

Reds Accuse Allies Of Hitler Deal

MOSCOW, Feb. 12 (AP)—Russia says Great Britain and France before the war encouraged Adolf Hitler to turn the German army against the Soviet Union.

She charges that they let Germany take over Czechoslovakia and, in the pact of Munich and others, entered into non-aggression agreements with Germany's foe.

These accusations were made in a statement issued last night by the Soviet information bureau. In support of them, the bureau cited German foreign office documents for 1937 and 1938 which it said the Red army had captured.

Second Statement

The statement was Russia's second in reply to publication of papers on Nazi-Soviet relations by the United States. This one said little about the U. S.

(The U. S. state department published captured documents January 21 which said Hitler and Stalin plotted to split up Poland, dominate the Balkans and shut the Western powers out of Europe altogether.)

(In Washington last night, no comment was forthcoming from the department on the latest Soviet statement.)

(The British foreign office and the French foreign ministry did not comment, either. In London, a foreign office spokesman said Britain's official reply, if any, would be withheld pending a check on how the statement was documented.)

The Soviet communique said British-French policy before the war was aimed "at isolating the USSR and directing Hitlerite aggression towards the east against the Soviet Union, using Hitler as a tool for their own ends."

It declared that Hitler's annexation of Austria March 12, 1938, met no resistance on the part of Britain and France and that in the face of Czechoslovakia's appeals for help against Germany under a mutual assistance pact, "the Anglo-French rulers remained implacable."

Winds Uncovering Old Shipwreck

ASTORIA, Ore., Feb. 12 (AP)—An old shipwreck is rising out of the sand near here.

The Peter Iredale, a four-masted bark which ran aground on Clatsop spit in 1906, has become clearly visible on the beach. East winds have unearthed the sand around it until masts, spars, rigging and hull are exposed.

Foresters Slate Meet

OREGON STATE COLLEGE — Open house at the expanded Oregon Forest Products laboratory here will be a principal feature of Forestry Day on the campus February 14, which will end with the 16th annual Fomhopper-Society of American Foresters banquet that night. Last year this banquet drew more than 400 men from all parts of the Northwest.

Larry Marshall, Sweet Home, president of the Oregon State Forestry Alumni association, has also announced a meeting of that group for 4 o'clock. It was organized a year ago. Any business of the Columbia River section of the SAP will be transacted at the banquet, says George H. Schroeder, Portland, president.

Henry Clepper, executive secretary of the Society of American Foresters, of Washington, D. C., will be the banquet speaker.

White Hospital Given Good Chance

PORTLAND, Feb. 12 (AP)—The state rehabilitation committee chairman of the Veterans of Foreign Wars estimated today a "better than even chance" that congress would direct the veterans administration to take over Camp White hospital.

John Walker Jones, Milwaukee, had just returned from testifying before the senate committee considering a bill to have Camp White converted into a veterans' hospital.

Jones said the veterans administration objects chiefly to the cost of conversion. He asserted, however, that the VA figures on cost were greatly overestimated.
