WHY WE SAY "ONE FOOT IN THE GRAVE"

By Lloyd J. Stovess

This coined phrase means that one is so old and fragile in health as to be near death. "The Little French Lawyer," written 291 years ago by Beaumont and Fletcher, had 'one foot in the grave.'

Homestead Apps Ready

Processing of the 4024 applications received for 44 homesteads in the Coppock bay area was completed Thursday by the examining board of the U. S. bureau of reclamation.

Notifications on all rejected applications will be in the mail today and all applicants will be notified as quickly as possible.

Two hundred appeals have been received to date on rejections and the appeal board in Sacramento is considering them. There will be another meeting of the appeal board to consider any late appeals. A. D. Harvey, in charge of the USBR homestead division, said today.

March 15 is still the hoped-for date for the drawing on homesteads.

Three Plays To Be Given

A series of three plays will be presented in coming months by the 1948 Drama Festival. The 20-30 club, through the Civic Drama Guild of New York, has booked the three plays direct from New York, with professional casts.

"Dream Girl," which closed a few months ago after a two-year run on Broadway, will be given February 25, "Made in Heaven," by Harriet Wilde, author of many successful Broadway productions, will be presented April 13, and the last, "Kiss and Tell," an outstanding comedy will be given May 17.

The Klamath Union high school auditorium will be the setting for the productions.

Beginning February 18, the 20-30 club will establish a ticket booth in the J. C. Penney company store. Tickets will be sold for the series of three plays, with no individual tickets available. All tickets must be purchased in advance of showings.

Grand Coulee Gets Last Generator

COULEE DAM, Feb. 13 (AP)—Workers hastened today to complete installation of the ninth—and last—generator in Grand Coulee dam's west powerhouse.

The eighth generator went into production yesterday to increase the giant power plant's record production as bureau of reclamation officials reported the powerhouse had set a production record last week of 150,705,000 kilowatt hours. The previous record was 145,600,000 kilowatt hours, set in February, 1944.
