\$55 Million Voted For European Aid

WASHINGTON, March 22 (AP)—The House appropriations committee recommended today an immediate grant of \$55,000,000 to tide over Austria, France and Italy until pending long-range foreign aid legislation becomes law.

The amount was included in an emergency money bill which also carries \$500,000,000 for tax refund and \$125,000,000 for relief among Indians.

The \$55,000,000 aid allotment was exactly the amount requested by President Truman several weeks ago and supplements \$522,000,000 appropriated late last year for winter emergency relief.

No Funds

The committee said the original \$522,000,000 will be exhausted by March 25 and there will be no other funds with which to run the aid program until a European recovery bill is enacted. The latter is expected to reach the White House early in April.

In recommending the half-billion dollar tax refund appropriation, the committee in effect admitted it erred when it cut \$60,000,000 from the President's original request for about \$2,000,000,000 for the payments to be made during the fiscal year ending June 30.

The committee said the \$500,000,000 will meet immediate needs.

In explanation of the extra money for Indian relief, the committee said the severe winter made deep inroads into available funds.

Unless congress acts promptly, it said, there will be "real suffering, and possibly outright starvation" among Indians.

KU Students Plan Show

Members of the Junior High music department are in rehearsal for a musical show, "Johnny Takes a Tour," to be given April 8 and 9. With a chorus of 60 and a cast of 50, well-known songs and dances of many countries will be staged in the costumes and settings appropriate to them.

It is under the direction of Patricia Hunt with Dorothy Ramsey supervising the dances. The Junior High orchestra under John O'Connor will furnish the musical interludes. Al Downs and Jim Scott are designing and making the stage sets.

Inflation Hits Marriage Market

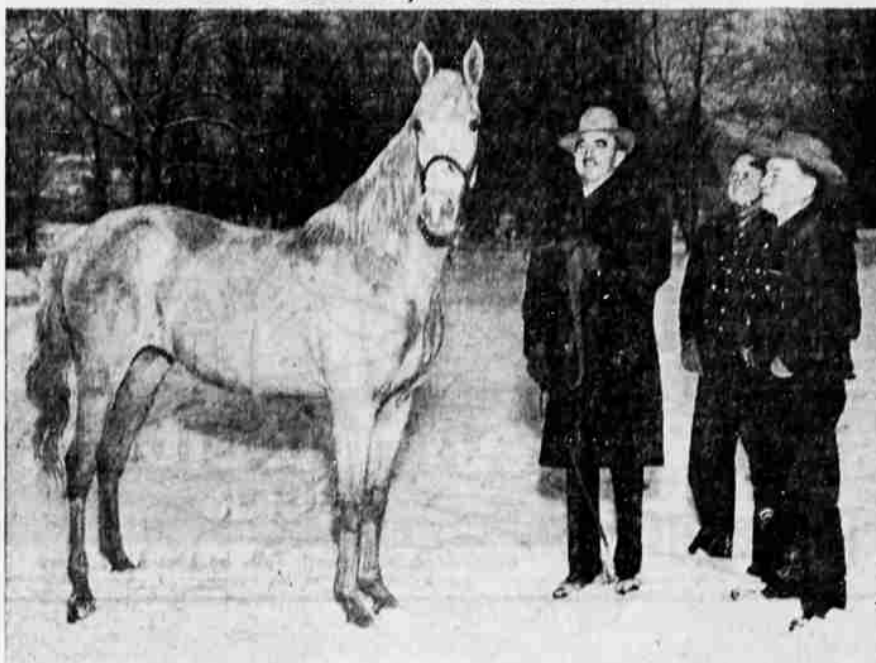

TOKYO, March 22 (AP)—Inflation has caught up with Dan Cupid. Japanese marriage brokers won't talk business with men earning less than 7000 yen (\$140) monthly. Kyodo News agency reported today. Women looking for a mate want him to have: 1. A good job. 2. A house.

Brokers charge 200 to 300 yen to process applications. They expect a similar amount if marriage results. That happens in about one of each ten applications.

Klamath Falls War Dead Home

Corporal Rollo B. Cheyne of the United States marine corps paratroopers, was among more than 3000 American men to come home today as the United States army transport "Walter W. Schwenk" docked in San Francisco this morning. The silent company of soldiers, sailors and marines who made up the cargo of the funeral ship, died in the bitter fighting for Pacific islands. Most of them, like Corporal Cheyne, were killed in action in the Marianas.

Cpl. Cheyne was 21 years of age when he died on Guam on July 31, 1944. He was born in Klamath Falls October 13, 1925, son of Mrs. Fannie M. Cheyne and the late Robert Cheyne of the Merrill Hill. Rollo attended Henley school and was graduated in 1942 from Klamath Union high school. He enlisted in the National Guard in June, 1940, received an honorable discharge in May, 1941, and following his graduation enlisted in the marine paratroopers. He was sent to the South Pacific in March, 1943. The paratrooper took part in eight major campaigns as the American forces drove northward to Japan, and in one action he was wounded. He received the Purple Heart and following recovery was again sent into combat.

Funeral rites will be held here at a date to be announced later by Ward's. In addition to his mother, the young marine is survived by six brothers, A. R. "Bud" Cheyne, Cecil, Bob, Lawrence and Dale, all of Klamath Falls, and Milo of Portland; four sisters, Mrs. John Takacs and

Shasta Lake Area Goes To Forest Unit

REDDING, March 22—With full congressional approval and President Truman's signature on HR 3175 by Congressman Clair Engle, the jurisdiction of the area around Shasta Lake will pass from the national park service to the national forest service on July 1, 1948.

This congressional action is the result of over 12 years of study, recommendations and various bills that have been introduced to place the area in the watershed of Shasta dam under the U. S. forest service to be administered by the Shasta national forest which surrounds it on three sides. In 1944 the Central valley project studies committee of the department of the interior recommended that the area be administered by the forest service; however, in 1945 Secretary Ickes of the department of the interior disregarded the recommendation and placed the jurisdiction of the recreational area under the national park service by contract with the bureau of reclamation.

Congressman Engle introduced his first bill in the house in 1945 where it was passed but congress adjourned before it got to the senate. The

present bill was introduced in 1947 when it passed the house and on March 8 passed the senate. The bill carries no appropriation but the area will come under the plans of the forest service for fire protection and recreational development.

Indian Hurt In Fight

O. T. Anderson Jr., 21, of Beatty, may lose the sight of one eye as a result of a fight among several youths at a Sprague River dance Saturday night. The young man is in Klamath Valley hospital today.

Willis Pankey deputy sheriff and Indian service officer, said that two other Indian boys were jailed after the fight in which Anderson was injured. The fracas took place outside the dance hall and Woody Joe, Indian service officer, who tried to break it up, was struck.

Booked on drunk charges at Beatty

was Jonathan Crume, and at Bly was Jesse Lee Kirk Jr. Both posted bail Sunday morning.

Young Anderson was said to have been wearing glasses when the fight started and his glasses were broken. He was taken home Saturday night and brought to the hospital here Sunday morning.
