

### Rifle Shot Ends Life Of Woman Spy

By SPENCER MOOSA  
 PEIPING, March 23 (AP)—A rifle shot ended today the fabulous life of Manchu Princess Yoshiko Kawashima, convicted as a spy for Japan. She died without a whimper, prison officials said—and in comparative privacy, as she had wished. Asked if she had any last wish, she said she would like to write a letter. She wrote it standing, in Japanese. It was to her Japanese foster father, Ninawa Kawashima. Then the prosecutor announced that her last appeal had been rejected and she would be executed. The order to kneel followed. Then the executioner fired a single shot into the back of her head. In the cell she had shared with a

Chinese woman opium smoker she left her unfinished autobiography. Born in Tokyo to Manchu Prince Su and a Mongolian princess, she was adopted by Kawashima when she was 3. She had never married. "Men only make trouble for women," she told me a few days ago. She was only 33, but few traces of beauty remained.

### Rent Boost Ruled Out

NEW YORK, March 25 (AP)—A Brooklyn judge has ruled a landlord can't force his tenants to pay higher rent after a baby is born—because it might cause tenants to practice birth control.

AT LAST!  
 PORTLAND, March 25 (AP)—The retail trade bureau believes there are too many fund raising campaigns held here each year. Directors resolved to work for consolidation of some charity drives after learning there were 59 large-scale fund campaigns held here in 1947.

Dismissing a realty company's petition for higher rent in such a case, Municipal Court Justice Charles H. Breitbart's brief told this story yesterday: William H. Sperling, now a clerk at Brooklyn federal court, occupied a \$42.75-a-month apartment with his wife, Pearl, their son, Sammy, 4,

and Mrs. Sperling's mother. Then a daughter, Sarabelle, was born. The landlord, the G. M. G. Realty Company, Inc., tried to collect \$6 more each month because of Sarabelle. But Justice Breitbart decided that Sarabelle is "a member of the family unit," and added: "The parents of the child are the actual occupants and a child of this tender age depends for its very life and existence on its parents." A decision favoring the landlord, he added, might "lead to the prevention of conception and drastically reduce procreation and it will therefore foster and encourage birth control, which is a violation of the law of God and nature."
