Air Parcel Post Schedule To Foreign Ports Slated

Postmaster General Jesse M. Donaldson announced last night that air parcel post will be inaugurated between the United States and 21 foreign countries effective March 15.

The countries which will receive this service are: Austria, Belgium, Congo, Bermuda, Czechoslovakia, Denmark, Egypt, Eire (Ireland), Finland, Gold Coast Colony, Great Britain and Northern Ireland, Greece, Iceland, Italy, Netherlands, Newfoundland, Norway, Sweden, Switzerland, Tunisia, Turkey and Union of South Africa.

Air parcel post will be accepted for mailing at any post office in the United States and will receive all available domestic air mail service in addition to transportation overseas by air. This new service does not apply to territories or possessions of the United States.

Weight and size limitations, customs declarations and other conditions that govern international surface parcel post will apply to air parcel post. In addition, the blue par avion, or air mail, sticker must be applied to parcels sent by air. Air parcels may be registered or insured to those countries where such service is now in operation.

Attached is a table showing the rates and weight limitations to the countries where air parcel post is to be inaugurated.

Country	1st 4-oz. or fraction	Each additional 4-oz. or fraction	Limit of Weight*
Austria	\$1.05	.49	22 lbs.
Belgian Congo	1.38	.79	44
Bermuda	.76	.13	22
Czechoslovakia	.88	.48	44
Denmark	.97	.47	44
Egypt	1.35	.64	22
Eire (Ireland)	.97	.37	11
Finland	.88	.51	44
Gold Coast Colony	1.18	.64	22
Great Britain and Northern Ireland	1.00	.41	22
Greece	1.07	.57	22
Iceland	.89	.33	14
Italy	1.08	.50	22
Netherlands	.89	.43	44
Newfoundland	.76	.16	15
Norway	1.02	.47	44
Sweden	.85	.49	44
Switzerland	.92	.45	44
Tunisia	1.11	.54	44
Turkey	1.15	.57	44
Union of South Africa	1.31	.94	11

*Weight limits are set by the respective countries involved.

Grange Asks Oleo Taxes

WASHINGTON, March 13 (AP)—The National Grange, one of the largest farm organizations, told congress Friday that special taxes on oleo are needed to protect both consumers and the dairy industry.

Kenneth S. Bagshaw, chairman of the Grange executive committee, made this argument to the house agriculture committee. That group is considering 18 bills to repeal all federal taxes on oleomargarine.

These taxes range up to 10 cents a pound on colored oleo and up to \$600 a year license fee for dealers in colored oleo. Some consumer groups are urging repeal of the taxes on grounds they add to the cost of living.

"As is well known, when oleomargarine made its appearance in this country, roughly 75 years ago, it was common practice to color it in imitation of butter and to sell it as butter," Bagshaw said.

"That was deceiving the consumer, and was subjecting the dairy industry to unfair competition, as well."

"Federal taxes on oleomargarine are not levied for the primary purpose of raising revenue. . . . But for the purpose of providing funds for the administration and enforcement of the oleomargarine laws and to prevent deception in the manufacture and sale of the product."

North Road Bids Opened

A low bid of \$361,108 was tendered to the state highway commission in Portland Friday for construction of the new Klamath Falls north entrance route.

It was not immediately known whether the bid was low enough to be acceptable to the commission, but hopes were expressed by local road promoters that it came close enough to the most recent state estimate for the job.

Rogers Construction company of Portland submitted the bid. This firm did the grading on the Chilcoquin cut-off of US 97.

T. B. Walters, chairman of the roads and highways committee of the chamber of commerce, said: "Klamath Falls has been waiting for this job for a long time, and we hope the highway commission sees fit to accept this bid."

The north entrance will bring traffic from US 97 to Esplanade street. The job includes remodeling the Esplanade bridge over the canal.

Rotary Club Hears Puckett

Drawing on personal experience in the last war as well as careful study of the international scene, O. K. Puckett, well-known Klamath Falls lumberman, spoke on "United Nations" as principal speaker before the Klamath Falls Rotary club Friday.

"I am convinced," Puckett said, "that men the world over must learn to respect the rights of others in accord with the principles which were given to humanity 2000 years ago, or there can never be lasting peace."

Puckett also emphasized that he believes America is duplicating the mistake of shipping iron to Japan prior to the last war, in continuing shipments of potential war materials to Russia under today's conditions.

