Eisenhower's Abrupt Exit From Political Limelight Launches Vandenberg Talk

WASHINGTON, Jan. 24 (AP)—General Eisenhower's abrupt exit from the field of republican presidential hopefuls started new talk of Senator Vandenberg (R-Mich.) as a potential dark horse nominee today.

Senator Sparkman (D-Ala.) told a reporter:

"It looks like Eisenhower's withdrawal clears the way for Taft and Dewey to run a dead heat and for some third man to capture the republican nomination. My guess is that the third man will be Vandenberg, if he will take it.

The Michigan senator has gone a long way toward removing himself from consideration. He has said that he is convinced no man ever

Four-H News

The Bowling Pot club of Chillicothe met at Mrs. Earl Hall's home on January 21. All were present but two, Jacqueline Schroeder and Karleen Parano.

The club did not have a business meeting as the secretary, Karleen Parano, was ill, but did have 4-H songs and yell.

Cooking II did not demonstrate this time, but cooking I showed how to fix deviled eggs, Gloria Ochoa and Thelma Knight demonstrated. The eggs were very good. Next time cooking II girls are going to make custard and cooking I apple sauce.—Marnie Erickson, news reporter.

The first meeting of the Malin 4-H Sewing club, 1-B and 3, was called at the high school, January 6. The first activity was to elect officers. The following were elected: president, Barbara Cornett; vice president, Berta Shogren; secretary, Anita Weber; news reporter, Dorothy Saunders.

Those in sewing 1-B include: Barbara Cornett, Barbara Havlina, Flo Johnson, Jo Johnson, Glenda Taylor, Joan Drager, Berta Shogren, Betty McVay, Lavern Walker, Anita Weber, Linda Ellis and Roberta Kirby.

Members of sewing 3 are Sally Smalley and Dorothy Saunders. Mrs. Wilford Dixon is the leader.—Dorothy Saunders, news reporter.

New Pine Creek

A large crowd attended grange last Saturday night and got to enjoy one of the best programs for a long time, following the regular business meeting.

The whole program was good but the extra special number "Old Timers" put on by Fred Fisher and Bob Snider brought the house down and labeled those two gems as practically good enough for a professional vaudeville circuit. They, with their harmonicas, special get-up and their quaint acting, did the trick and limbered the whole crowd up to a most congenial spirit and enlivened everyone to the point of having one swell time.

The program was as follows: reading, Barbara Hammersley; reading, Anne Hammersley; musical, Mrs. Carter on the piano, Mrs. Berta Shogren on her accordion, and Roy Millap on his sax playing, "Serenade of the Bells" with an encore; reading, C. L. Miller, which included a very comical description of a cowboy riding a bronc; a talk by Bill Bishop and a song by all the past masters, Fred Fisher, Raymond Fisher, C. L. Miller, Bob Snider, Ray Bishop and Bill Bishop.

The Home Ec club met last Thursday afternoon with 15 members answering the roll call with their favorite color. The regular business meeting followed including the drawing of secret pal names for the coming year. All members are asked to bring quilt patterns to the next meeting, so the club can get an early start on the 1948 quilt.

The hostess, Jackie O'Neil, served delicious cake, ice-cream and coffee; Mrs. Richardson and Jackie O'Neil received their hostess gifts.

Mrs. Alpha Smith returned Saturday noon after spending three weeks visiting old friends in Idaho around Twin Falls where she formerly lived.

The Grange March of Dimes dance has been slated for January 31, and committee members are preparing for a big time.

Mrs. Johnnie Newman and daughter, La Donna, of Lakeview, Sam Newman of Grants Pass and Mrs. Grace Smith of Hill, Calif., visited here with Mrs. Harry Newman.

The Youth club held its regular meeting Tuesday evening when some parts were given out for the Youth club play to be given some time in the future. The leader, Mrs. Gladys Cooper, also had the members work on posters for the March of Dimes dance to be held January 31. Some plans were also made for the anniversary dinner to be held February 15 on Sunday afternoon. The club enjoyed playing with its newly purchased badminton and table tennis sets.

The Happy Hour club met at the home of Fannie Fisher on Tuesday, January 20. Under election of officers Vice President Mary Millap went in as president of the group, Myrna Barrow was elected Vice president and Thelma Gooch re-elected secretary-treasurer.

The club voted \$5 for the March of Dimes fund, and Secret Pal names were exchanged. After the business meeting the hostess served delicious refreshments of banana-cream pie topped with whipped cream, home made cookies and coffee.

Fourteen members and eight children were present. The next meeting of the group will be held February 3 at the home of Mrs. Thelma Gooch.

During courtship days, the male scorpion goes for walks with the lady of his choice, during which time they "hold claws."

Construction Worker Injured

Edgar Shaefely, 58-year-old employe of the McGowan Construction company working on a Tulelake job, was admitted to Hillside hospital early last night for a painful hand injury which made it necessary for partial amputation of the hand.

Shaefely has been working as a pile driver for McGowan and the accident occurred late yesterday afternoon. He is a resident of Oakland, Calif., hospital attendants said.

Logger Dies From Wound In Stomach

(Continued from Page 1)

man was still alive and Wyatt was in the cabin.

Wyatt was arrested and a pickup truck was borrowed from the O'Connell lot to carry Melaas to the hospital. He died just as he arrived at the hospital at 5:23.

An autopsy was performed this morning by Dr. George H. Adler, coroner, and Dr. J. Martin Adams. Dr. Adler said the bullet had severed several large blood vessels in Melaas' abdomen and that hemorrhage had resulted in his death. The bullet lodged in the pelvis.

