

USBR Slates Two Big Jobs For Basin

Two major reclamation bureau projects are on tap for the Klamath basin area, with bureau engineers scheduled to issue bid invitations sometime in the latter part of April or the first of May.

The first project will be the long-awaited channel improvement job in Lost river, embracing about seven miles of Lost river through Poe valley, some 10 miles southeast of Klamath Falls.

Bureau officials anticipate 535,000 cubic yards of excavations in the undertaking, and are allowing 300 days for completion. The contract will include furnishing and erecting timber, clearing the right-of-way and furnishing and driving timber piles.

Bid invitations will be issued by the Denver, Colo. chief engineer about April 15.

The second project scheduled is another channel improvement job—in the diversion canal which connects Lost river and the Klamath river, known as the Lost river diversion canal. Its carrying capacity is to be increased from 1200 to 2000 second feet.

Enlargement of the canal will re-

quire 1,050,000 cubic yards of excavation, 2000 cubic yards of concrete and 340,000 board feet of timber; all to be included in the contract. Engineers are allowing 550 days for completion of the project.

Invitations on this project will be issued about April 30 by the Denver engineer's office.

These improvements are part of the general program intended to insure flood protection for the Tule-lake area and making possible additional land openings there.

Scout Leader Course Set

The first session of a basic Boy Scout leaders course will be held at a dinner meeting at 6:30 p. m. Friday at Altamont junior high school.

Dates and details of future classes in the course will be decided at the dinner. All Boy Scout troop leaders, troop committeemen and all men interested in Scouting are invited. Those who complete the course will receive the national Scout council's basic training certificate.

Instructors will be Chet Hamaker, Bill Ely, Duane Alexander, Paul Tanner, Cliff Strom and Bob Lamott. About 40 men are expected to attend.

Three States Enter Show

Angus cattle from three states will feature the first annual Klamath Falls registered and commercial Aberdeen Angus show and sale. Consignments are coming from Oregon, California and Idaho.

The show is scheduled for Sunday, April 18, and the sale the following day, Monday, April 19. Both will be held at the Klamath Falls fairgrounds on S. 8th street.

Oregon consignors include three local Angus breeders: C. V. Barton,

Poe valley; Charles and Alvin Cheyne, Spring Lake, and Gerald West, Malin. Other Oregon consignors are Leonard Freeman, Central Point; Floyd Coffman, Milton, and the Oxbow ranch, Prairie City. Rancheria Angus at Anderson, Calif. and Nels Roble, Hamburg, Calif. are sending cattle to the sale.

Two Idaho Angus breeders, Lloyd Barron, Fairfield, and Henry and Stephens, Gooding, round out the list of consignors. Barron is president of the Pacific Coast Aberdeen Angus association, sponsor of the Klamath Falls show and sale.

SAIGON

Schilling Chili Powder

A lively blend of choicest chilies and spices that gives robust flavor to your favorite recipes.

FLAVOR SECRETS: Add zest with a dash of Schilling Chili Powder to cocktail sauces, scrambled eggs, canned corn, gravies... wonderful in stuffed peppers or tomatoes... on fried chicken... on fish before baking in tomato sauce.

How The Palace Market TRIMS ALL Your Meat BEFORE Weighing . . .

(TO SAVE YOU MONEY!)

The T-Bone steaks above were weighed and sold by two leading stores, NOT TRIMMED. Waste and trim is shown after it had been removed by the Palace Method of trimming meat. At the Palace, "tail" and excess fat is trimmed away BEFORE we weigh your T-Bone, as shown above. It gives you steaks that cook and eat better . . . that fit in the pan and on the platter better. On the steaks above, The Palace method of trimming would have saved you 20c on one, 25c on the other!

The above actual photograph shows two pot roasts which were purchased from two other leading stores. The waste and trim shown above indicates the Palace method of trimming BEFORE your purchase. At the Palace we remove the blade bones and trim the roast BEFORE it is weighed. This means more good eating meat in a Palace roast . . . LESS WASTE in each pound you buy. One market charged \$3.25 for an untrimmed standing rib roast that we sell for \$2.80, FULLY TRIMMED. Another market charged \$3.17 for the larger roast above, which we would sell for \$3.00 . . . WASTE FREE!

The above are actual photographs of meat purchased in 4 of 10 leading Klamath Falls markets by a disinterested purchaser. An average of 35c per purchase would have been saved had the meats been purchased at The Palace Market.

PROOF AGAIN THAT IT PAYS TO SHOP PALACE!
