject Wallace's entry into the 1948 campaign as "politically unwise."

And the dissident group—representing about 1,250,000 of the organization's claimed 6,000,000 membership—gave every indication of plugging for Wallace anyway.

No Chance

Harry Bridges, president of the International Longshoremen's union and leader of the so-called left-wing element which opposed the anti-Wallace resolution, told reporters the democrats won't stand "the chance of a snowball in hell" of electing President Truman in November.

Meanwhile "stop-Eisenhower" talk has cropped up in republican circles. But there is almost no indication that the major candidates for the GOP presidential nomination can get together—even behind the scenes.

The talk stems from the promised widespread entry of Gen. Dwight D. Eisenhower's name in state primaries, plus the results of recent popularity polls. These two factors have led some of the followers of the announced candidates to feel that something ought to be done to ward off the possibility of another convention split such as the late Wendell L. Willkie staged in 1940.

The three top runners in the campaign—Gov. Thomas E. Dewey of New York, Senator Robert A. Taft of Ohio, and former Gov. Harold E. Stassen of Minnesota—apparently have given a great deal of thought to the possibility that they might knock each other out to the advantage of an outsider such as Eisenhower.

Joint Income Tax Law Urged

WASHINGTON, Jan. 23 (AP)—Rep. Angel (R-Ore.) said today he had found "an unanimous feeling" in congress for enactment of legislation to permit husband and wife in all states to split joint income for income tax purposes.

This would give all states an equal footing with those having community property laws.

"We are still carrying the burden of high war taxes and it is generally believed the taxpayer is entitled to some relief and by doing so production will be stimulated," Angel added.

GAR Commander Attends Party

PORTLAND, Jan. 23 (AP)—It was the 99th birthday anniversary today for Theodore A. Penland, Oregon department commander of the Grand Army of the Republic, and the aging but still active Civil War veteran went to a party.

It was given by the Daughters of Union Veterans, and led Penland to remark, "the girls never forget me."

British May Cut Tax On Films

LONDON, Jan. 23 (AP)—Harold Wilson said Wednesday Britain is willing to modify the 75 per cent tax on imported films if earnings of British movies can be increased in foreign markets.

Wilson is president of the board of trade (commerce department). He told the house of commons:

"We are prepared to make any reasonable arrangement and to work out a scheme which would allow extra earnings for foreign films to be taken out of the country to the extent that our British films earn more money overseas."

Long Leading In Louisiana Vote

NEW ORLEANS, Jan. 23 (AP)—Earl K. Long's plurality in returns from Tuesday's democratic primary for governor of Louisiana neared the 100,000 mark today, and indications were it might approach 110,000 when all the boxes are in.

Returns from 1944 of the state's girls in 1-B are starting their coin purses and will make a dresser scarf later.
