ing organized by Cowlitz County Sheriff R. W. Reynolds when Washington State Patrol Capt. A. B. Little radioed that two more men had been located. Searchers had come upon the bodies in the snow when tracks leading from the wreckage area were followed down a stream course.

Walt Meisner, a power line walker in the Davis peak district, said today the plane wreckage might have been found Monday had a rumor been followed up.

He said school children visited his home and said the wreckage had been sighted on Davis peak. Meisner said the rumor spread through the area but when its source could not be learned the people concluded it was without foundation.

Greek Troops Defeat Rebels

ATHENS, March 24 (AP)—Greek troops have scored a major victory over guerrilla forces around Mount Olympus and Mount Pierria in the past month, War Minister George Stratos said Monday night.

In announcing the victory, he declared that "charges made by bad friends of Greece that the army is not fighting are flatly refuted." He did not identify the "bad friends."

In its second interim report 10 days ago the American aid mission to Greece said failure of the Greek army to take the offensive had increased the strength of the rebels.

The Moscow radio last night quoted the communist "free Greece" radio charge that American officers were responsible for the use of poison gas against guerrillas. The broadcast said poison gas was used in the Kastoria area of Macedonia March 15.

Stratos said that in the month-long fighting in the region of the two mountains, 1000 guerrillas had been killed. He said army casualties were 166, and that large stores of guerrilla supplies had been seized.

US To Stay In Germany

WASHINGTON, March 24 (AP)—The house announced Tuesday that the United States army will continue in control of government in the American zone of Germany indefinitely.

Plans had been for the state department to take over government of the zone about June.

The decision to keep the military in control was announced by Presidential Press Secretary Charles G. Ross.

Ross would not comment on whether the decision was due to the Russian walk-out on the control council at Berlin.

Homesteaders Slate Party

TULELAKE, March 24—There will be cards, both bridge and pinocle, at the public card party Wednesday evening, March 24, which is being sponsored by the Homestead Community club for the benefit of the Modoc Farm Center building at Newell which this organization and others will use in the future for meetings. Proceeds of the party will help improve the interior of the building.

There will be games for those who do not care to play cards, refreshments will be served and there will be an admission charge. The time is 8 o'clock.

Cutter Looks For Derelict Mine

SEATTLE, March 24 (AP)—The coast guard cutter Fir and a Port Angeles coast guard plane were to renew Tuesday a search for a derelict Japanese mine sighted four miles north of Tatoos' island in the strait of Juan de Fuca.

The cutter was unable to find the explosive in a search yesterday.

Another mine, grounded near Kaloloch, Wash. yesterday, was to be detonated today.

One mine was destroyed on the beach near Newport, Ore. yesterday and a second reported there was found to be converted into a fishing net float.

Dies

Mrs. June Frances Thomas, 27, former San Francisco peninsula socialite (above), died in Sydney, Australia, of septicemia, after an operation. Harry T. Shoebridge, an automobile salesman, is being held in lieu of \$3250 bail on a charge of murder in connection with the case.

Survivor
George Meldrum, 3, plays un-mindful of the tragic blaze at Port Huron, Mich., which took the lives of his parents and two sisters. A neighbor rescued George after a cook stove exploded in the three-room upstairs apartment occupied by the family.

Lily Bulb Crop Drops

GOLD BEACH, March 24 (AP)—A 30 per cent decline from last year's Easter lily bulb production was reported by Curry county growers, County Agent R. M. Knox said Tuesday.

In a special outlook report, Knox said earlier forecasts that Southern Oregon and Northern California would increase the commercial crop—whose supplies caused concern—were not borne out. Unfavorable weather in California, failure of many growers to follow indicated planting plans and withdrawal of many small growers combined to bring supply toward a balance with demand, he reported.

Sale of bulbs in chain stores has moved many into the garden trade, his report said, and growers have another 5,000,000 bulbs packed and ready for sale.

Many small growers have abandoned their planting and have allowed them to go uncut, Knox reported.

Reds Attack HST Address

MOSCOW, March 24 (AP)—The Soviet press today carried attacks on President Truman's address to the joint session of congress.

All newspapers carried a Tass dispatch from Washington which reported "an extraordinary growth of war expenditures in the United States following Truman's message."

The government newspaper Izvestia attributed to Secretary of State Marshall a statement that "the question of an American foreign legion of Japanese and Germans is being studied." The three-column article went on to say this was a violation of the Potsdam agreement and other international obligations of the United States.

The Literary Gazette, which frequently has attacked American leaders, asserted that "Truman and company exposed themselves as aggressors by their yelps of hysteria." The article by N. Tikhonov, added: "Simultaneously they exposed their fear, terror and weakness."

Careful owners can protect the finish of their airplanes by polishing at regular intervals.

HST Losing In California

WASHINGTON, March 24 (AP)—Reports of new big-city opposition and a "serious political situation" in California multiplied signs today that President Truman may face a tough fight for the democratic presidential nomination.

Chicago politicians visiting Washington were said to have brought word that they fear it will not be long before the rash of criticism for Mr. Truman's policies breaks out in their ranks.

Unlike the Dixie complaint against the president's civil rights program—whose surpluses caused concern—the administration's about-face on Palestine.

At Los Angeles, Democratic State Chairman James Roosevelt summoned 62 prospective national convention delegates to an "urgent meeting" in Sacramento next Thursday. Roosevelt issued the call "because of the serious political situation."

He did not amplify. But there have been demands within the party in California for the expulsion of county central committee members who have announced their support of Henry A. Wallace's third party candidacy.

40 Arrested In Biak Plot

BATAVIA, Java, March 24 (AP)—A Netherlands East Indies army communiqué said today a conspiracy of Indonesian extremists was discovered on the island of Biak 10

Poe Valley

At the monthly meeting of the Poe valley grange held Wednesday evening, the main topic of discussion was the grange timber rehabilitation bill. A petition was circulated to put this bill on the next ballot.

The home economics group met at the home of Mrs. Paul Breithaupt Tuesday. The afternoon was spent working on Pomona grange scrapbooks.

Friends will be interested to know that Stephen, young son of Mr. and Mrs. Wilbur Reiling, is recovering from injuries received when he fell out of the family car.

days ago and that 40 persons have been arrested.

Biak is a small island north of New Guinea, where U. S. forces established a large wartime air base.

Mrs. Melvin Plegt entertained a group of friends Friday afternoon as a Stanley party.

All valley people interested in raffle signs are asked to meet at the community hall, April 6. Lumber and paint will be available for those wishing to make signs. A list of these ranches and the distance from Olene will be installed at the Olene bridge.

Mr. and Mrs. Roy Holmes and Mrs. Nellie Olson were visitors at the Clarence Webber home Tuesday evening.

Mrs. George Reiling was hostess for a White House demonstration Thursday afternoon.

Work has been completed on the Bedford cemetery which is a major improvement in the valley.

Mr. and Mrs. Kirk Brunton of Eugene were visitors at the Carroll Brunton home recently.

Congratulations are extended to

Mr. and Mrs. Ed Wenz on the birth of a baby daughter.

The oldest college contest in the United States is the Yale-Harvard boat race, antedating football by 17 years.

First newspaper west of the Mississippi river was the "Louisiana Gazette," established at St. Louis in 1806.
