

### Four Die In Auto Wrecks

**By The Associated Press**  
Four persons were killed Sunday in widely scattered Oregon highway mishaps, two of them by drowning in the Umpqua river and the others injured when cars plunged off roads.

Two teen agers, Elmer Edward Watts, 18, of Drew, and Rosemary Wright, 16, of Days Creek, drowned in the Umpqua river when the automobile in which they were passengers left the Tiller Trail road south of Roseburg and submerged. State Police Sgt. Lyle Harrell reported William Ernest Watts, 24, driver of the car, escaped the car and swam ashore. The girl's body was found in the car at dawn but her companion was dragged from the river bed hours later.

The car left the road about 1:30 a. m. Sunday as they were en route to Days Creek.

Ice on Pacific highway 99 near Central Point was blamed for the death of Samuel H. Ackerman, 59, Klamath Falls business man whose car skidded out of control and overturned yesterday morning. His wife, Dorothy, suffered back and chest injuries. She is in a Medford hospital. The Ackermans were en route to Grants Pass to attend the Eagles lodge convention.

The fourth victim was Mrs. Inez Janet Redmond, 32, Corvallis, who was a passenger in an automobile driven by her husband, Ray, when the car plunged off highway 99 west 11 miles south of Corvallis. They were en route home early yesterday morning from a dance at Alpine.

### Henley

The monthly meeting of the PTA will be held at 7:30 p. m., Thursday, January 29, in the high school. This will be an important meeting, and all parents are urged to attend. County School Superintendent Harold Ashley will speak. Because of the PTA meeting Thursday there will be no ladies' class this week.

Rose McClay was admitted to the hospital for medical treatment Wednesday evening.

The oldest photo studio in the Northwest remains in place much as it did nearly a century ago when Peter Britt established shop in 1852 at Jacksonville, queen city of Oregon's golden yesterday, during Oregon's major gold rush. The studio is precisely the same as it was when it moved to "new" quarters in 1862, even to the head and neck rests.

### Extension Unit News

#### Klamath Falls Unit

The use and care of new materials was studied when the unit met on January 21.

Mrs. David L. Snyder and Mrs. Gilbert Walters, project leaders, discussed with the group different kinds and weaves of material and the uses of each. The importance of selecting the right material for the type of garment to be made was stressed and also the benefit of looking at labels when buying.

The care and laundering of materials were also stressed. Mrs. Walters gave a demonstration of washing and ironing a rayon blouse, draxing a head scarf, pressing silk, sharkskin and other materials.

At noon a delicious potluck luncheon was served by the hostesses, Mrs. Clifton Ongman, Mrs. E. L. Barke, Mrs. Lawrence A. French and Mrs. Louis Penzold. The group was then pleasantly surprised when Lawrence A. French came and played a recording he had made of the radio program put on by the Klamath Falls unit, December 18, on Christmas home and table decorations.

Each member responded with an idea or question on the use and care of materials, when roll was called.

The next meeting which will be held February 18 at 10 a. m. will be devoted to textile painting. Paints will be furnished for a small fee to those who do not have them. A potluck luncheon will be served at noon. Anyone interested in this meeting is welcome to attend.

#### Bly Unit

The Ivory Pine community hall was the meeting place for the Bly home extension unit Thursday, January 8. The project for the day was "Footstools."

Helen Stine, home demonstration agent, and her secretary, Mrs. Bernice Schomer, directed the members in the construction of footstools. The work started with the bare wood frame for the footstool and was followed by the burlap undercover, then the placing of springs and tying. This was followed by all the necessary padding and

**HEAD COLD QUIZ... IS IT SAFE TO BLOW NOSE HARD?**

Answer: No, you might blow infection into ears. 2 drops of Penetro Nose Drops in each nostril reduce congestion, check watery flow and help lessen need for blowing. You breathe easier.

**PENETRO NOSE DROPS**

then the final upholstery covering which was the last step.

The project was intensely interesting to those who participated and is practical knowledge to apply in remaking any overstuffed furniture.

Mrs. Fred La Casse, Mrs. Harry Taylor, Mrs. Elmer McGinnis, Mrs. Walter Ellington and Mrs. Wilbur Boek are making footstools.

Also at the meeting were Mrs. J. M. Kendall, Mrs. F. H. Armstrong, Mrs. Dave Campbell and Mrs. Duane Cassidy.

The next regular meeting of the unit will be February 12 at the home of Mrs. F. H. Armstrong, Mrs. H. G. Powell and Mrs. Dave Campbell will be project leaders for "Care and Use of New Materials."

#### Chiloquin

An all-purpose meeting of the local home extension club was held on Thursday afternoon at the home of Mrs. Fred Markwardt. Conducted by Chairman Mrs. Walter Collins, the meeting welcomed new member prospects, voted a gift of \$20 to the Azalea house fund, \$8 of which was derived from the recent hot lunches served to workers in the footstool workshop held in the Chiloquin Methodist church on January 13 and 14.

