Soft Coal Men Ponder Lewis Plan

WASHINGTON, Feb. 28 (AP)—Soft coal mine owners sought an answer to John L. Lewis' pension demand Friday to head off a possible new contract crisis.

Lewis, as head of the United Mine Workers, has proposed using the miners' welfare and retirement fund to pay \$100 a month to coal diggers 60 years old who have worked 20 years in the pits.

The fund is growing from a 10 cent a ton royalty under terms of last year's one year contract.

The operators insist the Lewis demand would require a much bigger contribution—perhaps 30 cents a ton, some say.

Lewis made his proposal to the trustees of the fund. He is one trustee. The neutral member, Thomas E. Murray, quit. The operators' representative is Ezra T. Van Horn.

It was Van Horn who called today's meeting of his colleagues on what once was a nationwide negotiating committee.

The committee was abandoned during Lewis' scuffle with the government in the injunction action against his strike of November-December 1946.

The producers are known to be fearful of another mine shutdown this spring.

The UMW contract with the soft coal industry expires June 30.

Bookies To Lose Phones

SAN FRANCISCO, Feb. 28 (AP)—A government report, long secret, charges that horse race wires serving West Coast bookies got wartime priority over the U. S. army for Western Union services.

That disclosure was made before the California public utilities commission Thursday. The report also charged that bookie wires got priority over war plants producing supplies for the military.

Edmund G. Brown, San Francisco district attorney, quickly asked both Western Union and Pacific Telephone & Telegraph company to halt their services to Pioneer News Service. Both said they would. Witnesses told the commission Pioneer has a race information monopoly in California. They said it was an agent for Continental News Service of Cleveland, O.

Brown's order was described by other officials as a "death blow to bookmaking as an organized racket in Northern California."

Lower Stock Rate Sought

SAN FRANCISCO, Feb. 28 (AP)—California cattle and sheep men, moving their herds from drought-parched ranges to Oregon, Nevada and Montana, Friday sought a 50 per cent emergency reduction in rates for major railroads and trucking companies.

The cut also was sought for hauling feed into the state. The rate cut applications were filed with the public utilities commission.

An estimated 10,000 head of cattle already have been moved out of San Joaquin valley by truck and train, reported C. A. Melcher, superintendent of the Kern County Land company.

Sheepmen estimated 500,000 lambs and 800,000 mature animals would be involved in the emergency shipping and feeding program.

Most of Northern California will get a few showers tomorrow, the weather bureau said today.

But not even a sprinkle will be felt in the San Joaquin valley, one of the driest areas.

LaMarre Tells Of Meyers "Kickback"

WASHINGTON, Feb. 28 (AP)—Bierliot H. LaMarre testified Friday that Maj. Gen. Bennett E. Meyers ordered him to lie to senate investigators by saying LaMarre had spent big war plant salaries on "race tracks and bookmakers."

LaMarre told the jury earlier that he actually had turned over the bulk of his wages from the Aviation Electric company, Dayton, O., plane parts firm, to Meyers as the company's "real boss." LaMarre has styled himself as "dummy" president of the concern.

Meyers was a wartime purchasing chief for the army air forces. He is on trial charged with inducing LaMarre to lie at a senate inquiry last summer into Meyers' private business deals.

Army Fires 7 For Security Reasons

WASHINGTON, Feb. 28 (AP)—The army announced Friday the dismissal of seven employees in St. Louis for reasons of national security.

In addition, the army said it has turned over to the FBI an unspecified number of other cases for investigation under President Truman's order for a loyalty check of government employees.

The discharged employees were dropped from the finance section of the army administration center in St. Louis. The center handles records, including those of former soldiers.

THEFT
BUFFALO, Tex., Feb. 28 (AP)—A short, stocky man of about 25 robbed the Citizens bank of \$2000 at 2:45 p. m. Friday and escaped in a black Buick sedan, Sam Burroughs, president of the bank said.

In The Day's News

(Continued from Page One)

dividual freedom. Now they must change—overnight.

They must CRINGE—not stand erect.

It is little wonder that Dr. Prokop Drina, former minister of justice, tried to commit suicide last night by jumping out of a window. He knew he couldn't stand it. (Unfortunately for him, his suicide attempt failed, and he still lives—to suffer.)