Truman Names Gruening Again

WASHINGTON, March 13 (AP)—President Truman Friday nominated Ernest Gruening of Alaska for another term as governor of Alaska. The appointment is for a four-year term. Gruening, 61, has been governor of Alaska since 1939. Previously, he was director of the interior department's division of territories and island possessions.

Fire Destroys Nome Hospital

NOME, Alaska, March 13 (AP)—Fire destroyed Nome's only civilian hospital Thursday night but all patients were removed safely to the air base hospital.

For a time the blaze threatened the Federated and Methodist churches and the west part of the town.

Earlier in the day another fire in a native's home, caused by children playing with a lamp, resulted in death of an infant.

Gerlinger Visit Slated

Mrs. George T. Gerlinger of Oregon Council of Republican Women, will meet with the Klamath Falls and Wood River units here on Tuesday when a luncheon is arranged at the Pelican party room at 1 p. m.

All interested women are invited to the luncheon and those not contacted by the calling committee should make reservations with Mrs. William DeCew, 6295, by Saturday.

NEW NAME
PORTLAND, March 13 (AP)—Highway 99, both east and west routes, became Blue Star drive.

The highway commission designated the route as a memorial to those who served in World War II. The action was authorized by the last legislature.

Sprague River

Mrs. Sylvan Crume received word of the serious illness of her father in Susanville, Calif. She and Mrs. Juanita Lee and Mrs. Phillis Alvarez and children left for Susanville to be with their father and grandfather, Mr. Lowery.

Mrs. Mary Chilcoquin is up and around again after a three-week illness with flu.

Sam Darco has sold his home to Mr. and Mrs. "Toots" Barney. The Barneys moved into their home last week.

Mr. and Mrs. E. Roufs and "Pee Wee" Roufs of Klamath Falls were Sunday dinner guests of their parents, Mr. and Mrs. Mack Runnels.

Roy McDonald was here visiting old friends from Susanville and Canby. The McDonaids were old-time residents here before moving away two years ago.

Mr. and Mrs. Bill O'Neal are here from Salt Lake City, Utah, visiting at the home of Mrs. O'Neal's parents, Mr. and Mrs. Sam Darco and family.

The basketball game held here February 26 between the Sprague River Junior Warriors and Bonanza Antlers ended in a score of 38 to 23 in favor of the Warriors. Sprague River grade school won a score of 36 to 10 over Bonanza grade school. The Warriors will challenge any junior basketball team in Klamath county.

Mrs. Clara Robosky of Tillamook arrived here Wednesday where she will be the house guest of her sister and family, Mrs. Lucky Lopez, for a couple of weeks before going on to Carlsbad, N. M., her brother and family, Mr. and Mrs. Roy Hall Sr.

Mrs. Ethel Pankey is reported improving from her illness.

Sprague River was well-represented in the audience enjoying the personal appearance of "T" Texas Tyler on his stop-over in Klamath Falls. The box factory was shut down last week, due to orders.

Cascade

Manager O. O. Bowers of Odell Summit lodge is beginning to wonder when his wife Gladys is coming home from Portland where she went to visit friends and shop about a week ago. Bob asks everyone who returns from Portland if they have seen his wife and, since none of them have, he has decided he is an orphan and nobody loves him. However, Gladys said she would stay a week or two when talking to customers, but Bob doesn't know that.

Grant F. Erickson took a little holiday for himself by going to Portland to see his mother and attend a few dances and movies. Wonder whether he had much fun, as he was loaded down with lists of purchases for localities who can't find time to get into town. Grant is with Adkison & Meissner Repair shop.

A week-end visitor was Walter Vaughn who is in his third year at Klamath Union high school where he is an active member in school affairs. Walter's parents, Mr. and Mrs. James T. Vaughn, reside at Cascade Summit where his father is section foreman for the Southern Pacific.

Nice item at the Odell Summit lodge is the place mat they use for dinner service. Printed on each mat is a map of Odell lake and the surrounding vicinity, including spots for skiing, berry-picking, horse-back riding, fishing and hiking. Breakfast and lunch is served on either plain white or gay plaid mats, but for dinner you really can have fun reading the mat between courses.

Among improvements at Cascade Summit is the magazine rack at Odell Summit Lodge grocery, bringing the latest mags. weekly and monthly, to local residents who, up

until now, have had to either subscribe or wait for a trainman to throw one from a train. Now, they pay their money and they take their choice" of all varieties of literature.

New possession of one summit resident is a sled, specially made for her by E. V. Adkison of Shelter Cove shop and all dolled up with her name on it. Only problem arises when she tries to hitch any of the local dogs to it. Laddie gets disgusted and hops up into the sled, waiting to be pulled; Noche sits and pouts, and Rusty, the Irish setter, takes off with such speed no one can catch him.

