HEY KIDS!

Student season tickets for the state basketball tournament next week have arrived at the principal's office. Only 50 were sent, and the price is \$3.60 plus tax. Just another step towards the big event; and those 50 probably won't be sufficient to cover the crowd of Pelican rooters that will be traveling to Eugene. The tickets admit a person to all the games every day, from morning through night.

High School News and Comment
By MARY LOU CASE

Sounds of the instruments and voices from all over Southern Oregon will be heard in KUIHS this Saturday at the solo and ensemble music contest. Starting at 8:30 the contest will go on all day with different rooms being used for the different contests. Saturday night, the day will be climaxed with a public concert in the auditorium. A small admission fee of 50 cents will be charged.

Judges for the contest come from all over the state. Included are John A. Stehn, professor of music at the University of Oregon; Daniel Bachman, music director at Vancouver, Wash.; Karl Ernst, superintendent of music in Portland, and Joseph Brye, head of the piano department of Oregon State college.

First place in the speech contest which ended Thursday afternoon was won by Jim Owens. Second place went to Darlene Price. Both are students in Gerald Bevan's beginning speech classes. The contest speeches were given on the Teen-Age center and its scrap drive. Judges for the contest were Howard Holt, Mrs. Roberta Blomquist, Herbert Carlin and Bill Procter.

Who will be the track queen candidates for the Invitational meet May 1? This is a question that will be decided by the end of this month by the members of each class. The contest will be conducted in the same manner as it was last year, when Pat McMillan, the junior class candidate, resigned as queen. 20-30 is again sponsoring the event under the chairmanship of Charles Blackstone.

At the end of February there were 59 unfilled jobs at the Klamath Falls office of state employment service. There were 300 written applications for work taken at the office during February.

There is still a surplus of labor in this area, according to the Labor Market bulletin and the immediate future does not look too bright for those out of work. It is estimated that by the end of March there will be 1700 unemployed, but March and April are the two most unpredictable months on the calendar, employment authorities agree, due to weather conditions.

If the spring is early, agricultural and construction jobs will take care of most of the unemployed, labor trends in past years indicate.

Three new administrative aides have been appointed to assist R. S. Neblett, administrator of the General Electric Nucleonics project at Hanford, Neblett said Thursday.

They are Dr. Winton Patnode, Rear Admiral W. S. Macaulay, USN (retired), and R. C. Robin. Dr. Patnode will make his headquarters in Richland, doing liaison work in scientific matters. Admiral Macaulay will supervise subcontracts for the nucleonics project at Schenectady, N. Y. Robin has been in charge of training service personnel for General Electric.

The three will join Bruce R. Prentice, Neblett's present assistant.

Civil Rights Bill Left To Congress
WASHINGTON, March 12 (AP)—It is up to congress to write its own legislation on civil rights, President Truman said Thursday.

He would be glad to make suggestions, he said, if called upon, but it is customary for congress to write its own legislation. His remarks replied to a new conference question whether he planned to send bills to Capitol Hill carrying out his 10-point program.

TAC Scrap Drive Starts On Saturday

Location of scrap depots for the Teen-Age center's scrap drive set to start Saturday were announced today by the center's director, Bill Procter.

Anyone having scrap metal or clothing to donate may bring it to the designated collection points or call Procter at 7112 to have it picked up.

Following are the collection depots: Conger playground in front of Conger school; Richmond park at Third and McKinley; the Humphrey property in the 1900 block on Main, and Trailer park at Union and Washburn way.

The city drive will start tomorrow, Procter said, but the county drive will begin next week and information regarding that phase of the project will be announced later.

The K club of Klamath Union high school has joined the Teen-Age center in sponsorship of the drive. Sessler brothers will furnish trucks and men to help with collections, and will buy scrap from the Teen-Agers.

Proceeds will be used for remodeling the Olive building at 228 N. 8th into a Teen-Age center, and to start the center's program, Procter said.

Hopes For Peace Shaken
WASHINGTON, March 12 (AP)—President Truman said Thursday his confidence in eventual world peace has been somewhat shaken by recent developments abroad.

He told his weekly news conference that he still clings to his confidence in eventual peace, but "developments have somewhat marred that confidence."

Mr. Truman also told the reporters: "The United States is opposed to including any communists in the Chinese government. He said the United States is opposed to participation of communists in the Chinese government or anywhere else if it can help it."

Mr. Truman said this is not a departure from the views expressed by Secretary of State Marshall that the base of the Chinese government should be broadened.

Simultaneously with the president's conference, the state department got out a statement that there was a misunderstanding of what Secretary Marshall said at his news conference yesterday. Some understood Marshall to say the United States favored inclusion of communists in the Chinese government.

What Marshall had in mind, the department said, was inclusion of a greater number of liberals in the Chinese government.

In The Day's News

(Continued from Page One)

make things look like they want them to look.

In that way, you know, VOTES CAN BE INFLUENCED.

WHEN Secretary of State Marshall tells us "the world is in the midst of a great crisis—a crisis inflamed by propaganda, misunderstanding, anger and fear"—we should take him at his word and act accordingly.

