

Herald and News FRANK JENKINS Editor MALCOLM EPLEY Managing Editor Entered as second class matter at the postoffice of Klamath Falls, Ore., on August 20, 1908, under act of Congress, March 3, 1879.

Today's Roundup

FACTOR in the rather slow start of the Klamath Red Cross campaign is reported to be an unfriendly attitude toward the Red Cross on the part of some war veterans. We have never heard much clear-cut evidence against the Red Cross from veterans, but we do know that some of them speak against it and their expressions obviously influence many people.

RUSSIA Makes Progress SOVIET RUSSIA has made definite progress during the cold war. She moved her line westward from the Oder to the Elbe, including in her area Hungary and Czechoslovakia; in China and Korea, the communist forces made great strides. However, the program has not been altogether successful. France resisted inroads and remarkably produced a sound government. Italy remains uncertain until April 18. Korea has not been conquered. The United States and Great Britain have not been pushed out of Berlin. Chiang Kai-shek has stood like Gibraltar when it was expected he would crumble like dust.

NEW BUS SERVICE SUBSTANTIALLY reduced fares and more schedules will be introduced on the Klamath-Reno bus run on April 1 by the Greyhound Bus company, which has taken over the line from the O. C. and N. The new schedule will make it possible for people living at the points between here and Reno to leave their homes for Klamath Falls, and return, on the same day—something which has not been possible under the old schedule.

A Good Season BABIES born at Klamath Falls hospitals these days will have a reminder, when they grow up, of the troublous times in which they made their advent in this world. For our newspaper now mails to each child's parents a small photographic reproduction of the front page of the paper on the day of the child's birth. Across the top are the words: "This was the news of the world on the day you were born."

Memento For Babies KLAMATH'S Pelicans have come through the tournament at Eugene as consolation winners. We feel, of course, that if they hadn't been "off" in that first game, they would have been there in the finals, and the margins of their consolation victories support that thought. But putting that aside, it must be said that the

Pelicans have had a grand season on the maple court, and that Wayne Scott and his boys deserve our heartiest cheers when they return from the wars at Eugene. A gang that wasn't given an outside chance at the start of the season has done right well by itself and by us.

These Days

THE tremendous barrage of war propaganda is designed to arouse the American people to the truth, long undisclosed, that the United States, in spite of the tremendous sacrifices of our people, did not win the last war. A war is only won when the peace is won. We won battles, but we lost the peace. We lost it at Teheran, Yalta, Potsdam and San Francisco. We did not lose it in Prague a week or so ago; we lost it in the White House during the war.

Russia Makes Progress SOVIET RUSSIA has made definite progress during the cold war. She moved her line westward from the Oder to the Elbe, including in her area Hungary and Czechoslovakia; in China and Korea, the communist forces made great strides. However, the program has not been altogether successful. France resisted inroads and remarkably produced a sound government. Italy remains uncertain until April 18. Korea has not been conquered. The United States and Great Britain have not been pushed out of Berlin. Chiang Kai-shek has stood like Gibraltar when it was expected he would crumble like dust.

Strides In Policy NEVERTHELESS, strides were made in American policy. The people discovered that the build-up given Stalin and Soviet Russia in this country since 1933 has been false and damaging to America. While national consciousness has not been aroused to a fervor equal to that of Soviet Russia, the American people have rediscovered their own country. Communists have no longer a free ride in the United States or in Great Britain or France. Fellow-travelers are marked off.

The World Today By SIGRID ARNE AP Foreign Affairs Analyst

Editor's Note: An international diplomatic debate the political future of Palestine, the opposing claimants are on the move with military forces in the Holy Land. In the following article two Associated Press correspondents assess and analyze the two Jewish forces and the Arab army which are in the field.

By JAMES M. LONG and JOSEPH C. GOODWIN (For Dewitt MacKenzie) JERUSALEM, March 20 (AP)—The Jews have started their fight for a state with two armies, one still outlawed, but both in battle stations side by side against the Arabs.