Suggestions were given for next year's program planning and such topics as upholstery, tailoring, foreign cookery, wood finishing, care and repair of electrical equipment, and hobbies were suggested.

A shirt ironing demonstration was given by Mrs. Collins for the benefit of those who had missed the project last year. Special guests were Mrs. W. T. Oates and Mrs. Paul Wampler. Wes Guiderian of The Herald and News took a picture of the finished products of the footstool workshop.

The next meeting will be Thursday, February 5, from 1:30 to 4 p. m. at the home of Mrs. George Brautlaucht with the hostess and Mrs. Collins leading the discussion, "Use and Care of New Materials." A kitchen gadget exchange will be held to celebrate St. Valentine's Day.

#### Fairhaven Unit

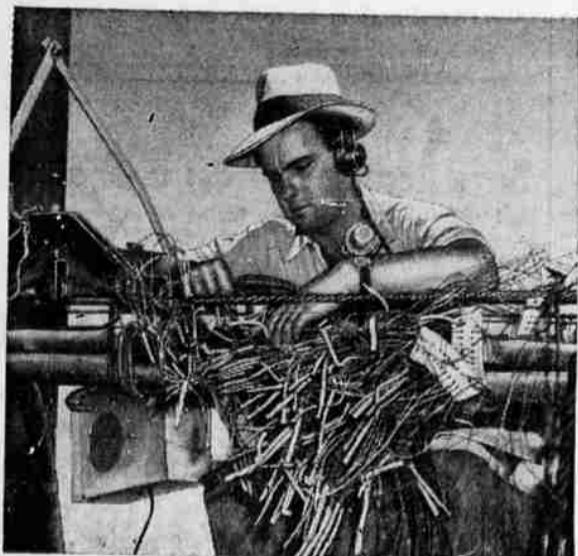

The Fairhaven home extension unit met for a very interesting meeting on January 21 at the home of Mrs. Ralph Johnston. Mrs. Rob-

**Busy Men Suffer Pile Discomfort**  
Intense itching and burning

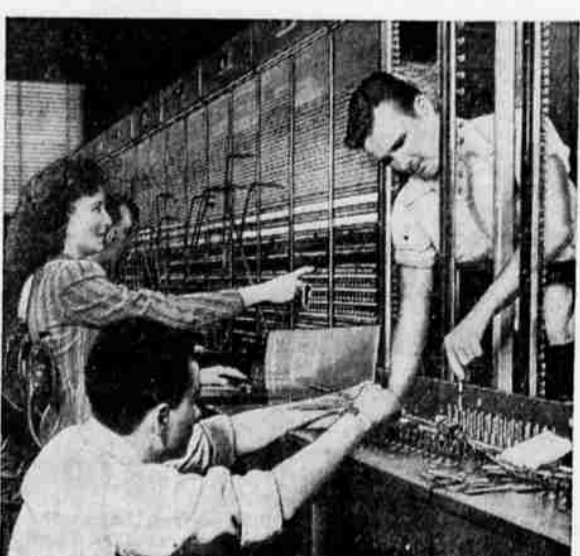

Mrs. whose hours are seldom regular often experience the discomfort—the itch and burn of piles. One proven way to find instant relief is to use powerfully medicated Resinol Ointment, made just to soothe and calm the irritated tissues—soften the hard parts. Resinol has helped so many sufferers—it's well worth trying! Ask your druggist—the cost is small—the relief is great.

1. We had to break records... and we did. Today we're serving over one-fourth more telephones than at the war's end—a net gain of three-quarters of a million. And, since every day many customers move, we actually had to install more than two and a quarter million telephones to make this gain.

2. Complex splices like this—thousands of them—went into the two million miles of wire we've put in. And that's only part of the story—more than 200 new buildings or additions...complex new switching equipment in almost all our buildings...these and other facilities are being added in the face of sharply rising costs and tough supply problems.

3. We're still working against time. Orders continue to flood in. To fill service needs we're adding facilities at the rate of more than half a million dollars a day—every day. A huge investment, yes. But telephones have been going in as never before in the West. And as the system grows, your telephone service becomes more valuable still.

4. Where does the money come from...millions of new working dollars needed to extend and improve service? Millions must come, not from telephone bills, but from thousands of people who put their savings to work in the telephone business. To attract these working dollars, we must pay a reasonable amount for their use. This requires the sale of our services at fair and adequate prices.

**The Pacific Telephone and Telegraph Company**

ert Baker and Mrs. Robert Hurlbut gave a very informative demonstration on "Care of New Materials." Questions asked and answered by the members pertaining to the discussions, proved the interest in which the demonstration was received.

