# Odell Motor Company Sold To John McCulloch; Firm To Handle Studebakers

John R. McCulloch

Sale of the Odell Motor company to John R. McCulloch, who will operate the Studebaker automobile and truck agency as McCulloch Motors effective Monday, was announced today.

McCulloch, formerly a special agent for the federal bureau of investigation, is a brother of Ralph W. McCulloch, former Klamath Falls automobile dealer.

John McCulloch graduated from the University of Oregon law school in 1935, and immediately upon being admitted to the Oregon bar joined the FBI.

For the past seven years he has been connected with the Portland FBI office except for special assignments in South American countries, the Caribbean and Canada.

Last fall, on loan from the FBI, McCulloch conducted the school for police officers at the Oregon Vocational school.

Mrs. McCulloch and their three sons, John, Mark and Kent, remain in Portland but will move here as soon as McCulloch finds a home.

Odell Motor company personnel will continue under the new ownership, with Emil Caroz, sales manager; Leo Karamand, service manager; Archie Beckwith, parts department manager, and Russell Fairchild, office manager.

Mr. and Mrs. Ralph McCulloch and their daughter, Carol, have visited at the Martin Ramsby home the past week from their home in San Carlos. Ralph McCulloch has operated a Studebaker dealership in San Francisco since his release from army service.

# Forrestal Charged In "Gag" Story

WASHINGTON, Feb. 14 (AP)—Three senators complained today that the secretary of defense is trying to "gag" the armed forces.

Secretary Forrestal has ordered all top army, navy and air force men to give his office a first look at any future statements or speeches on controversial subjects.

He said that includes testimony to congressional committees. The idea, he explained, is to stop "public evidence of friction" among the rival arms.

"An iron curtain," snapped Senator Johnson (D-Colo.).

"I don't want the admirals and generals to be a-fuggin', a-fightin' and a-fussin' in public but I do want them free to express their opinion."

Chairman Gurney (R-S. D.) of the senate armed services committee said he is so "concerned" about the order that he will ask his group to "discuss it at our first session."

"I take it we are a free country," Gurney told a reporter. "I see no reason why the public should not be as fully informed as possible by those qualified to speak upon matters of national interest."

Senator Morse (R-Ore.), a member of the committee, agreed.

He said congress expects all military personnel to give information "without censorship and without fear of discipline being suffered by the witness."

# Low Decision Not To Run Starts Rush

(Continued from Page 1)

native of this city, attended local schools, graduated from Klamath Union high school, joined the air corps, served three and one-half years. He was 18 months in the China-Burma-India theater as a pilot, and attained a captain's rank. He is unmarried, a member of the Elks, Masons, Legion and VFW, and in peace-time has been employed as a body and fender repairman for Rose Motor company.

The candidate said that if elected he will give Klamath county the best possible service as sheriff of which he is capable. "I feel I am qualified to do a good job as sheriff, and will appreciate the support of Klamath county people for this position."

Mike Williams of Fort Klamath has been mentioned as a possible democratic candidate for sheriff. If no democrat files, it is likely the sheriff race will be run off in the primary. Unless there is a democratic nominee, only an independent candidate could oppose the republican nominee in the fall.

The filing fee for sheriff is \$20. In addition to sheriff, the man who gets the job is county tax collector, and keeper of the county jails.

# Rockefellers Off On Honeymoon

PALM BEACH, Fla., Feb. 14 (AP)—Fabulously wealthy Winthrop Rockefeller and his bride, the daughter of immigrant Lithuanians, spent their honeymoon night within a three-minute drive of their marriage place and today were off on a Florida honeymoon trip.

Rockefeller and the former Mrs. Barbara Sears, married in the first minutes of his St. Valentine's Day, drove only as far as the Palm Beach Biltmore hotel to spend the rest of the night.

# Former Senators Visit Capitol

WASHINGTON, Feb. 14 (AP)—Two former Pacific Northwest senators are visiting Washington and the capitol.

Hugh Mitchell of Seattle, who served out the term of former Senator Wallgren after Wallgren was elected governor of Washington, says business brought him east.

Former Senator Holman (R-Ore.) and Mrs. Holman plan to remain here until about March 1. They are en route from New England where they attended the marriage of Mrs. Holman's son.

A new atomic ray detector is capable of counting particles cast off by exploding atoms at the rate of 100,000 each second—50 times more than the standard Geiger counter can record.

# Girl Scout News

Invitations for dinner and a program are going out to many people in the Klamath area who are interested in Girl Scouting. The occasion is the annual public relations dinner to express appreciation for public support, and show what the Girl Scout program is doing in our community. A short after-dinner program will feature a talk on "Our Responsibility to the Youth of Klamath Falls," by Phil Hitchcock, and messages from Mrs. Marjorie Kaser, who is the field director of region 11 with offices at Seattle; and Mrs. Davis, the regional committee member from Medford. A movie will be presented showing Girl Scouts in action.

Let there be some confusion about the Girl Scout-Camp Fire Girls' swimming classes this Friday night, this is the schedule: All girls are to come to the same class as they did at the last meeting, except for those who got cards in the mail for their new cards in a time. New-comers are to be in the pool by 7:30.

**Training Course**

Some interesting things are happening at the Girl Scout office at 412 Main. Miss Ella Redkey, executive secretary, is off on a month's professional orientation course held at Astoria, Calif., where she is learning more about such things as counsel-professional relationships, committee work, administration procedure, leader training. She will be gone until March 8. All next week the office secretary, Marian Schieferstein, will be away, but for quite a different reason. She's to be married on Valentine's Day and will take a week's honeymoon. The office will be staffed from 2 to 5 by council members.

