Williams Final Rites

Mrs. Jessie Moore and her daughter, Mr. and Mrs. Al Kosel, 2415 Eberlein, have returned from San Francisco where they attended funeral services for Donald Dean Williams, son of Mrs. Moore and brother of Mrs. Kosel, saleswoman at Craig's store.

Donald Williams, 38, was graduated from Chiloquin high school in 1928. He served six years with the U. S. army engineers, five in the Pacific-Asiatic theater.

Williams, who had been living in San Francisco, was found floating in the bay on January 5. The San Francisco homicide squad and the federal bureau of investigation are pursuing the case.

USBR Power Rate Increases Seen

WASHINGTON, Jan. 29 (AP)—Reclamation bureau engineers see average power rate increases of more than 25 per cent on large projects if the house-approved Rockwell reclamation bill becomes law, Rep. Carroll (D-Colo.) said today.

Their figures indicate that the feasibility of the Colorado-Big Thompson project in Colorado and the Central Valley project in California will be "highly questionable" in such event, he added.

Carroll told reporters he had obtained reclamation bureau estimates which lead engineers to believe it would be impractical to build a number of other projects now contemplated. These include the Mountain Home project in Idaho, the Central Utah project and the Central Arizona project.

Keno Slates Shows Friday

The Keno community picture show will be in the Keno school gymnasium Friday at 7:30 p. m. There will be a comedy, "Salt Water Daffy," a sports reel, and two pictures furnished by the navy recruiting office of Klamath Falls.

After the picture there will be a "pounding" for the Joe De Grande family, which suffered the loss of its repair shop this week. Everyone is urged to bring something in the line of groceries.

HOUSING ISSUE

KLAMATH FALLS, Ore., (To The Editor)—I read an article in The Herald and News entitled "Students Denied Housing." That, in my opinion is as unjust and un-American as anything I have heard of.

What if these students are transients, they are still veterans and aren't veterans entitled to live in a federal housing unit? Perhaps an investigation should be made into the executive offices of the local housing units, there may be non-veterans there depriving the veterans of a home for their families.

I sincerely hope the various veterans organizations will stand behind these boys and help them obtain the things they so rightfully deserve.

Prison Band Member Skips Out

WALLA WALLA, Jan. 29—Washington state prison officials and the institution's orchestra hopefully awaited today the return of Robert Lee Hamlin, 21.

Hamlin, sentenced from King county for grand larceny, was a member of the prison dance orchestra. He disappeared yesterday as the musicians entertained patients at a veterans hospital.

From where I sit ... by Joe Marsh

Are You "Hobby Happy?"

Funny thing about hobbies... When Ed Carey started making a model of the "Flying Cloud," it was only to rest his eyes from reading. But now he spends every spare moment ship modelling!

Some wives might have resented a husband suddenly shutting himself in the attic every night. But not Ed's Prudence. When she found him working late, she brought him up some beer and crackers... showed a real interest in his hobby ... until finally Ed had her helping with the rigging.

Wasn't long before they were working side by side on Ed's bench, sharing a common interest. Instead of keeping them apart, Ed's hobby brought them more together.

From where I sit, a husband's hobby can often be a wife's as well. In fact, I've got the missus interested in tying trout flies—and, along with that mellow glass of beer, it makes the evenings go by mighty pleasantly.
