Italy To Get Merchant Ships

WASHINGTON, March 17 (AP)—President Truman Tuesday ordered the transfer of 299 merchant ships to Italy as a gesture of American goodwill.

The vessels, including 15 war-built Liberty ships represents a further United States gift to Italy's economic recovery.

Congress authorized the move last August when it gave the president permission to return or replace all Italian ships seized by the United States during the war.

A state department official told a reporter it is a "happy coincidence" that negotiations for this gift were completed today—33 days before the Italian elections.

Only yesterday the state department warned that if Italy goes communist in the election she will get no further economic help from this country.

Whistling Answer To World Peace

PORTLAND, Me., March 17 (AP)—The world needs more whistling to ease its troubles, Mrs. Sanford D. Benner, 81, said Tuesday.

"You can't be mean while you're whistling," says Mrs. Benner, whistling champion of the Maine Three Quarters Century club.

"Can you imagine Stalin whistling?" she asked. "I bet Hitler didn't.

"The world," she said, "is becoming too selfish. Most people are too busy to whistle. They don't take time to enjoy life."
