Ex-Chauffeur On Stand In Meyers Trial

WASHINGTON, March 10 (AP)—Calvin Mettee, former GI chauffeur of Maj. Gen Bennett E. Meyers, testified today that Meyers offered him $2000 to give false testimony at the general's present federal court trial.

Meyers is being tried on charges of inducing Bleriot H. Lamarre, a former business associate, to lie at the senate investigation last fall about the general's wartime profits from a plane parts firm.

Meyers is former No. 2 purchasing agent for the army air forces.

Mettee, now a civilian student at Ohio State university, said Meyers paid $100 travel expenses for him to leave school last fall and go to the general's home at Huntington, N. Y.

There, Mettee related to the jury, Meyers coached him to tell investigators that a $3000 blue Cadillac automobile was a "gift" from the Aviation Electric company, a Dayton, O., plane parts firm.

Lamarre has testified that he was "dummy president" of Aviation Electric but that Meyers actually owned the concern. Lamarre also has said Meyers drew $150,000 in wartime profits from that firm.

Mettee said that Meyers repeated over and over with him answers he was to give to questions if called at the trial.

Negro Given Gold Medal

CHICAGO, March 10 (AP)—An 82-year-old negro who stood with Rear Adm. Robert E. Peary at the North Pole was awarded the gold medal of the Geographic society of Chicago last night.

Matthew Alexander Henson, son of an impoverished Maryland tenant farmer, first joined Peary in 1887. Peary then was a young naval lieutenant and Henson sailed with him on an expedition to survey a canal across Nicaragua. The negro remained in the service of the explorer for nearly 20 years.

He made his first trip to the Arctic in 1891 with Peary and in the next two decades learned to speak numerous Eskimo dialects, became an expert hunter, and adapted himself to withstand long treks in 70-below-zero Arctic temperatures.

Henson previously was awarded the Congressional Medal of Honor for his Arctic exploits. For the last 12 years he has been living in New York City on a pension from the U. S. customs service.

Walluce Party Threat Blasted

HAMILTON, N. Y., March 10 (AP) U. S. Senator Wayne Morse (R-Ore.) says Henry Wallace's third party "will sell America short" if it ever gets authority.

He made the statement last night in a question and answer period following an address at Colgate university, in which he urged congress to adopt the Marshall plan within the next 10 days.

The Oregon senator said "the third party under the leadership of Henry Wallace will sell America short if it ever comes into power.

"It's time for the American people to make up their minds whether they want to go communistic through the back door of a third party. That's all Henry Wallace offers."

Morse gave the third and final lecture in Colgate's series on human relations.

Death Attributed To Natural Causes

SEATTLE, March 10 (AP)—Coroner John P. Brill Jr. said today Mrs. Gene Dennis von Herberg, former stage psychic, died from natural causes. He said the cause was cerebral edema, or an excess of fluid in the brain.

Mrs. Von Herberg, 44, widow of J. G. von Herberg, Seattle theatre operator, was found lying on the floor of her bedroom Monday. Brill said she had been dead at least eight hours when found.

Born in Atchison, Kansas, she was called "The Atchison wonder girl" because of her psychic demonstrations on the stage.

Portland Vice Probe Starts Again

PORTLAND, March 10 (AP)— The Multnomah county grand jury returned to study of vice and pay-off charges in Portland today after a half-day recess.

Mayor Earl Riley, speaking at a club meeting yesterday, said the police department as a whole merited praise, although he conceded that in the past there have been some policemen willing to accept graft.

The mayor said the grand jury investigation was proper—and city club charges should have gone before it rather than before the club and newspapers in the first place.

Slayer Held To Grand Jury

PORTLAND, March 10 (AP)—Arnold Inman, 35, has been held to the grand jury after a preliminary hearing into the slaying of his business partner at their automobile service station.

Police testified to the circumstances surrounding the hammer slaying of Everett L. Keith, 40, Inman's partner. Detective Thomas Tennant told the municipal court that Inman had orally confessed striking Keith with a hammer in a fight.

Keith's body was discovered in a Willamette river slough last week.

Latest word about up yonder is that atmospheric temperatures probably rise to about 1830 degrees above zero, Fahrenheit, at 150 miles altitude.
