

Plant Files Damage Suit

TACOMA, March 18 (AP)—A federal court action asking \$316,910 was filed here Wednesday by the South Bend Fabrication company against AFL carpenter union locals at Raymond

and Aberdeen for damages resulting from violations of the Taft-Hartley law. The suit alleges that the company, which builds pre-fabricated houses, was placed on the "unfair" list by Local 1090 of Raymond after a contract was signed by the fabricators with the International Woodworkers association, a CIO affiliate. Carpenters at Raymond and Aberdeen then refused to handle the company's

product, the complaint alleges, which was in effect a secondary boycott. As a result the manufacturers were forced to shut down for a period of time and reopened later on a curtailed basis. The suit asks reimbursement of the \$316,910 as losses suffered from June 23, 1947, when the company was declared unfair, to February 29, 1948, and such additional damages as may occur in the future.

Tax Cut Still On Agenda

WASHINGTON, March 18 (AP)—Senate finance leaders indicated Wednesday that President Truman's message won't change their plans for an income tax cut this year. Rep. Doughton of North Carolina,

senior democrat on the taxwriting ways and means committee, said, however, that if congress is going to adopt the president's program "we are going to have to take another look at the tax bill." Senator George (D-Ga.), ranking democrat on the senate finance committee, said he believes the message "will have no special effect" on tax cutting. Senator Brewster (R-Me.), another finance committee member, said he would be "very much surprised" if the message changes tax cutting plans in any way.

Rent Boards May Quit Positions

PORTLAND, March 18 (AP)—Members of local rent boards will quit to a "wholesale" exodus if the house version of the federal rent control act becomes law, the Portland board chairman predicted Wednesday. Cecil M. Gartrell said that under the house bill local boards would be deluged with cases from both landlords and tenants, requiring several days' work each week. Since the local board members serve without pay, they could not devote the necessary time, Gartrell said.

Castello Hails US As Protector

DUBLIN, March 18 (AP)—Prime Minister John A. Castello hailed the United States and Canada Wednesday as Europe's defenders against communism, "that corrosive heresy of the modern world." Castello broadcast St. Patrick's Day greetings to North America. He was making his first St. Patrick's Day appearance as the head of Eire's government. The Dublin celebration of St. Patrick's Day was the biggest since the war.
