French Unions Ask Pay Up

PARIS, Feb. 11 (AP)—The General Confederation of Labor (CGT) demanded today 35 to 38 per cent wage rises to match rising prices.

The CGT is made up of left-wing unions. It is dominated by communists.

The upward spurt of prices began with the institution of the new French monetary program under which the franc was devalued, a free money market was established and 5000-franc notes were withdrawn from circulation.

Meanwhile, the cabinet decided persons who turned in fewer than 14 of the invalidated 5000-franc notes will be paid an additional 15,000 francs (\$50). They already have received a first payment of 10,000 francs (about \$33).

British Unions Demand Pay Up

LONDON, Feb. 11 (AP)—Thirty-seven trade unions, defying the labor government's wage freezing policy, voted today to demand higher pay for 3,000,000 members.

The Confederation of Shipbuilding and Engineering Unions agreed in a meeting at Newcastle to press for increases averaging about 14 shillings (\$2.80) a week.

The government, fearful of going broke within six months, fought to get trade union backing for its program to freeze both wages and profits. The program is on a voluntary basis.

Prime Minister Attlee, who proposed voluntary freezing of some wages and profits last week, faced rebellion by 20 labor members of parliament and some trade unions. They oppose his program. He planned to meet late today with leaders of the Trades Union congress. The congress is composed of eight million members, the backbone of the labor party.

Sir Stafford Cripps, chancellor of the exchequer, said yesterday there is a dangerous gap between Britain's export income and import expense. If it keeps up, Britain's monetary reserves will last only six months, he said.

Bank Theft Arrest Made

PORTLAND, Feb. 11 (AP)—A Umatilla cafe manager is in jail in Pendleton and 600 pounds of silver coins, worth approximately \$8500, stolen from the Athena branch of the United States National bank Wednesday night have been recovered.

Howard I. Bobbitt, FBI special agent, said today that Theodore James Audet, 43, Pendleton native and manager of the Damite cafe at Umatilla, was held on a charge of participation in the burglary.

Search of the cafe uncovered a small portion of the loot, Bobbitt said.

The bulk of the money was found in a cache near Echo, buried in the snowbound sagebrush country.

Bobbitt had no comment on details of how the money was located nor on reports that others were arrested with Audet.

U. S. Protests Red 'Abduction'

WASHINGTON, Feb. 11 (AP)—The United States has protested to Russia and Hungary against what it termed the "abduction" of two American military attaches by Soviet troops in Hungary.

A note to Moscow, made public today by the state department, declared the action was "an arbitrary and unjustified exercise of police power" by Red army troops.

The attaches, Lt. Col. Bernard Thielens and Peter J. Kopsak, were seized by Soviet troops in Hungary J. uary 14. They were taken across the frontier to Vienna, Austria, and released there when U. S. authorities protested.

Broken Pipe Closes Library

A broken steam pipe interrupted the usual routine at the city library Tuesday afternoon, and the staff was forced to close the building until the offending pipe is fixed.

Addie Mae Nixon, city librarian, said that the library was closed at 6 p. m., yesterday. Workmen have been repairing the heating system, and the library should be open late today.

Cochran Named Hardware Head

PORTLAND, Feb. 11 (AP)—Neil M. Cochran, Snohomish, Wash., is the new president of the North Coast Retail Hardware association.

He was elected last night, succeeding Ruel D. West, Portland, at the closing meeting of a three-day convention. Other officers include: Vice presidents, Raymond L. Miller, Forest Grove, Ore., and Ron C. Warburton, Seattle; secretary-treasurer, D. D. Stewart, Seattle, re-elected; directors, Xavier Baker, Kelso; G. B. Sprague, Tacoma; Kenneth Musser, Mount Vernon, and Carl Hane, Port Townsend.

USDA Forecasts Good Wheat Crop

WASHINGTON, Feb. 11 (AP)—The agriculture department reported today that January weather, like that of December, was favorable to the winter wheat crop.

Previous trade reports to this effect were one factor influencing the sharp break in grain prices.

No new forecast was given for winter wheat production.

Record production of citrus still is in prospect, despite the damage and winter vegetable production will exceed that of a year ago, the department said.