**Valentine Parties**

Many troops have taken time from their regular study and service projects to have Valentine parties. The Malin Brownie troop 44 is having a party with troop 45, under the leadership of Mrs. John Freitag and Mrs. Ara Arnold, leaders of troop 44. Their project at the present time is pot-holder making.

**Troop 9**

Troop 9 of Altamont, with Mrs. Hans Frei as leader, have several projects under way. On February 2 Mrs. James Finniger awarded 10 members of this troop their second-class badges, and Marian Schieferstein demonstrated coppercraft work. Punch and doughnuts were served at the close of the meeting. This group is assembling clothes for friendship kits for Girl Scouts and Girl Guides in Holland and France.

Mrs. Kenneth Lambie reports on a very interesting program which her troop 37 of the Shasta neighborhood held on February 10 in the Shasta school cafeteria. Mrs. J. A. Kirkpatrick is the assistant leader of this troop and helped with the Valentine party which climaxed the homemaking course the troop has just completed. The party was in honor of two newly-formed Brownie troops, 34 and 36, and four new members who have been transferred from Altamont. The leaders of troop 34 are Mrs. Palmer Hole and Mrs. John Caldwell, and 24 adults and girls were present from this troop.

# Homemakers Broadcast Party Hints

KFLW Announcer Don Neal holds the "88-A bullet" mike for Helen P. Stine, home demonstration agent for the homemakers' broadcast from the BDA office. Mrs. Cecil Nickelson (center) and Mrs. Wilbur Book (right) of the city home extension unit tell their radio audience how to play games and make gifts and favors for special party occasions, while Miss Stine keeps the ball rolling by asking questions.

Twelve members and adults of troop 36 attended, with their leader, Mrs. A. J. Sessions. The four transferees were Shirley Gordon, Shirley Sample, Geraldine Moore and Judy Ferrell. Altogether there were 60 adults and Scouts present to participate in games and partake of refreshments. The Girl Scouts made the favors and refreshments themselves. The homemaking course which they just completed was conducted by Mrs. Paul Layman, a home economics graduate of Iowa State college and included such useful subjects as table setting, nutrition and party planning.

All the leaders in the county who have not yet done so are reminded to have their picture taken for the March window at Kennell-Ellis, which will feature Girl Scouting.

Council members are also reminded about the council meeting to be held Monday, February 16, at 1:30 at the chamber of commerce.

# Schoolgirl Slays Mother

FRANKLIN, N. J., Feb. 14 (AP)—A 15-year-old schoolgirl was charged with murder today in the fatal bludgeoning of her mother during an argument over a dance.

Police Chief Herbert C. Irons said Marion Russo would be removed from Franklin hospital, where she was treated for bruises and shock, to the Sussex county jail today.

An autopsy last night showed that the mother, Mrs. Lillian Russo, 35, died of a brain hemorrhage.

Irons said she was found dead in the cellar of their home, her body partly stuffed in a sack.

The police chief said the girl told him she had quarreled with her mother over whether she should go to a dance last night at the high school.

He said the girl gave him an oral statement that after her mother hit her with an iron pipe, she struck her mother over the head with a beer bottle in self defense.

The girl's father, Samuel, is a barber.

attractions be spotlighted as adding to the historic values of Oregon.

Governor Hall spoke briefly, accepting for the state the group's "Miss Oregon," Julie Holman Scharff. Mrs. Walter J. Holman presided.

Woodrow Wilson used 6221 words in 75 public addresses and more than 60,000 words in his books.

# False Alarms Baffle Firemen

False alarms kept the city fire truck on the hop late yesterday afternoon and one of the calls caused considerable concern and numerous calls to The Herald and News when rumor had a fire blazing at Big Lakes sawmill.

The first call came in at 5:10 p. m. from 535 N. 11th, but this was trash burning and the truck went back to the station. At 6:19 p. m. someone pulled the switch at Big Lakes and the truck responded immediately. There was nothing doing and the firemen settled back to a quiet evening.

# State Observes Valentine Day

PORTLAND, Feb. 14 (AP)—Oregon's Valentine Day birth as a state was observed here last night at the annual dinner of the sons and daughters of Oregon pioneers.

Frank Branch Riley spoke of past history and advised that natural

# Marines Plead For Captives

SHANGHAI, Feb. 14 (AP)—U. S. marine planes dropped leaflets today in Chinese communist areas near Tsingtao in an effort to open negotiations for release of four leathernecks held by the Reds.

A spokesman for the U. S. embassy said the navy was in contact with the communists and "is doing everything possible to arrange their release."

At Tsingtao, a marine corps source said it was difficult to communicate with "proper communist authorities" because they are constantly on the move. U. S. naval headquarters there had no comment.

The Chinese communist radio, in a broadcast picked up by the Associated Press in San Francisco, confirmed yesterday that five marines were captured Christmas Day and one of them had died of wounds. The Reds charged the marines were aiding government troops in an engagement north of Tsingtao, in North China.

U. S. naval authorities have answered similar charges with emphatic denials. In this case, four marines were on special passes for a hunting trip and the fifth was absent without leave. Their bullet riddled, burned jeep was found later.

Embassy sources at Nanking said there was no hint of an ultimatum that the captive marines would be

# Tourist Trade Falling Off

PORTLAND, Feb. 14 (AP)—The way conditions are, the Pacific Northwest will have to fight for tourists from now on, chamber of commerce officials were told here yesterday.

"The tourist isn't thinking, 'Where shall we go?' but 'Shall we go?'" William G. Ferguson, secretary of the Pacific Northwest Travel association, said.

He said there was competition with the night clubs to be considered. "We are selling the family on the idea that travel can fit the budget. If the dollars are frequently wasted on 'nights out' are saved for that vacation trip," he said.

harmful unless U. S. forces left China.
