Prior Gets Promotion In Bank

TULELAKE, Jan. 26 (AP)—R. M. Prior, manager of the Tulelake branch, Bank of America, since 1939, has been promoted to assistant vice president of West coast banks with headquarters at San Francisco, it was announced here today. Mr. and Mrs. Prior returned last week-end from San Francisco where they made arrangements for the move.

The announcement came from L. M. Giannini, president of the Bank of America who at the same time announced that Douglas L. Thomas, assistant cashier here for some time, will succeed Prior.

Prior, started his banking career in Eureka, Calif. in 1929 with the same banking interests and will be in the organization's loan supervision department.

James H. Allenby of Woodlake will be the new assistant cashier here.

Thomas also has served with the Bank of America at Yreka and later at Lovation, where he was manager. He came to Tulelake in 1944.

Both Mr. and Mrs. Prior have been actively associated with the civic and social life of the community in their nine years of residence here.

Prior is a past president of the Rotary club and of the chamber of commerce and Mrs. Prior, who taught music and English in the high school for two years has assisted with the development of the local branch of the P.T.A. Girl Scouts and various music groups.

They have purchased a home in Oakland. Prior will leave Saturday to assume his new duties and Mrs. Prior and two children, Douglas, 11, and Marie, 7, will leave about the middle of February.

Numerous social affairs both here and in Klamath Falls have been given in their honor.

In The Day's News

(Continued from Page 1)

able meal was concluded and the male boarders had held a hasty court of inquiry that the picture was a baddie. It wasn't exactly obscene, but even among advanced liberals it would have been a trifle off color. And Miss Siefert wasn't an advanced liberal. She leaned a good 45 degrees in the other direction.

THAT finished Barrett and the boarding house. Although the food there was by long odds the best in town, he never came back.

Cabby Named Clam King

SEATTLE, Jan. 26 (AP)—Seattle's clam-consuming cab driver, Richard Watson, gulped 132 little neck clams in 10 minutes Saturday to edge out Joseph Silva of Martha's Vineyard, Mass., in the first annual "clam bowl" and lay claim to the world's record.

Watson also claimed the previous record of 110 clams.

Silva had never seen a little neck clam and he started slowly, studying Watson's technique. At the finish he was going like a clam dredge and might have won if the contest had lasted another five minutes—and if the contestants had survived the extra time.

The Washington State Press club staged the contest, bringing Silva here by plane as the "eastern champion."

It developed that both were former pugilists and they led with both fists all the way. Ivar Haglund, waterfront impresario, was somewhat awed by the performance. "They're still chewin'", he reported by telephone 10 minutes after the official end of the battle.

Silva's consumption was recorded as 137 clams.

Police Nab Bank Robber

CHICAGO, Jan. 26 (AP)—Two bank guards overpowered a gunman Saturday as he attempted to hold up a teller at the First National bank five minutes before closing time.

Police Detective Adolph Wolf said the man identified himself as Marlon H. Stevenson, 27, of Boise, Ida.

Some 80 persons were grouped at nearby paying windows of the huge bank when the gunman approached Teller Elmer Larson, displayed a .45 caliber pistol, and said:

"Keep your mouth shut and hand over the money."

Larson replied, "You'd better be careful with that gun, buddy."

As the teller noted the gunman releasing the pistol's safety catch he sounded an alarm with his knee. Panicky customers scattered to corners for safety as the man waved the gun menacingly. He ran blindly through the crowd, but two guards overpowered him and disarmed him. No shots were fired.

Wolf quoted Stevenson as saying: "I had served four years at Sandstone, Minn., for being absent without leave from the army."

Deferred Payment Made At Last

SPOKANE, Jan. 26 (AP)—A man just given an X-ray examination at the city's mobile anti-tuberculosis unit handed the nurse two dollars, reported Dr. J. B. Eason, city health officer.

"The examination is free," said the nurse. "Is this a donation?"

"Call it what you like," the patient answered. "I didn't pay for my Christmas seals two years ago."

Phone Company Readies Exchange For 1000 Phones

It won't be long now for those patient applicants for telephone service.

Fifty Western Electric installers are now at work installing a second exchange at The Pacific Telephone and Telegraph company which means that another 1000 terminals will be available by mid-April.

Manager Charles Seavey said today that there are now some 1250 applications on file and of this number there is an approximate 20 per cent cancellation when applicants are advised "their number is up." An average of 80 new applications are received monthly by the telephone company, the turnover of active connections being approximately half this number each month. Seavey said that the turnover does not average 40 per month.

"We don't know how many of the 1250 applicants will accept the telephone service," Seavey said this morning. "But most of this number will be offered telephones. About 20 per cent of the number asking for service turn it down when it is offered. Some move out of town, others just change their minds. On the other hand, we have folks who have waited since 1945 for a telephone. It's mostly the people out in the suburban area that have been on the list the longest."

Interior work on the telephone building at 8th and Pine is now completed and only exterior work and installation is yet to be done, Seavey said. Leo N. Huls of Klamath Falls has been the contractor on the \$140,000 job. Cost of equipment and labor on the first 1000 installations will run around \$65,000, Seavey said. The present set-up makes it possible to add another 10,000 installations as time goes on and Seavey is confident that the city

Greyhound Wins with More Service to More Places

and surrounding suburban area will need that number before long.

