4-County Area Men On Land List

Regional Eligibles

On this page are printed 572 names of Klamath-Lake-Siskiyou-Modoc county veterans who will participate in Monday's drawing for the 44 Coppock Bay homesteads. This is an unofficial list, and cannot be guaranteed to include every name of participating veterans of these four counties, but an effort was made to segregate all of them from the general list of 2757 names.

These are veterans who have qualified for the drawing by proving their eligibility from the standpoint of farming experience, character, financial assets, and so on. They will compete with more than 2000 other veterans for the 44 homesteads.

The numbers ahead of each name are file numbers—the assigned numbers which are in the capsules for the drawing representing each applicant.

Benes Weeps At Masaryk Last Rites

PRAGUE, March 13 (AP)—Jan Masaryk received the last rites of state today as President Eduard Benes wept at his bier.

In the vaulted pantheon of the National museum, draped in black, Communist Premier Klement Gottwald made the main funeral oration, berating the critics of Masaryk in the west and indirectly accusing them of the foreign minister's death.

The frail, ailing president, who helped Masaryk's father mold this republic, dried his eyes as a eulogy by another government official recalled episodes of Jan Masaryk's life.

The president stood with head bowed into the fur collar of his overcoat. He seemed to be trying to maintain his composure.

Then the lights went down and a children's choir sang the favorite folk song of Czechoslovakia's first president, Thomas G. Masaryk. Benes broke into tears. The president mopped his face and mouth with a handkerchief. He rubbed his eyes with his fingers.

It was Benes' first public appearance since the government crisis began in Czechoslovakia February 21.

Benes talked for an hour with Jan Masaryk Tuesday night. The next morning Masaryk's body was found below a window of Czernin palace, the foreign ministry office. The communists, who seized power two weeks ago, said Masaryk committed suicide.

Benes kept his head bowed while Gottwald spoke the funeral oration. He showed no emotion when Gottwald called press attacks in the western nations the reasons for a nervous illness which brought Masaryk's death.

Klamath Extension Center Slates New Courses For Spring Term On March 15

New courses feature the offering for the spring term at the Klamath Falls extension center beginning Monday, March 15, at the Klamath Union high school building.

Of special interest to townspeople, as well as teachers and others interested in taking work for credit, are the courses in applied mental hygiene, three hours; child development, three hours; photography, two hours, and typing, two hours. Work on office machines will be included in the spring term of typing.

Applied mental hygiene will begin Monday, March 15, and child development will meet Tuesday, March 16. Both classes are taught by John Schulz of SOC and will meet in room 300.

Charles Carlson of the KUHS faculty will teach a class in photography emphasizing the developing, printing, toning and enlarging of pictures. The class offers two hours of credit and will meet on Wednesday beginning March 17 in room 319.

Methods and materials in teaching art, a three hour course taught by Otto Wilda of SOC, will be offered on Thursday night beginning March 18. The first meeting will be held in room 300, subsequent meetings in the art room at Fremont Junior high school.

Two sections of English, English composition and American literature, which began last fall, will continue through the spring term. English composition meets college freshman composition requirements and will stress creative writing this term. The literature course is based on modern and contemporary American literature. Arthur Kreisman of SOC is the instructor. English composition meets on Mondays and the literature on Tuesdays, both in room 208.

Beginning and advanced typewriting will again be offered with office machines included as part of the advanced work. The office machine class includes work on the Friden, Monroe, Marchant, Burroughs and Remington calculators in addition to dictaphone and adding machines. This class is taught by H. O. Palmer of the KUHS staff and begins Tuesday, March 16. Meetings will be held on Tuesday and Wednesday nights. Arrangements can be made to work also on Thursday night.

On April 12, construction and use of visual aids will begin. The class is under the direction of Dr. Curtis Reed of Oregon State college and Joe LaClair, visual education director of Klamath Falls schools. The course will carry two hours of credit.

All courses may be taken for credit or without credit. Classes begin at 7 o'clock and meet at Klamath Union high school except the art class which will meet in Fremont junior high school after March 18. Fees are $3.50 per credit hour. A maximum of six hours may be carried in one term.

PM To Be Sold Or Shut Down Due To Losses

NEW YORK, March 13 (AP) — Marshall Field III said today he either was selling his New York newspaper, PM, or closing it.

He said he no longer would support the publication because of heavy deficits it has incurred since he helped establish it eight years ago.

The paper has been sold to Clinton D. McKinnon of San Diego, Calif., contingent upon McKinnon reaching an agreement with the CIO American Newspaper guild, which represents editorial employes of the paper, the publisher said.

If no agreement is reached, Field added, it would cease publication March 26. He declined to disclose the sale price. Field also publishes the Chicago Sun-Times.

The transaction first was disclosed last night by Thomas J. Murphy, executive vice president of the New York City chapter of the guild.

"The guild's answer will be arrived at with utmost caution," the guild official said.

PM's 170 employes represented by the ANG were notified yesterday that their employment was being terminated as of March 26.

Lake Gets Timber Pay

LAKEVIEW, March 13 — Lake county is receiving $50,434.11 as its share of the 25 per cent of national forest receipts which are distributed to the counties in Oregon for fiscal year 1947, according to an announcement by the forest service. This ranks Lake county sixth in the state of Oregon in the amount received by the various counties. Lane county is first, followed by Grant, Klamath, Douglas and Clackamas in that order.

This revenue is derived from 25 per cent of the total receipts received by the national forests during the fiscal year from timber sales, grazing fees and special fees. These payments are in lieu of taxes and are made each year by the federal government to counties having national forests within their boundaries.
