

KU Musical Groups Are In Demand

Musical organizations of Klamath Union high school were very active during the fall semester in furnishing programs for community functions. In all, up to January 1, 27 programs were given outside of the regular school activities.

The boys' octet headed the list in number of appearances with 11 programs. Members of the octet are Wilbur Elliott, Don Boudon, Ronnie Dimmick, Bill Evans, Doug Barker, Cecil Phillips, Bob Sitaw and Roy Larson. Catherine Blanas is accompanist for this group.

Other organizations taking part in community programs are the band with five appearances, the string ensemble, the girls' nonette, mixed quartet, girls' glee club, a cappella choir, orchestra and individual soloists. Coleen Creswell, Catherine Blanas, Ronnie Tarr and Wilbur Elliott. Members of the music faculty, John McManus, Patricia Hunt, Jack O'Connor and Freeman Young gave three programs for outside-of-school events.

All programs are scheduled through the office of Andrew Loney, director of music education, and have become an important contribution of the school to the cultural and entertainment life of the city.

That there will be no lessening of the demand for these programs is indicated by the fact that already three programs are scheduled during February and five were given during January.

Organizations which have not appeared heretofore but will be used in the near future are the clarinet quartet, composed of Lois Larson, Don Roquemore, Geraldine Lewis and Ruth Peyton, and the brass sextet consisting of John Epley and Gordon Fletcher, cornets; Doug Dryden, French horn; Cameron Stewart, baritone; Bill Southwell, trombone, and Bruce Crawford, bass.

Van Vector Heard By Underwriters

Mistreatment of prisoners of war in Germany during World War II was described by D. E. Van Vector to 15 members of the Life Underwriters' association at a meeting Wednesday noon, at the Willard. Van Vector's talk dealt especially with treatment at the Ducheswald prison in Germany.

There was one guest present, William H. Moore, who is learning the insurance business. President Carl Baker presided.

By using atomic radiation to change gold into mercury, the bureau of standards has developed a new method of measuring length with a precision of one part in 100,000,000.

Turk To Speak

Ismet Sanli, young Turkish woman, will address the Knife and Fork club on February 11.

Discussion Of Moslems Set

Current attitudes in the Moslem countries toward world peace and the United States will be told to Knife and Fork club members and guests next week by Ismet Sanli.

Miss Sanli, young Turkish woman, will speak to the club Wednesday, at the 6:45 p. m. dinner meeting at the Willard. For several years she was a journalist for Ulas, Turkey's leading political newspaper and is familiar with conditions and reactions in political circles.

She was the only woman member of the Turkish delegation at the San Francisco conference of the United Nations. She toured Europe

Fresh Snow Blankets Big Area Of US

CHICAGO, Feb. 5 (AP)—Fresh falls of snow blanketed a wide section of the country today, putting the skids on many aspects of business in some areas as a prolonged cold snap in the New England states and Midwest showed no signs of abating.

The heaviest falls were along the eastern seaboard and Middle Atlantic states but some parts of Kentucky were covered with falls measuring nine to 10 inches. Light falls were reported in scattered sections across the country to Seattle.

One snow belt was reported from last year and will tell the Klamath Falls audience what she saw and surmised.

ANOTHER GREAT FEATURE At HARWIN'S

Mail and Phone Orders Promptly Filled

TipToe ... two-irons-in-one!

Tilt TipToe forward and the hinged sole plate turns the toe into a separate iron for frills and fancy work... small enough to finish fine details—fast!

Tilt TipToe back and the extra large sole plate breezes over big pieces of flatwork—smoothes a wide swath every stroke, speeds up your ironing!

Other features?... More than any iron!... reversible cord always out of the way... fully enclosed handle so fingers can't touch hot metal... ventilated deck to keep handle and fabric dial always cool... extremely accurate temperature control... and TipToe is light—only 3 pounds, 2 ounces!

Charge It! For easier, faster, better ironing... try TipToe!
