

MARKETS and FINANCIAL GRAIN PRICES SLIDE LOWER

CHICAGO, March 29 (AP)—Grain prices were a little lower most of the season on the board of trade today. But there never was any heavy selling and the market frequently pushed back to around the previous closing level. Trading was not active.

The May wheat contract was the weakest delivery on the board, dropping more than 3 cents at one time. Weakness was based on reports that the Commodity Credit Corporation was not willing to pay current asking prices for cash wheat.

Wheat closed unchanged to 1/4 lower, May \$2.45 1/2-2.45, corn was unchanged to 1/4 higher, May \$2.20-2.20 1/2, oats were 1/4 lower to 1/4 higher, May \$1.11 1/4-1 1/4, and soybeans were 3/4 to 1 cent higher, May \$3.60.

Stocks On Uncertain Side

NEW YORK, March 29 (AP)—Scattered stock market leaders moved up today although many issues inclined to falter.

Prices hardened after midday with a few coppers and industrials favored. Gains and losses ran to a point or so here and there near the close.

Big Three Meet Denied By Truman

WASHINGTON, March 29 (AP)—The White House said today that no "Big Three" meeting is in prospect and President Truman has no plans to leave the United States.

President Truman said today that he would be glad to see Stalin and Attlee in the United States, but that he has no intention of leaving the country for any such conference.

A reporter told Ross there also is a report out of Turkey that President Truman might visit that country shortly.

Ross said the denial of that report "is a double or triple." He said it is fantastic.

From time to time, various people have suggested that discords in Russian-American relations might be eased by a personal meeting of Mr. Truman and Premier Stalin.

Mr. Truman and Premier Stalin. One of the latest to voice it is Senator Pepper (D-Fla.) who proposed that Mr. Truman confront Stalin personally with a plan for peace.

Pepper, who often has defended Soviet policies, charged in a radio interview (station WEAM) yesterday that Russia "has been guilty of aggression" upon her neighbors.

He said, "offends and affronts our sense of independence and dignity and freedom for the peoples of the world."

Rape Slayer Suspect Held

SANTA ROSA, Calif., March 29 (AP)—A 19-year-old Hungarian charged with the murder Monday of the young wife of a Nevada minister was held without bail here Saturday on a federal fugitive warrant.

Police and the FBI identified him as Laslo Varga, former divinity student, sometime inmate of a Michigan mental hospital and survivor of the Nazi concentration camp at Dachau.

The youth is charged with the rape-slaying of Mrs. Billie Rahe Morning, 22, an expectant mother and wife of the Presbyterian minister at Wells, Nev.

Three policemen arrested him in a Petaluma cafe early yesterday morning, an hour and 10 minutes after he got off a bus.

He became violent later and it required three husky officers to carry him into justice court for arraignment on an FBI charge of trying to escape prosecution.

Mine Chief Huris Charge Of Prejudice

(Continued from Page One)

the inception of this imbroglio, Ehrig has published biased and prejudicial editorials and special articles deleterious to this union and this writer in a newspaper controlled by him."

Taylor, he said, "for many years has been an administrative hanger-on in Washington, and he has never lost an opportunity to harass and persecute this union and this writer. He is inherently incapable of determining the distinction between a high cost and a scruple."

As the mine shutdown began its third week, coal operators estimated it had already cost the county \$500,000,000 and the miners an amount double the \$32,000,000 pension fund which touched off the shutdown.

A 10-cent royalty on coal production dating back to last July 1 has built up the funds. But Lewis and Ezra Van Horn, respective trustees for the union and the operators, have been unable to agree. As a result nothing has been paid out of the fund.

Lewis has proposed \$100 monthly payments to miners 60 or older with 20 years' service. He said the mine owners "dishonored" their agreement by not agreeing on a payment method by now. Van Horn says the amount proposed by Lewis is too high.

Pension eligibility also is in dispute.

Smith Quits Co-Op Post

TULELAKE, Calif., March 29—The resignation of Homer Smith, general manager of the Klamath Basin cooperative, was announced today. Succeeding Smith will be Darrell Vernon, east side Tulelake rancher.

Smith has been with the basin co-op for one year, coming here from Lakeview where he was manager of the Interstate co-op of Lakeview and Alturas. His future plans are indefinite.

Vernon, an army air corps veteran, has been associated with the co-op for about a year.

Welfare Fund Sufficient

PORTLAND, March 29 (AP)—Oregon is keeping within its welfare budget this year, and the indications are it will do so next year, too.

Miss Loa Howard, welfare administrator, reported Friday the state had spent only 27 per cent of the \$43,855,000 available for the 1947-48 period.

By the end of this fiscal year about 45 per cent of the funds will have been spent, she said. The commission set a budget for the next fiscal year of \$25,552,268, including \$12,608,503 for old age assistance, \$5,214,430 for general assistance, \$3,524,908 for aid to dependent children and \$279,427 for aid to the blind.

The administrator said February public assistance needs were the highest for any month since March, 1940.

Mihai Plans Plant Tour

DETROIT, March 29 (AP)—Former King Mihai of Romania arranged today to see wheels turning in the arsenal of democracy after getting a birdseye view of it Sunday from Gov. Kim Sigler's private plane.

The 26-year-old ex-monarch planned to tour several automobile plants with the heavy guard of police and state department agents assigned to him for his three-day visit here. Mihai arrived here Sunday morning.

A scuffle between pickets carrying anti-Mihai banners and supporters of the king preceded a banquet in his honor. Police broke it up with no arrests.

Rat Cost To Citizens High

WASHINGTON, March 29 (AP)—The average American citizen pays \$20 a year to support rats, the national committee for rat control said today.

Hamilton M. Warren, committee chairman, said rats cost the nation \$2,000,000,000.

"That is a luxury we can ill afford when prices are so high," Warren said.

He picked 14 cities as rat control demonstration centers to supplement 17 centers previously selected. The newly named points include Astoria, Ore., Bellingham, Wash., and Yakima, Wash.

Pollution Halts Shellfish Harvest

COOS BAY, March 29 (AP)—The state board of health has banned the harvesting of shellfish for the fresh market from certain Coos bay areas because of pollution.

The board reported pollution considerably greater than in the March, 1944 survey, and recommended installation of sewage treatment as soon as possible.