Members of the Western Electric crew which went to work here January 1 on the installation of terminals have come from all over the West Coast, Seavey said.

While the Western Electric crew is busy on the interior of the addition, cable crews are working throughout the city and at various suburban points adding and extending cables to handle the big increase expected in mid-April.

Some work is being done on N. 7th street at this time, and there are other crews working in the Altamont district and on East Main street.

Seavey said that plans are already under way to install another 1000 terminals in the fall of this year. Materials may hold up the plan as they did on the present job which started in February, 1947. There was also a strike during the past year that delayed construction. At the present time there are approximately 8700 working telephones in Klamath Falls and the suburban area which covers a 10-mile radius. By mid-April there should be close to 10,000 telephones. The June issue of the telephone book will include the new customers.

There are three times as many women who live to be 100 than men.

Dimes Dance Set Saturday

Klamath people will dance Saturday night at the armory when the March of Dimes campaign against infantile paralysis reaches its climax in Klamath county.

A. J. McDonald, vice chairman of the county chapter, is chairman of the March of Dimes dance, and the Business and Professional Women's club is assisting with plans.

Contributions have been coming in rather slowly, but are expected to pick up this week as money for dance tickets comes in to the local office.

The March of Dimes office, located in the lobby of the Willard hotel, is open from 9 a. m. to 5 p. m. Telephone number is 7224.

Klamath Men Find Fishing Good

Steelhead fishing was good and clam digging even better, according to a group of Klamath men who returned home last night from Henry Semon's cabin on the Umpqua river.

The group reported good catches of steelhead in the Umpqua and quite a collection of long-neck clams which they dug at Winchester bay.

One member of the party, Paul Bernhard of Reedsport caught a 12-pound salmon. Henry Semon came in second with a 10-pound catch.

In the party were Semon, C. A. Henderson, Scott Warren, Elmer Lemler and George Stevenson, who were joined at Reedsport by Henderson's two brothers-in-law, Bernhard and Hap Hogan.

Sweeney Final Rites Tuesday

Final rites for J. Cornelius (J.C.) Sweeney, long time resident of the Olene and Pine Grove districts, will be held at 9 a. m. Tuesday from Sacred Heart church with interment in Mt. Calvary cemetery.

Sweeney, 71 years of age and for 22 years a resident of Klamath county, died Thursday at his home on 4th street. He owned and operated a store at Olene for many years and was also caretaker at Mt. Calvary cemetery, a job he relinquished just one year ago. He is survived by one son, John, thought to be in California.

Sweeney was a native of Fayette, Wis. Final rites are under the direction of the Earl Whitlock Funeral Home.

Plane Looks For Missing Boat

MARTINEZ, Calif., Jan. 26 (AP)—Two men in a 26-foot cabin cruiser were reported missing and feared lost today in the wind-whipped waters of Carquinez strait in upper San Francisco bay. A coast guard plane was dispatched in search of them.

The missing men are A. H. Clark of Longview, Wash., and A. C. Soabe of Oakland.

They went out yesterday morning on a fishing trip. They were reported missing this morning, and winds overnight whipping up a heavy sea caused fears for their safety.

Woman Recovering From Tumble

Mrs. Pearl Thompson, 44-year-old Lakeview matron, is recovering from head lacerations received late Friday afternoon when she slipped while shopping in a Main street drug store and struck the edge of a display counter.

Mrs. Thompson was moved to Hillside hospital for treatment. Her condition was reported good today.

DIES
PORTLAND, Jan. 26 (AP)—Patrick T. McCarthy, 51, superintendent of the Oregon division of the Union Pacific railroad, died in The Dalles Saturday while making an inspection trip.

Air Officers Meet Planned

All ex-air force officers are asked to attend a meeting Tuesday at 7:30 p. m. at the chamber of commerce to institute a flying training program for Southern Oregon.

Col. Henry Fluhrer of Medford, commanding officer of the Southern Oregon district, will be present. This program is definite if enough officers wish to take part. Both flying and ground officers are eligible if members of the Air Corps Reserve.

Arrangements can be made for those who have not already done so, to receive a reserve commission, those interested said here today. All flying training will take place at the Medford army air base. Further details will be discussed with Col. Fluhrer.

Flying officers are asked to bring Form 5, separation orders, orders appointing them to the reserve and orders which assign them to flying status. All other officers should bring their separation orders and orders appointing them to the reserve, or their reserve certificates.

You Go To Jail

Rob the U. S. Mails and you go to the pen. Your Uncle Sam must uphold his law and his right to govern.

And just so, God must uphold his law. Lawbreakers must suffer. But God is the Greater Lover and how can he let any man go on into eternal night—the wages of sin? The answer is that love found a way. He put your sins on Christ, who had no sin, and He was named the law-breaker in your place. The penalty of the broken law was suffered by Christ, God's only-born Son, you are cleared and the law upheld.

Believe God's word, that Jesus paid it all and God gives you eternal life with the peace that passes understanding — God makes you his new creation.