THAT calls for another searching question: HOW SHOULD WE ACT at such a time? The answer is simple: We should act as patriots. We should unhesitatingly, at all times, be ready to put the welfare of our country above the welfare of any individual, or any set of individuals.

Only thus can we insure the preservation of our liberties in a world that is so cockeyed that already LIBERTY HAS A PRICE SET ON ITS HEAD.

THESE are serious times. We must act as serious men and women.

Mobs Rip Up Newspapers
RANGOON, Burma, March 12 (AP)—Mobs numbering more than 5000 upset three newspaper offices today.

The mobs were reported dominated by members of the all Burma Peasants' union and the all Burma Workers' union. Both are affiliated with the anti-fascist Peoples Freedom league, the prevailing government party.

The newspapers had carried dispatches alleging misbehavior during a recent hinterland tour by Agriculture Minister Thakin Tin, president of the All Burma Peasants' union.

Machines and furniture in the offices were smashed. Hand set type and files were thrown into the street.

Chinese Currency Still Skids Down
SAN FRANCISCO, March 12 (AP)—The Chinese government makes no bones about the sad plight of its plummeting currency, but the Chinese communist radio today underlined the situation this way:

"In 1937, a hundred dollars (Chinese national currency) could buy two cows. In 1939, it could buy one cow. In 1946, one egg. And, last month, it could buy only the 50th part of a small slice of Chinese bread, or a few crumbs."

The broadcast was heard here by the Associated Press. Chinese currency on the black-market skidded to 400,000 yuan (dollars) to \$1 this week.

Delinquency Subject Of Vandenberg

Do what you can to prevent delinquency in a child now and later on he will repay you—perhaps more than you can realize, Circuit Judge David R. Vandenberg said in an address to the Kiwanis club Thursday noon on the problems of juvenile delinquency.

Judge Vandenberg said that the children today must mold the force that a few years hence will determine whether this country shall remain free.

He said that perhaps 5 per cent of the nation's children are loosely classed as delinquent but for the most part they are the dependent children of delinquent parents. He made a strong plea in behalf of the child who is denied parental guidance and the benefits of wholesome home influences.

The straight dollars and cents value of juvenile delinquency prevention was discussed by the judge, who pointed out the heavy cost of prosecution of criminals who might have been kept from crime if the people of the community had acted wisely when the defendants were in the formative years.

Rev. David Barnett introduced Vandenberg at the Kiwanis club meeting.

Rasmussen Named To Pine Group
SALEM, March 12 (AP)—Carl A. Rasmussen, Portland, was appointed by Gov. John H. Hall today to represent the Western Pine association on the advisory committee of the forest products laboratory.

He succeeds Albert Hermann, Portland, who resigned.

CARD OF THANKS
We wish to extend our heartfelt thanks and appreciation for the acts of kindness, the messages of sympathy and the many beautiful floral offerings during our recent bereavement.

Eskimos Facing Starvation Threat

FAIRBANKS, Alaska, March 12 (AP)—A food shortage, described by an Alaska native service official as the worst in territorial history, threatens Eskimos on Saint Lawrence island.

Seven planes have been kept busy this week shuttling tons of emergency food to the 600 island residents.

Albert Reed, Alaska native service official, said the shortage was caused by a poor walrus and seal hunting season.

The relief flights were made from Nome to the village of Campbell, Ladd field said.

Klamath Agency
Lila Porter is spending this week visiting her parents, Mr. and Mrs. Merton Porter, before returning to art school in San Francisco.

Mr. and Mrs. William Livesey were hosts last Friday night at a birthday dinner for Mrs. Kenneth Roberts of Chiloquin. Guests were the Kenneth Roberts and Mr. and Mrs. Fred Pope.

Mr. and Mrs. Edward Poitras and Nola Heminger were among the crowd at the Spade Cooley dance at the Klamath Falls armory Tuesday night.

Gillis Hamigan, son of Mr. and Mrs. Ogden Brooks, won individual honors at the Ashland tournament last weekend. Gillis is a senior at Chiloquin high school.

Grandmother Gets Divorce

LOS ANGELES, March 12 (AP)—Mrs. Katherine Devin, 66 and a grandmother, was granted a divorce after telling the judge her husband kept dates with another grandmother, one with seven grandchildren.

She related in superior court yesterday how she "listened in" over an extension on a telephone conversation between her husband, Walter, 61, and the other woman, referred to in testimony only as "Alma."

She said she heard her husband say: "Kit hasn't caught on yet." Then, Mrs. Devin added, she cut in and said: "You're mistaken, I have caught on."

Mrs. Devin testified that in November, 1946, her husband told her he was going to San Diego on a

fishing trip. She learned, she said, he went to San Diego with the other woman.

The Devins were married 27 years. The navy man who can qualify for a career in naval aviation is assured of a full and fascinating future. Each year sees new aircraft, new engines, new armament and new techniques.

Seattle Transit Strike Held Off
SEATTLE, March 12 (AP)—Residents were assured today of at least another week of uninterrupted city transit service.

Mayor William F. Devin said officials of the AFL street car men's union have given assurance no work stoppage will occur before next Thursday at 3 p. m.

The union now is seeking a 25-cent hourly wage increase. The transit commission has offered 3 cents.