Bonanza
Mrs. Harlan Prough was hostess at her home Tuesday to the exten-

sion unit when Helen Stine, home demonstration agent, led the project on parent-adolescent relationship.

Seventeen mothers and five children attended the meeting and enjoyed potluck luncheon at noon.

The afternoon meeting was conducted by Mrs. Verie Hazeltine and each woman answered roll call by giving a special way to prepare potatoes, in anticipation of St. Patrick's Day.

Plans for the Homemakers Festival to be held April 30 were discussed and a committee appointed to take charge of arrangements for exhibits. The next meeting will be at the home of Mrs. Hazeltine who will be assisted on giving a demonstration on foreign cookery. The meeting will be April 13 at 10:30 a. m.

Dairy
Mr. and Mrs. A. C. Reeder and family and Dewey Reeder of Roseburg were last week-end visitors at the Cliff Sewald home.

Olive Fraley was released from Hillside hospital on Friday, March 5, and is recovering at her home in Dairy.

Mr. and Mrs. E. B. Schmoer and Mrs. Eric Johnson of Homedale

spent the week-end in Lakeview with their daughter and sister, Mrs. Harry Kolb and husband.

There's New Glamour in the Way it Goes

TAKE the glamour of its tapered gracefulness for granted, if you will. One glance tells you it's tops.

Take an inside peek at its newly fashioned interiors — and see if you're not dazzled by the luxury that greets your eyes.

But wait — just wait — till you learn what makes this banner beauty run off with the year's high honors on the highway. Dollars to drachmas — you'll fairly itch to get in and GO!

For now your right foot commands a Fireball power plant that's as eager as a panther on the prowl — yet is so quivered in purr and pulse you barely sense its telltale throb!

Now you slip through traffic or light out cross-country as relaxed as a baby with his bottle—in a body that's bountifully big, cozily cushioned, and insulated against the usual noises of traveling.

Now you experience the first scientific system ever devised to shield a car's ride

against road noise, shake and the vibration build-up that previously took advantage of an automobile's tendency to play sound box.

Now you ride the washboard roads and cobbles as though they were carpet — thanks to coil springs all around — plus extra-low-pressure tires, carried on Buick's own wider, more stable Safety-Ride rims.

And last but not best, if a Roadmaster's your choice, you can enjoy the really effortless driving—in a new kind of drive that not only frees you of gearshifting, but that doesn't even shift itself!

It's Dynaflow Drive* — a drive that's devoid of all halt, lag and hesitation through all

speed ranges — because here, for the first time, the power plant itself does what gears used to do.

Fact is, you'll find the new Buick sparkling with more than a score of new advances — in ten brilliant models that span three series and give you your choice of three wheelbases and four power ratings.

So why dally? Here, certainly, is the dilly of the year for smartness and roominess — for the newest in driving ease and riding relaxation — and for all those basic bounties that are forever Buick's.

Place your order with your dealer now — whether or not you have a car to trade — and hasten the day when you'll reach those motoring heights you hanker for.

*Optional at extra cost on Roadmaster models only.

BUICK alone has all these features

When better automobiles are built **BUICK** will build them

DYNAFLOW DRIVE — smooth, silent flow of power with no gears ever shifting either manually or mechanically. (Optional, Roadmaster Series)
TAPER-THRU STYLING — distinctive, tapering car-length fenders set a fashion of stand-out beauty.
VIBRA-SHIELDED RIDE — smooth, fatigue-free ride from scientific cushioning of vibration build-up.
HI-POISED FIREBALL POWER — valve-in-head straight-eight engines in four power ratings, now cradled to new smoothness.
SAFETY-RIDE RIMS — check heel over an turn; better car control, peak mileage and lower tire pressures.
QUADRIFLEX COIL SPRINGING — level-going buoyancy from a soft coil spring on each wheel.
FLEX-FIT OIL RINGS — in super-precise cylinder bores. New oil savings.
ROAD-RITE BALANCE — from low center of gravity; equalized front-and-rear ride.
RIGID TORQUE-TUBE — in sealed chassis; protects moving parts, takes all driving thrust.
SOUND-SORBER TOP LINING — installed for new "conversation tone" quiet. (Super and Roadmaster Models)
DUOMATIC SPARK ADVANCE — vacuumatic plus centrifugal action assures exact ignition for peak engine efficiency.
TEN SMART MODELS — In three series, featuring Body by Fisher and smart new interiors.
