Cascade

Dr. Don Long and family from Coos Bay detained at Cascade Summit completely equipped with sleds and other sports articles to spend the week-end and a few days at Odell Summit lodge. First thing the family did was to build a huge snow man at the entrance to the lodge and then they went skiing and sledding.

Jerry Kemper and Gordon Badley visited at Odell Summit lodge, spending most of their time following snowshoe rabbit tracks around the hills. Time wasted... no rabbit for dinner.

Mrs. Mary E. Moore departed for San Francisco, intending to stay about a month. The mountains held a fascination for her, but business called, so off to the city she went, to check up on her home and other duties and also to keep up with her membership in the Rebekahs, Veteran Rebekahs and Daughters of the Union Veterans of the Civil War. Being a past president of the DUVCV has certain obligations attached to it, so after discharging these Mrs. Moore will return to her summer home at Crescent Lake and then back to Cascade Summit for another stay.