WHY WE SAY
By Lloyd J. Stevan

"TO FIGHT TOOTH AND NAIL"

Fight tooth and nail implies to do it with the utmost ferocity. This is one of our oldest proverbs which originated before 1533 when Udall wrote, "He doeth all thynges — with tothe and nayle, as much as in him lyeth."

Monopolistic Charge Denied

PORTLAND, Feb. 11 (AP)—A proposed contract for a 100-year sustained-yield timber cutting program is not monopolistic, the answer to a federal court suit asserted today.

Fischer Lumber company of Marcola filed the answer to a suit under which George E. Owen, Eugene, and the Western Association of Lumbermen and Loggers would enjoy establishment of the proposed timber unit on the Mohawk river near Eugene.

The company admitted that while those not party to the contract would be unable to buy the federal timber within the unit for 100 years, this did not establish a monopoly.

At the same time, an amended complaint was filed which re-stated the case against the department of the interior and the Fischer company. It alleges unconstitutionality of the 1937 congressional act setting up contract provisions for management and sale of public timber.

The government, one of the defendants, has not filed its answer.

Groundhog Out—Skunks Better

LOCK HAVEN, Pa., Feb. 11 (AP)—The groundhog is vastly overrated as a weather forecaster says Weatherman Joseph A. Beaver.

The skunk—now there's an animal to trust when it comes to weather, Beaver said yesterday.

"Pay no attention to the groundhog," said Beaver. "If the skunks are out on the country roads, there will be a break in the weather."

Couple Make Suicide Try

SALEM, Feb. 11 (AP)—Richard Eoff, 48, who is charged with beating a Salem housewife, and his wife attempted suicide yesterday by taking overdoses of sleeping pills, Sheriff Denver Young said today.

Eoff, who Sheriff Young said is a paroled life-terminer from the Missouri penitentiary where he was charged with murder, was found unconscious in his jail cell and rushed to a hospital.

A short time later his wife was found in a coma at their home, suffering from an overdose of the same kind of tablets, Sheriff Young said.

Both were said to be in good condition today.

CARD OF THANKS

We wish to extend our heartfelt thanks and appreciation for the kindnesses extended to our wife and mother during her illness, and for the beautiful floral offerings and messages of sympathy tendered us during our bereavement in the death of our wife and mother, Julia Hult.

Gandhi Funeral Train Leaves For Final Rites

NEW DELHI, Feb. 11 (AP)—A funeral train, decked with flags of the free India he did so much to create, pulled out of New Delhi today bearing the ashes of Mohandas K. Gandhi toward their final resting place.

The ashes will be immersed at the confluence of the Jumna, Ganges and Saraswati rivers near Allahabad at noon tomorrow before an estimated 2,000,000 persons.

A great crowd stood solemnly as the remains of the assassinated Hindu spiritual leader were carried to the train by his son, Ram Das, and a disciple.

Suddenly it broke, and men, women and children rushed police lines. Some of them wanted a last look at the remains of the man they loved so well. Others, who struggled through a mass of humanity, reached in the funeral car window to snatch flowers from around the urn.

Police, swinging heavy bamboo lathis, slashed about, trying to restore order.

Then Nehru walked to the little third class coach where Gandhi's funeral urn sat fixed to a palanquin. He gazed quietly into the window at the urn, which rested on a darkly stained varnished stand. Six small spotlights brightened the urn and etched the outlines of the Indian flag on which it stood.

Another Indian flag formed a canopy.

On the outside of the coach the freshly-gilded Roman numeral III was a reminder of the simplicity of Gandhi. Always in life he had ridden the hard benches of a third class coach. In deference to him, the whole funeral train was composed of third class cars. In further deference no members of the party smoked or chewed betel nut.

As Nehru stood in a silent tribute, the train creaked slowly away. The prime minister snapped to a salute.

Gandhi's youngest son, Devadas, will strew the ashes on the three rivers most sacred to Hindus.

DIPHTHERIA
PORTLAND, Feb. 11 (AP)—Ten cases of diphtheria were reported in Oregon last week, but no infantile paralysis cases, the state board of health said today.

Seven of the diphtheria-stricken persons live in Coos county.