ONCE more, let's look backward for a moment.

When, at Yalta, we agreed to the Stettin-Adriatic line as the western boundary of Russian influence, we sold Czechoslovakia (which lies EAST of the line) into what has just happened to her.

HERE'S a bit of history:

General Patton (always a rebel) BOOMED OVER THE LINE. Some of his armored outfits reached Prague. The people of Prague were wild with joy over the coming of the Americans. They thought it meant that thereafter they would live UNDER AMERICA instead of UNDER RUSSIA.

It didn't mean that.

We pulled out and the Russians came in.

WHY? General Patton provided the answer in his memoirs.

People everywhere asked him, he said, why we didn't save Czechoslovakia from communism. His reply to such questioning was terse and blunt:

"We were ordered not to."

AT YALTA, we were trying to APPEASE Russia.

It didn't work.

Czechoslovakia is paying the price. We will pay the price if we go on appeasing.

Snow Storm Whips Basin

An hour-long storm which whipped the Klamath basin before midnight last night, left three inches of snow on the ground and this section experienced its second blast of winter in a week's time.

Last Sunday an afternoon storm disrupted power and lashed the area, but winter, in its eccentric mood, slipped a 61-degree day into the middle of the week. CAA recorded that spring-like temperature on Wednesday.

At noon today skies were clear and a warming sun was melting much of last night's snow. The weatherman forecast "clear" for the week-end.

The Klamath Falls state highway shops advised a 10-inch snowfall last night on Hayden mountain of the Greensprings highway; eight inches fell on Sun mountain of highway 97, four inches of new snow fell on the Willamette pass and the same amount on Quartz mountain of the Lakeview highway, but double that covered the Drews Creek area on the other side of the mountain. Plows and sanding crews were working throughout the district.

KPCA Members Meet Here

Major problems effecting the livestock industry in Klamath basin were discussed at a meeting held Friday in the Klamath Production Credit association office and attended by directors of the Klamath Cattlemen's association.

The meeting was called and presided over by Henry Gerber, president. Another meeting of the association will be held in Klamath Falls on March 17, Gerber announced, when Dr. C. F. Haynes, state veterinarian, and Dr. McKenzie, head of the animal husbandry division at Oregon State college, will be present.

It is also hoped to have E. L. Petersen, director of the state department of agriculture, and Sherman Guttridge of Prairie City present. Guttridge is president of the Oregon Cattle and Horse Raisers association.

Ambassador Raps Girl For Views

MOSCOW, Feb. 28 (AP)—U. S. Ambassador Walter Bedell Smith says Miss Annabelle Bucar, one of his staff who resigned yesterday, was reprimanded in not notifying him that she married a Russian baritone 13 months ago.

Under state department regulations, Smith said, Miss Bucar, a tall blonde, should have notified the embassy of her marriage and immediately resigned.

Miss Bucar, who is 33 and from Clairton, Pa., said she met her husband, Konstantin Lapshin, about 36, almost two years ago when she came to the Soviet Union to work in the U. S. information service. Lapshin sings with the Moscow Opera theatre.

Resigned

She resigned yesterday, saying she felt further work with the embassy would be "incompatible with my present views."

In her letter of resignation Miss Bucar said she had acquired a real understanding of the Russians. She said the policy of the U. S. embassy "is directed against these people."

In the U. S. information service Miss Bucar did some work on a Russian-language magazine titled "America."

In Clairton, a sister, Mrs. Emily Baich, said: "It sounds like she's turned Russian on us. We don't approve of it."

Another sister, Mrs. Mary Louise Coyne, said Miss Bucar had telephoned her family Thursday about her marriage in Russia. "I don't think anyone minds if she stays there," Mrs. Coyne said.

Youth Worker Slates Visit

Winfield Johnson, youth worker from Zion, Ill., will conduct a series of young people's meetings at the First Covenant church, 823 Walnut beginning March 2, and continuing through Sunday, March 7.

The meetings are designed to be of special interest to children and young people. Adults are invited to attend and will also find the sessions of interest.

Johnson, known as "Uncle Win," presents a varied program with special features for each evening, including "chalk talks," oil paintings, numbers on an electric guitar and other special presentations.

