

Klamath Art Students In Top Bracket

Mrs. Hearst Wins Divorce

GOODING, Idaho, March 31 (AP)—Mrs. William Randolph Hearst Jr. was granted a divorce yesterday on grounds of mental cruelty.

District Judge Doran H. Sutphen awarded the decree which confirmed a properly settlement previously agreed upon by the principals. After the hearing, the divorce action papers were sealed from public inspection by a court order.

Mrs. Hearst, who writes newspaper and magazine articles under the name of Lorelle Hearst, took up residence at Sun Valley, Idaho, February 7. She was still registered there today.

Hearst, publisher of the New York Journal American and son of the founder of the Hearst newspaper chain, did not contest the divorce action, but did file a general denial of Mrs. Hearst's allegations.

Rules Of War To Be Followed

JERUSALEM, March 31 (AP)—An International Red Cross spokesman said Tuesday the Jews and Arabs have promised to observe the Geneva convention's rules of war. Jacques De Reynier, the spokesman, said a Red Cross committee had met both sides and received oral promises. Written agreements are expected next week. De Reynier said he was "well received both by the Jewish agency and by Arab leadership, including the Mufti."

The Jewish community in Jerusalem began rationing bread today for the first time.

Jews said food supplies in their area are "dangerously low." Bread has been scarce for several days. Bakeries have stopped offering cakes and pastries.

There appeared to be similar shortages in Arab sections of this embattled city. The Arabs are supplied over open roads from Arab-held eastern Palestine and neighboring Arab countries.

A group of armed Jews held up two army trucks loaded with 20 tons of white flour yesterday in the Petah Tikva area. They escaped with the trucks, cargo, and the uniforms and arms of the military escort.

Arab fighters struck during the night at four points on Jewish supply lines to isolated settlements. Jews said there were casualties on both sides.

Eisenhower To Serve On Executive Board Of Scouts

General Dwight D. Eisenhower has accepted membership on the national executive board of the Boy Scouts of America, it was announced Monday night by Amory Houghton, president of the organization.

An advocate of Scouting over the years, General Eisenhower supported a drive for newspaper coverage by the Boy Scouts throughout the nation during the last year of the war. By collecting 318,000 tons of paper in two months 299,936 Scouts qualified for the General Eisenhower-Boy Scout newspaper campaign medal. A gold replica of it was presented to him in Washington in December, 1945.

"The Boy Scout movement merits the unstinted support of every American who wants to make this country and his world a better place in which to live," General Eisenhower said when he received the medal. "His emphasis on community service and tolerance and world friendship promotes a speedier attainment of the enduring peace among men for which we all strive."

"By developing for its members both a spirit of sturdiness, self-reliance and a realization of the need for cooperative action in every major enterprise, the movement is a prime force in preparing tomorrow's men for their duty to themselves, their country and their world."

"Here in the United States the Boy Scouts of America has accomplished much in its years of service. But today, more than ever before, we need expansion of its membership and influence."

In May, 1946, the national council of the Boy Scouts of America conferred upon General Eisenhower the

Award of the Silver Buffalo "for distinguished service to boyhood." It is Scouting's highest award for national or international service.

The local Boy Scout council took active part in the newspaper drive having General Eisenhower's backing. A number of local Scouts received the Eisenhower medal as a result of this effort, according to R. H. Lamott, Scout executive.

Fire Smolders In Ship's Hold

SEATTLE, March 31 (AP)—A smoldering fire continued to eat away at the motorship Ocean Mail today as the coast guard cutter Cedar prepared to take aboard 200 tons of wheat in an effort to get rid of the blaze.

The motorship, en route from Seattle to Shanghai, put into Dutch Harbor, Alaska, yesterday when the crew was unable to extinguish a blaze in its No. 4 hold. The fire broke out Monday.

Radio reports to the Seattle district coast guard headquarters said the flames are being held in check by a blanket of carbon dioxide gas.

The cutter Cedar said it was removing all equipment in its No. 1 hold to take the grain from the ship.

The Ocean Mail is an 8476-ton (gross) vessel of the American Mail line.