Proceeding the business meeting, Mrs. Lee Holliday exhibited the footstool she recently made at the footstool meeting held at Merrill, explaining the methods of fastening the webbing, tying the strings, and padding the footstool. The Fairhaven meeting for making footstools will be February 5 and 6. The next regular meeting of the unit will be on February 18, which will be a social meeting at the home of Mrs. Percy Cook. Hobbies and crafts will be the theme of the day.

Present at Mrs. Johnson's were Mrs. Wayne Davison, Mrs. Clifton Meyers, Mrs. M. Jameson, Mrs. Percy Cook, Mrs. Roy Cook, Mrs. Keith Rice Jr., Mrs. M. Mikkelsen, Mrs. C. L. Harvey, Mrs. W. L. Prain, Mrs. John Kerns, Mrs. Earl Kerns, Mrs. Karl Friedrich, Mrs. Harold Schieferstein, Mrs. A. L. Loomis, Mrs. Ralph Bowers, Mrs. Charles Malloy, Mrs. E. R. Roberts, Mrs. Robert Hurlbut, Mrs. Robert Baker, Mrs. Rodney Mathers, Mrs. Lee Holliday, Mrs. P. A. Layman and the hostess, Mrs. Johnston.

#### Modoc Point

The Modoc Point home extension unit sponsored a successful card party Friday evening in the lobby of the Modoc Country Inn. Out-of-town people attending were Mrs. John Driscoll of Corning, Calif., Mr. and Mrs. James Conroy of Klamath Falls, Mrs. McDaniels of Klamath Falls and Mr. and Mrs. George Horn and Tommy Horn of Alkoma.

Awards were taken by Mrs. Horn, W. B. Bickers and James Conroy. Proceeds from the affair will be used for the unit's contribution to the Azalea house fund.

#### Altamont

The Altamont extension unit met at the home of our vice chairman, Mrs. E. E. Benoit, of 4709 Bisbee, on Tuesday, January 20, at 10 a. m.

**INCOME TAX RETURNS**

Phone 7521

The first 15 minutes of the meeting were turned over to Mrs. L. C. Wishard and Mrs. W. Harsey for a discussion and display of shellcraft. Many new pins, earrings and plaques were shown. Mrs. W. Uppendahl displayed a beautiful fan pin she had made at home.

Project leaders, Mrs. H. Lester, Mrs. J. H. Eckert and Mrs. R. E. Benoit then gave a discussion and demonstration on "Use and Care of New Materials." The ways of ironing nylon and different kinds of rayons and making garments water repellent were very interesting to members. Project leaders suggested putting a little olive oil in the last rinse water to make woollens retain their softness.

A luncheon consisting of tamales, pie, moulded vegetable salads, rolls, coffee and cake were served by the luncheon committee, Mrs. E. S. Lee, Mrs. S. Dahler, Mrs. R. C. Rice, Mrs. L. C. Wishard and Mrs. W. Harsey. Mrs. R. E. Benoit also helped with the serving of the luncheon.

After lunch Mrs. Benoit, recreation chairman, had the members gather in the yard for a relay game. Members had to carry a raw egg on a spoon with no damage done to the egg.

Following the recreation, the regular business meeting was brought to order by the chairman, Mrs. Uppendahl. Roll call was answered by each member either telling something she could put to use that she learned from the project or asking the project leaders questions. Minutes were

FOR ASPIRIN PURITY QUALITY ALWAYS BUY St. Joseph ASPIRIN WORLD'S LARGEST SELLER AT 10¢

read by the secretary, Mrs. R. C. Rice. Some of the members paid Mrs. Harsey their money for the Azalea house.

It was decided to have "Hobbies" for the February meeting and Mrs. Uppendahl will contact someone to put on a "textile painting" demonstration.

A letter received from Mrs. W. Gillen was read to the members by Mrs. R. C. Rice. Mrs. S. Dahler read a letter from her pen pal in England. Mrs. Mundlin gave a report on the progress of the 4-H clubs.

Any members interested in the "footstool" project may contact Mrs. Uppendahl for dates of the work shop.

Those present were, Mrs. J. H. Eckert, Mrs. P. Eastman, Mrs. F. H. Davis, Mrs. J. W. Franks, Mrs. W. Uppendahl, Mrs. S. Dahler, Mrs. H.

Beasley, Mrs. E. S. Lee, Mrs. C. C. Crawford, Mrs. H. Lester, Mrs. W. Harsey, Mrs. A. H. Avery, Mrs. L. C. Wishard, Mrs. P. D. Fauch, Mrs. R. C. Rice, Mrs. R. E. Benoit, Mrs. R. W. Mundlin and Mrs. S. P. Jerrue.

The next regular meeting will be at the home of Mrs. S. Dahler of 3738 Bisbee on February 17 at 10 o'clock. The day will be spent on hobbies. A luncheon will be served by Mrs. R. E. Benoit, Mrs. J. H. Eckert and Mrs. S. P. Jerrue. All interested members and friends are invited to attend.