State police said Wyatt had not been a coherent story of the shooting, but would be questioned more fully this week-end.

At the county jail he is being kept in the women's quarters as the only occupant. Butler and Richa are locked in another cell.

Melaas is a former employe of the Bly Logging company and other outfits as a hooker. Wyatt listed his occupation as truck driver.

Calf Pool Stock Ordered

LAKEVIEW, Ore., Jan. 24—Twenty heifer calves have been ordered from the high-producing grade dairy herds of Josephine county to aid in improving Lake county's dairy herds. It was announced this week by the agriculture and livestock committee of the Lake County chamber of commerce.

The committee last year inaugurated a calf pool through which local dairymen, 4-H and Future Farmers of America dairy members could order the heifer calves from high-producing grade dams. A year ago this group brought in 22 calves from Grants Pass herds, and so far they have ordered 20 calves for this spring.

They work through County Agent Jens F. Swinth, Josephine county agent, and the dairy herd improvement association there.

Workers Vote Union Shop

GILCHRIST, Jan. 24—A union shop election required by the Taft-Hartley act found employes of the Gilchrist Timber company voting 74 to 31 in favor of maintaining the union shop.

The election covered employes who come under an agreement between the timber company and local 2530, AFL Lumber and Sawmill Workers, and was conducted by two representatives of the Seattle office of the national labor relations board.

Officials of the Central Oregon district council of Lumber and Sawmill Workers said that the vote meant that the Gilchrist workers had repudiated the Taft-Hartley bill's authors, who started working men to not a union shop agreement.

CIO Proposes Rent Curb Law

WASHINGTON, Jan. 24 (AP)—The CIO today proposed a 28-month extension of rent controls and the wiping out of all 15 per cent "voluntary" increases made under the present law.

Donald Montgomery, chief of the Washington office of the CIO Auto Workers, presented the program in a statement prepared for a senate banking subcommittee.

The present federal rent control act expires February 29. The subcommittee, headed by Senator Cain (R-Wash.) will hold one more week of hearings on the question of what to do next.

Yesterday the AFL presented its program for extending rent controls.

Snakes must swallow their food whole, being unable to chew.

Unorthodox Way Of Handling Fire

LOS ANGELES, Jan. 24 (AP)—Firemen complained today that this hotel guest didn't react as most would when a cigarette apparently set the mattress afire.

Breaking down the door, they found the smoldering mattress stuffed in a closet, with a dresser placed against the door. They said the guest, after taking care of the matter in his own way, had checked out without sounding an alarm.

Meeting—The Mt. Laki Ladies Aid will meet at the home of Mrs. Gus Hilyerd at 2 p.m., Wednesday, January 28.

Russ Eye Bevin Plan For Europe

LONDON, Jan. 24 (AP)—The first Soviet pronouncement on the British proposal for a West European alliance is that the apparent aim is to get agreement on a Western German state.

The proposal was made by British Foreign Secretary Ernest Bevin in the house of commons Thursday. It was supported by Winston Churchill, opposition leader, in further debate yesterday.

Tass, official Soviet news agency, said in a Paris dispatch last night the object of the plan "apparently" was to win the support of France, Belgium, the Netherlands and Luxembourg "for the creation of a Western German state." Bevin had invited these nations to join the alliance.

Smoke Screen

Tass said today in a London dispatch that Bevin's speech "was meant as a smokescreen for the creation of the so-called western bloc, the formation of which has already been started by Britain and France through negotiations with Belgium, the Netherlands and Luxembourg." The Moscow radio broadcast this report to Russian listeners in its first mention of the Bevin address.

Reaction in Western Europe to the speeches of Bevin and Churchill was cautious, although generally approving.

The United States, said the state department in a statement on the proposal, "heartily welcomes European initiative in this respect. The department looked on the idea as a method of furthering the efforts which our two countries (Britain and the U. S.) have been making to lay the foundations for a firm peace."

Officials in France and Italy expressed a favorable reaction to the program. Government leaders in Belgium, Luxembourg and the Netherlands were wary, yet seemed sympathetic.

Matthews Is Rotary Speaker

"Oregon's new community property law is not something to be casually evaluated." This was the basic analysis given to the Klamath Rotary club by Paul Matthews, well known Klamath Falls accountant, as he addressed the regular Friday meeting at the Willard hotel on the topic, "Income Tax, Community Property and Filing Problems."

"Approximately 4.8 per cent can be saved under community property provisions by those with net taxable incomes of \$5000," Matthews said. "About 15.7 per cent on \$10,000, 22.1 per cent on \$15,000, 28.9 per cent on \$25,000, 24.5 per cent on \$50,000, and lesser amounts down to only 2 per cent savings on net taxable incomes of \$1,000,000 may be realized when weighed against non-community property filing provisions on federal taxes," he added.

Matthews urged all businessmen to check all aspects of the new law, and its application to their firms, with their accounting and legal consultants to avoid many possible present and future complications, several of which he outlined as examples.

Rudy Jeschke served as Rotary's chairman of the day.

Search Launched For Lost Plane

BALTIMORE, Jan. 24 (AP)—State police and coast guard stations were alerted today in a watch for a two-engine coast guard plane believed lost in the winter's worst snowstorm in Maryland.

The Baltimore municipal airport reported that it lost contact with the plane—identified as a Lockheed Lodestar used by Secretary of the Treasury Snyder—around 9 a.m.

Snyder was not aboard the ship, which was en route from Newark, N. J. to Washington but which was routed to Baltimore after being unable to land at the national airport. It was believed that a crew of four were with the ship, which usually is piloted by Lt. Cmdr. Bill Schuh.