Meetings will be held at 7:30. Tuesday will be free gift night for all under 18 years old who attend. Parents are urged to bring their children. Everyone is welcome.

Grange Women Plan Project

Twelve women members of the Langell Valley grange home economics club have embarked on a program of saving "an egg a day" for 30 days as part of the club's ambitious program to provide boxes for needy European children.

The eggs will be given away on Thursday night, March 11, at an open grange meeting at which time candidates for county and state offices will be invited to a 7:30 o'clock dinner in the grange hall. Invitations are now being prepared for the affair which is the first scheduled for presentation of candidates in the county.

Money from the sale of the 30 dozen eggs, to be awarded in 20 and 10-dozen lots, will go into the home economics club foreign children's fund.

Weyerhaeuser Worker Injured

Robert Madderra, 34-year-old Weyerhaeuser Timber company employe, was admitted to Hillside hospital at 9:30 o'clock this morning suffering from nose and jaw injuries sustained while working on the big mill's turbine which is being repaired at this time.

Details of the accident were meager but it is understood that a piece of the turbine flew from the machine and struck Madderra full in the face.

ERP Passage Seen March 15

WASHINGTON, Feb. 28 (AP)—Senator Vandenberg (R-Mich) today set March 15 as the target date for senate passage of the \$5,300,000,000 European recovery program.

He said action on the proposed \$570,000,000 aid for China and an additional \$275,000,000 Greek-Turkish military supply bill would follow.

The communist coup in Czechoslovakia and Russian demands on Finland have added new impetus to the European program, Vandenberg told reporters.

"It is obvious that if we are going to do anything, time is of the essence," he added.

Vandenberg's comments came after a closed door session of the senate foreign relations committee, which he heads. He said both Czechoslovakia and Finland were discussed at the meeting.

Father Bars Door To "Red" Daughter

PITTSBURGH, Feb. 28 (AP)—The father of Annabelle Irene Bucar, ex-University of Pittsburgh co-ed who announced her marriage to a Russian singer and quit her U. S. embassy job, said today: "I won't let her come home."

"I cannot understand her leaving the best country in the world," declared Ivan Bucar, 51, a farmer of nearby Jefferson township. "I don't approve of her becoming Russian and I don't approve of Russia."

Mrs. Dunbar Speaker For Health Group

Mrs. Saldie Orr-Dunbar spoke at the Klamath County Public Health association luncheon which started the annual health program at the Willard at noon today.

Mrs. Dunbar's talk dealt with the value of program in the association's development. The annual conference continued throughout the afternoon with F. G. Scherer speaking on sex education in the home, which was the theme of this week's 5 p. m. daily broadcasts over KFLW.

Following a recess the program will continue with dinner at 6:30 p. m. when Jay E. McCarthy, health education consultant in the California bureau of health education, will talk on the subject of family relations.

Luncheon was presided over by Mrs. E. A. Geary, and William McKibbin, president of the association, will preside over the dinner meeting this evening when the invocation will be given by Rev. Godfrey Matthews.

Unrestrained Shooting and Cutting in Tulelake

Hundreds of people have been cutting around corners and shooting for the YUKON tavern to be there in time for the big free gift hour which is held twice each night; once at 8 p. m. and once at 11 p. m. The management of the Yukon have such a severe case of YUKONITIS that they are giving away hundreds of dollars in cash and hundreds of dollars in merchandise.

In the picture you see DR. CHARLEY, SR., giving \$238 in cash to Mrs. Barron, wife of Mr. Virgil Barron, who operates the Shell Service station just across the street from the YUKON. You know the place—where you get better service and more for your money. Don't forget—when ever you see anyone with a smile HE HAS YUKONITIS and the bigger the smile the more severe the case—so BEWARE and don't come exposed or you may get YUKONITIS. And when you come to the YUKON for relief you may be forced to take home with you several hundreds of dollars in cash or merchandise, FREE. And remember—the management is not responsible if it is forced upon you. And don't say we didn't warn you.

Don't wait to eat your supper or change your clothes and run chances on missing the 8 p. m. gift hour, for we have the best food ON EARTH and Jo and Charley say "COME AS YOU ARE."
