Boy Beaten Up By Youth

PORTLAND, Feb. 26 (AP)—Beaten, kicked and stabbed with a stick, five-year-old Larry Matott was in "fair condition" today after an operation for a punctured abdomen.

A 13-year-old neighbor boy who, Sheriff's Deputy Ronald Callbeck said, had recently been excused from attending school because of mental deficiency, was held for investigation by the juvenile court.

Larry's father, Donald Matott, a mill worker, said, "The first we knew was when Butchie came up on our front porch stark naked except for one carpet slipper and the string which had held up his shorts.

"All he could tell us was, 'See what the bad boy did to me. He hit me with a club'."

Callbeck said the 13-year-old—whose name was withheld—told him he tore the clothes off the child, hit him with his fists, knocked him down, stamped on his face with the heel of his boot, then knelt down and "jabbed at his stomach" with a half-inch branch from a bush until the wall was pierced. He gave no reason for the attack.

Doernbecher hospital said Larry "spent a good night" after an operation on the punctured abdomen and, barring unforeseen complications, will recover.

Koreans Die In Riots

SEOUL, Feb. 26 (AP)—The U. S. army reported today five or six Korean civilians and a policeman were killed in a renewal of communist-inspired agitation against the United Nations. Thirteen Koreans were injured seriously.

Saboteurs also destroyed a bridge, cut telephone wires and placed ties across railroad tracks.

The meager army report said groups of from 50 to 1000 attacked police boxes last night at widely scattered points in Southern Korea.

The incidents were similar to those of February 7 in which 47 persons were killed. Riots at that time carried placards demanding the withdrawal of the UN commission for Korea. The commission was thwarted by the Russians in its attempt to plan nationwide elections leading to Korean self-government.

Feeling is running high with the approach of Sam Il Day, March 1, commemorating the ill-fated Korean declaration of independence from the Japanese in 1919. By Korean account, 20,000 persons were killed then while attempting to demonstrate peacefully against the Japanese.

Speculator Purge Asked

SALEM, Feb. 26 (AP)—James Patton, Denver, president of the National Farmers union, wants speculators driven from the grain markets.

He told the state Farmers union convention last night that speculators cause depressions. He said no one should be allowed to buy or sell grain unless he has grown it or is going to use it.

Patton said "some men in congress are working toward a whale of a depression." He urged farmers to exercise great care in choosing their congressmen.

Patton opposed universal military training. He supported the European recovery plan, and said the United States also should share its technology and education to enable Europeans to use their own resources.

Smelt Sands War Comes To End

YACHTS, Feb. 26 (AP)—An armistice has ended the "smelt sands war" at this coastal town.

Louis Christensen, contractor, who held a state highway commission permit to use the sand for concrete, has offered to turn back his permit to the state.

The decision was announced last night to a chamber of commerce meeting called to discuss a possible junction suit to halt removal of the beach sand.

When the warfare first started, ex-Governor Oswald West accused the state highway commissioners of jeopardizing the state's title to the coastal area. Sportmen opposed removal of the sand because the deposit was favored by silver smelt for spawning.

Gas Supply Out In Vancouver

VANCOUVER, B. C., Feb. 26 (AP)—The "Sorry, no gas" signs are appearing in front of Vancouver service stations.

Sixty-eight stations handling Imperial and Home Oil gas said today their supplies are out or will be gone by Saturday.

March quotas will not be available until next week.

The supply shortage developed when oil companies limited deliveries in opposition to a recent government price boost which they contend does not meet operation costs.

Food Price Scale Drops

NEW YORK, Feb. 26 (AP)—The Dun and Bradstreet wholesale food price index declined on February 24 to the lowest point since August 19, 1947.

The index, representing the sum total of the price per pound of 31 foods in general use, stood at \$6.61 on February 24. This, compared with \$6.76 a week earlier and \$6.57 on August 19, 1947. It was about the same as a year ago when the index stood at \$6.62 on February 25.

Death Opens Weird Tale

CINCINNATI, Feb. 26 (AP)—Death unmasked the true identity of an aged negro woman who posed as a man for 45 years, city officials said today.

The death last night of "Charlie" Howard further disclosed the woman was married for a time to a Paris, Ky., woman.

After police had been summoned to a west end home to investigate the death, a pension board physician reported he had learned "Charlie" was a woman when she applied for a pension last Monday.

She had always dressed as a man and apparently had "completely fooled" her neighbors, he added.

The Howard woman had given her age to the city health department as 107.

Mrs. Ida Belle Smith Redd of Cincinnati told newsmen she had records to show that her widowed mother, Mrs. Anderson Smith, had married Charlie Howard at Paris, Ky., in 1902. The marriage lasted four months, she added.

Mrs. Redd learned that her one-time "stepfather" was a woman after an automobile accident eight years ago. "Charlie" was injured but

Tree Swallowed Up By Earth

PORTLAND, Feb. 26 (AP)—They were grappling in a garden Wednesday for a tree which was literally swallowed up by the earth.

The tree—a six-foot arborvitae—grew in Mrs. Edward E. Evans' back yard. Sunday it disappeared into the ground, deep into a 10-foot pit that had never been in Mrs. Evans' yard before.

Today workmen came out to investigate the pit. A city severs official theorized that it might be an old cesspool or well, and that the topsoil covering it collapsed under Saturday night's heavy rain.

Four Perish In Blazing Home

CAMDEN, N. J., Feb. 26 (AP)—A mother and her three small children perished early Wednesday in a fire which swept nine of a row of 16 homes.

The victims were identified as Mrs. Dorothy Evans, and her children, John, three, George, two, and Tommy, one.

Two firemen were seriously burned.

Speculation Rife On Benes Silence

NEW YORK, Feb. 26 (AP)—An American Broadcasting company, broadcast from Prague today said the cancellation of scheduled talks to the nation by President Eduard Benes had led to speculation.

The ABC correspondent, Palmer Hoyt Jr., said:

"Some think that he is ill; some think that he just doesn't like talking at this time, and others are afraid that he is being held a virtual prisoner."

Hoof-Mouth Fight Made

SALEM, Feb. 26 (AP)—The state agriculture department said today it is doing everything possible to prevent spread of hoof and mouth disease from Mexico into Oregon.

M. E. Knickerbocker, chief of the division of animal industries, urged Oregon buyers and breeders to investigate the origin of cattle moving into Oregon.

Cattle moving here from states bordering Mexico are being quarantined upon arrival, and are being observed for 30 days.

But Knickerbocker said cooperation of buyers is needed because it is difficult to determine where some animals originated. This is especially true when they have stopped off at other states on their way to Oregon.

He said many cattle are being brought to Oregon to escape the Southern California drought.
