

# HST Blasts Pearson's Jew Tale

WASHINGTON, March 12 (AP)—President Truman yesterday branded as "a lie out of the whole cloth" the chief executive once had termed New York Jew disloyal.

Pearson, whom the president did not identify by name, insisted later that his version was "all too accurate." He added:

"But I'm glad the president has now reconsidered his intemperate words."

Mr. Truman opened his news conference with the denial and said his remarks could be quoted directly, a departure from usual procedure.

He told the reporters to read the New York Mirror to find out about the column. The newsmen heard the president use the term "gossip paper," but the word "gossip" was omitted in this official White House version of his remarks:

**Vicious Statement**

"First, I want to pay attention to a vicious statement that was made by a columnist in a New York paper, in which he said I had made the statement here to an editor of a New York paper that the Jews in New York were disloyal."

"I had thought I wouldn't have to add another lie to that fellow's crown, but I will have to do it. That is just a lie out of the whole cloth. That is as emphatic as I can put it."

In his "Washington Merry-Go-Round" column Monday in the Mirror, Pearson wrote:

"President Truman was talking to a New York publisher about Palestine."

"Pounding his desk, he made remarks about 'the — New York Jews.'"

"They're disloyal to their country. Disloyal!" he cried.

In New York, an executive of Bell syndicate, which distributes Pearson's column, said he knows but can't name the source of the story, adding: "We consider it to be fairly reliable."

## Roadway Across McNary Dam Asked

PORTLAND, March 12 (AP)—Oregon and Washington were united today in a request for a roadway across McNary dam, now under construction in the Columbia river near Umatilla, Ore.

Highway commissions of the two states sent a protest to the public roads administration in Washington, D. C., against the army engineers' decision not to build the roadway.

Chairman T. H. Bantfield of the Oregon group said in a monthly meeting here that the engineers' dam-building program may make the Columbia river a series of lakes. Cross-river transportation then will be needed, and the state cannot afford the cost of bridges, he said. Bantfield added that the federal government could construct a dam roadway with little additional cost.

## Six Join Legion Post

MERRILL, March 12—The American Legion Post No. 80 of Merrill initiated six new Legionnaires into the post Tuesday, March 9. The initiation ceremony was put on by a visiting team of Legionnaires from Klamath Post No. 8. Members of the team were Lynn Roycroft, commander of Post No. 8, Hal Ogle, Dr. M. E. Cooper, Frank Murphy, Paul Otterbein, and James Laird.

The new Legionnaires initiated were Bob Barry, Tom Cole, Charles Cunningham, Donald Harris, Roland West, and Kenneth Van Allen.

Following the initiation, pictures of the National Legion convention, camera thrills of the war, daredevil stunts, and a comedy were shown. Dutch lunch was served in the kitchen.

Next meeting of the post will be on Tuesday, March 23, at which time the auxiliary will join the post in celebrating the organization of the American Legion in Paris on March 15, 1919.

## Anderson To Stick To Post

WASHINGTON, March 12 (AP)—Secretary of Agriculture Anderson said today he will remain in the cabinet at least until the end of the present session of congress and "may not get out at all."

Anderson has considered running for the senate seat now held by Senator Hatch (D-N. Mex.), who has said he will not seek another term.

The secretary told reporters, after a cabinet meeting, that President Truman had repeated his desire that Anderson stay in the administration.

Mr. Truman told a news conference yesterday that Anderson had done an excellent job at the agriculture department and expressed hope he would remain.

## Lava Beds Personnel Lined Up

Summer plans for Lava Beds National Monument, Calif., personnel are being outlined, Custodian Don C. Fisher said today. This is Fisher's 15th year as custodian of the monument.

Temporary rangers have been selected and the same fire crew used last year will be back. Fred Scheppman of North Bend will return for his fifth year as seasonal ranger, and other men tentatively selected are Malcolm Epley Jr. and Harry Kiplinger, both of Klamath Falls. Epley is now attending University of Oregon and Kiplinger the University of Minnesota.

Robert Olson of Klamath Falls is in charge of the road work this year. The road to Foston River cave which was in such bad shape last year is now graded and graveled and the road to the Catacombs loop has been widened and graveled. The section of the Medicine lake road that goes through the monument will be graded and graveled this year. It is anticipated that all these roads will also be oiled this year and two oil tanks have been received at the beds with a total capacity of 3000 gallons to store road oil for patching and surfacing.

Ranger James Orr will leave soon for Yosemite National park to attend a park naturalists' conference at which plans for the naturalist division for the summer will be discussed and decided.

Fisher says spring is definitely in the offing at the monument with squirrels and marmots coming out of hibernation and birds of all types returning to the area.
