Pope Lashes Communism In Address

VATICAN CITY, March 29 (AP)—Pope Pius XII says Italy and the world are at the crossroads in the contest over communism.

"The great hour of Christian conscience has sounded," proclaimed the head of the Roman Catholic church in a noonday Easter blessing yesterday.

The white-clad pontiff spoke from a balcony of St. Peter's, the world's biggest church. Some 400,000—equal to a fourth of Rome's population—heard him from the sunlit square below.

His talk came little more than three weeks before Italy's April 18 election test between communism and its foes. His listeners, mostly Italian, outnumbered any political gathering to date.

No Mention

He did not mention communism by name. But hearers plainly caught the meaning of his references to "deniers of that which is most sacred" and "agitators who make the negation of Christ the cornerstone of their work."

"Over this multitude of believing Rome there lies almost a shadow of singular gravity . . ." said the pope.

Three light planes roared low over the crowd dropping thousands of handbills. Most of the bills bore the one letter "V"—understood variously to mean vita (life), victory and vote.

Some carried a likeness of Giuseppe Garibaldi, Italian patriot, which, turned upside down, became a glaring Stalin. The communist-dominated popular front has taken Garibaldi's picture for its emblem.

Standing in well ordered lines were the youth of Catholic action, the church's 4,000,000 strong striking force in its new crusade.

Extension Unit News

Fairhaven

The home extension unit is sponsoring a card party Saturday night April 3 at the Fairhaven school gymnasium. Bridge and pinocchle will be played, starting at 8 p. m.

Mrs. Percy Cook is general chairman with Mrs. Robert Baker, Mrs. Robert Hurlbut and Mrs. Ralph Bowers as assistants. Awards and refreshments will be donated by members of the unit.

Proceeds from the party will be donated to the Aralza House fund. This is a cooperative house to be built on the campus of Oregon State college and will be used by girls interested in home economics and by 4-H club girls.

The party is open to the public.

POE VALLEY-OLENE

On March 12, 22 members of these units were present for an all-day meeting at the Rex High home in Poe valley for the project on adolescents and the family life, led by Helen P. Stine, home demonstration agent.

Mrs. A. L. Marshall was in charge of an interesting display of articles brought home by veterans of World War II. An elaborate display of textile painting was under the supervision of Mrs. Wilbur Reeling and

Bit Of Eggshell Fatal To Baby

SEATTLE, March 29 (AP)—A tiny bit of eggshell brought death late Saturday night to year-old Lucille Ramirez of Toppenish. She had been rushed here for treatment Friday.

Children's Orthopedic hospital officials said an operation was performed to remove the egg shell from the bronchus but pneumonia developed and death followed.

The little girl was the daughter of Mr. and Mrs. Joseph Ramirez of Toppenish.

End Demanded To Talks On Atom Ruling

LAKE SUCCESS, March 29 (AP)—Britain, China, France and Canada demanded today that atomic delegates break off talks on Russia's scheme to prohibit atomic bombs.

The four nations declared a mere convention banning bombs would, without world controls, help an aggressor nation gain overwhelming military supremacy and would mislead public opinion into a feeling of false security. They denounced the whole of Russia's atomic proposals as inadequate and unrealistic.

The four countries put a resolution before the working committee of the United Nations atomic energy commission calling for rejection of the Russian proposals as they stand now. They asked the committee to declare there is no purpose in discussing them further.

Delegates from the four countries said the resolution does not constitute a final and formal break with Russia on the whole atomic control problem. They said they are ready to discuss new Soviet proposals but they do not want to go over the same ground again and again.

The United States did not join in the statement of the four countries but informed sources predicted the U. S. would support it.

NEW YORK LIFE INSURANCE COMPANY

A Brief Review of the 103rd Annual Statement to its Policyholders

Assets . . . The assets, held for the protection of the Company's life insurance and annuity contracts and to meet other obligations, totaled \$4,234,184,598 at the end of 1947. Bonds and stocks are valued in conformity with the laws of the several States and as prescribed by the National Association of Insurance Commissioners.

Liabilities . . . The Company's insurance and annuity reserves and other liabilities aggregated \$4,003,065,874 at the end of 1947. Surplus funds held for general contingencies totaled \$231,118,724.

Reserves . . . At the close of 1947 the Company reached a major objective in its program for strengthening insurance and annuity reserves. All of its life insurance reserves are now held on an interest basis of either 2½ per cent or 2 per cent. All of its annuity reserves are on a 2 per cent basis. The program of reserve strengthening, which was undertaken to protect the interests of policyholders, has given recognition to the effect upon the Company's net earning rate of exceedingly low yields on high-grade investments. Policyholders can take renewed assurance from the knowledge that the Company has an overall reserve basis as strong as, if not stronger than, that of any other life insurance company in the country.

Mortality Experience . . . The Company's mortality experience in 1947 was favorably low. In November of 1947 the Company adopted for its new series of policies a mortality table based on more recent mortality experience and therefore, in the years to come, the margin between "expected mortality" and "actual mortality" experience should not be so great as in the past.

Expenses . . . The Company, in common with practically all individuals and businesses throughout the country, quite understandably has been affected by rising costs of materials and wages. Continued efforts are being made to improve efficiency and effect economies without impairing the essential services rendered by the Company.

Interest Earnings . . . While the rate of interest earned by the Company in 1947 exceeded the rate required to maintain reserves because of the Company's program of reserve strengthening, the rates of return available on new investments of high quality continued low throughout the better part of the year. However, in the closing months of 1947 there was an encouraging upturn in interest rates on new investments which it is hoped will continue.

Dividends . . . The provision for 1948 dividends to policyholders is \$37,151,312, as compared with \$41,730,229 for 1947. The amount available for dividends was affected by the low yields from prime investments and increased expenses due to higher costs of materials and wages, as well as by the Company's program of strengthening reserves mentioned above.

Termination Dividends . . . The Company has declared termination dividends payable in 1948 on life insurance policies in certain categories. Such dividends, which are in-

Trailer Blast Kills Occupant

PORTLAND, March 29 (AP)—A fire and explosion in an automobile trailer yesterday was fatal to Mrs. Mary Barton, 53, who lived alone.

Sheriff's Capt. Mearl Tillman said the woman told before she died of having smoked a cigarette before sleeping. She was awakened by smoke and flames just before a small stove exploded.

Neighbors rescued her. Capt. Tillman said the woman's clothing was burned from her body.