Once, at the end of February, they clashed briefly in downtown Tel Aviv in a "fight within the family" in which 50 persons were hurt. But on the sniper and mortar fire no-mans-land line between Jewish Tel Aviv and Arab Jaffa their gunposts are set by side.

Recruits, some taken from the militia and others hand-picked from newly arriving immigrants, are trained into palmach at regular bases comparable to American citizen military training camp courses, but briefed down into 100 hours. Uniforms, manual of arms and drill are basically those of the British army.

They are well supplied with rifles, pistols, grenades, tommyguns and ammunition. They have small tanks, armored cars, some field artillery, mortars, automatic weapons and plenty of transport for the small mobile units into which they are organized.

The Gallup Poll Leisure Activities The Same Everywhere

By GEORGE GALLUP Director, American Institute of Public Opinion PRINCETON, N. J., March 19—Maybe you think it would be very romantic to live in France, Norway, Holland or Sweden, but the statistical odds are that if you did, you would have spent last evening in just about the same way you spent it here.

Table showing leisure activities in various countries: United States, Canada, Denmark, Holland, Norway, France, Sweden, Britain, Italy. Activities include Reading, Listening to Radio, Watching TV, Movies, Theatre, etc.

Watching or participating in sports, dancing and hobbies were most often mentioned in the "others" category.

Boyle's Column Bump On The Head Leads To Long Tale Of Woe

BY HAL BOYLE NEW YORK, March 20 (AP)—George Washington never told a lie. That's what the story books say. But history doesn't record whether George ever had to explain how he got:

Even congress wouldn't have believed him, and a lot of old neighbors would have gone around shaking their heads and telling each other: "You know, I never believed that story about George cutting down the cherry tree either. Bet he hired somebody to do it."

Squirrels And Birds To Be Well Fed

CASCADE SUMMIT, March 20—Springtime will soon be here and Summit residents are readying their free lunch counters for birds and animals. During wintertime the K. V. Adkissons serve the birds free meals on a platform outside the kitchen window and in summer they have the handouts in a birdhouse style feeder. Odell Summit lodge has a block of tallow on a ledge tacked out to a pine tree and the birds have done away with about half of it.

Mary E. Moore has a short order stand for chipmunks and squirrels in the winter and the squirrels come to the back door for their daily rations. Other summer home owners have birdhouses and picnic stands for the feathered creatures and ground feeders for squirrels and chipmunks. It is a fact that the well fed creatures become used to the people who feed them and actually sit and beg if the eats are not out or time. One little chipmunk had the nerve to take his bread and cheese, lick off the cheese and put the bread on a limb for the blue-jays. Then when the donor bawled him out for it, he sat and chattered back at her.

A special series of sacred programs will be heard through Holy Week and will be carried from 3:30 to 3:45 p. m. each day on KFLW. Four or five outstanding musical selections will be heard on each program. Topics of the programs for the week will be: "The Day of Judgment," Monday; "The Day of Controversy," Tuesday; "The Day of Silence," Wednesday; "The Day of Suffering," Thursday; "The Day of Farewell," Friday; "The Day of Darkness," Saturday.

The A basketball championship game from Eugene will be heard at approximately 8:45 tonight on KFLW. "The Greatest Story Ever Told" (Sunday, 3:30 p. m.) this week will tell the story of "The Betrayal and the Crucifixion." It's a fine Sunday program on KFLW.

A new net program, "Stop the Music," one solid hour of music and prizes and such, makes its debut over KFLW from 5 to 6 p. m. Sunday. It's one of those long-distance, cell-to-a-lucky-listener things complete with a "mystery tune." The prize on this one is a \$1000 savings bond.

Down the way at KFJL, the second in a new quiz series, "Quiz of Two Cities," will be aired over Mutual this Sunday from 7:30 to 8 p. m. Los Angeles and San Francisco are the two cities who square off in this show.

JJ has another comparatively new show, "Background for Stardom," an Erskine Johnson series. It's at 9:15 p. m. Sunday, and features big name Hollywood guests who did their best to the years to tell the story behind the story of their success.
