

Siskiyou Supervisors Use Big Map During Study Of Redistricting Proposal

YREKA, April 1—In the first of a series of public hearings on the proposal to redistrict Siskiyou county, members of the county board of supervisors Tuesday studied a map of new supervisory districts drawn by County Surveyor Albert Parrott on the basis of population.

The board took no action in adopting the plan as it stands and directed Parrott to prepare additional maps based on assessed valuation and cohesiveness of territory for a second meeting, date which will be set at the April 6 regular session of the board.

Considerable discussion evolved around Parrott's map and Board Chairman W. T. Davidson pointed out, "It gives the board something to work from."

Parrott's map showed that Supervisory District No. 1 would include McCloud, Tulelake, Macdonel, Dorris, and Butte Valley, approximately; No. 2 would include, approximately, the Mount Shasta and Dunsmuir school districts; No. 3 would embrace, approximately, Hornbrook, Yreka, Grenada, Montague, Bogus, Little Shasta, Big Springs and Shasta View; No. 4 would be west of Highway 99, approximately, including Hill on the north, Fort Jones and the Gazelle Union high school district, and the Quartz Valley township boundary line on the south; No. 5 would include the Weed Union

high school district, Edgewood, Butteville, Etna high school district, Cecilville and about half of Scott valley.

All supervisors felt, however, that the additional plans of cohesiveness and topography as well as geography should enter the picture because of the odd fall of population in the county.

George Yost, Tulelake potato grower and candidate for supervisor, attended the session. He told board members he had attended a Tulelake meeting Monday night and had been asked to be present at the Tuesday session.

He said the Tulelakers wanted information on assessed valuation considered in the proposed redistricting. It was pointed out by board members this will be done at successive meetings.

The board of supervisors went on record in favor of redefining the supervisory districts at the last regular board meeting attended by a committee of the Siskiyou County Improvement association whose members are in favor of redistricting the county to head off a charter election and bring more harmony into the county.

Meanwhile, petitions calling for the election of freeholders to reframe the proposed Siskiyou county

Coal Strike Shuts Down Steel Mills

PITTSBURGH, April 1 (AP)—The steel industry counted 38 blast furnaces today as the 14-day-old soft coal walkout bit deeper into national production. Another five will be closed within the next few days if the shutdown continues.

The 400,000 members of the United Mine workers, idle to back up their demand for \$100 monthly pensions, today celebrated John L. Lewis Day—also known in some areas as Mitchell Day, in honor of the sponsor of the eight-hour working day.

30,000 Idle

Meanwhile, throughout the country more than 30,000 other workers were idle in steel, railroading and other industries closely allied to coal.

Coal-carrying railroads were hard hit. The Chesapeake and Ohio had furloughed 13,400 employees and the Baltimore and Ohio an estimated 6,000.

Other railroads reported these workers laid off: The Pittsburgh & Lake Erie, 670; the Virginian, 900, and the Chicago, Milwaukee, St. Paul and Pacific, 300. The New York Central planned to lay off 725 at its

was hypnotized by Hickock first and was carried into another room. Hickock, she went on, returned and soon had her helpless by staring at her with his "piercing black eyes."

Hypnotist Faces Morals Charge

MAJESTINEZ, Calif., April 1 (AP)—Nineteen-year-old Mrs. Dolores J. Ramey says she was wide awake and knew what was going on but couldn't move a muscle when a 38-year-old physio-therapist allegedly hypnotized her and carried on "an unnatural sex act."

Donald E. Hickock is charged with a felony morals charge as the result of the alleged attack on the girl in 1946, when she was 16.

Mrs. Ramey testified yesterday as Hickock's superior court trial opened that she and a friend, Mrs. Evelyn Carpenter, 19, were hypnotized by the physio-therapist in what they at first took as a lark.

Both girls were members of Hickock's Sunday school class at the Richmond Seventh Day Adventist church.

Mrs. Ramey said Mrs. Carpenter

Highways In Good Condition Today

SALEM, April 1 (AP)—All Oregon highways were in good condition today except for rough going across snow-covered Sun mountain on the Dalles-California highway north of Klamath Falls, the state highway commission said in its 9 a. m. road report.

QUICK SERVICE

OREGON CITY, Ore., April 1 (AP)—A special delivery letter mailed from Redding, Calif., in February of last year reached the Oregon City Junior chamber of commerce Wednesday.

It had fallen back of a desk at the Oregon City post office, and has just been found.

Siekel Boss At T'Masters

The regular weekly meeting of the Toastmasters club was held Wednesday evening at the Willard hotel. Joe Siekel, toastmaster of the evening, was in charge of the meeting, assisted by Howard Holt as general critic and Carl Wildermuth as table topic chairman. George Kunzman got the speaking program under way with "The Educational Opportunities of Toastmasters." Garry Robertson spoke on "America at the Crossroads." Stan Pade on "U.M.T. Is It Necessary." Jack Elliott on "At the Drop of a Coin." Dr. A. A. Soule concluded the program on the theme, "Bad Air."

Program for next week will have Dr. A. A. Soule as toastmaster.

George Kunzman in charge of table topics, and Bill Owens as general critic, 10-minute speeches by Gene Oldham and Ted Lind, and 5-minute

speeches by Dr. M. E. Cooper, Joe LaClair and Templeton Walker.

DOUBLE YOUR MONEY BACK IF YOU DON'T LIKE IT!

HORMEL GOOD FOOD

YOU'LL LIKE IT!

Fact is, everybody likes this luscious blend of fat red beans and rich meat sauce, spiced to right perfection. Serve bubbling hot with crisp crackers in traditional chili style—for luncheon, supper, late snacks. And be ready with seconds, because you'll "ring the bell" with chili the way Hormel makes it! Geo. A. Hormel & Co., Austin, Minnesota.

Any coffee could be as good as **S&W** if...

IF others could always assure uniform flavor every time—all the time—guaranteed now by S&W's NEW roasting process.*

IF others were always willing to pay for the same expensive, high-altitude coffee, used so generously in the S & W blend.

IF others always made year-round, world-wide selection of the best coffee crops to assure continuing consistent blending.

IF other coffees were always as carefully aged for mellowness before roasting.

IF others would preserve roaster-freshness by packing their coffee exclusively in cans under the extreme high vacuum used by S & W.

YES... any coffee could be as rich, as full bodied, as fragrant as S&W Mellow'd Coffee... But try S&W Coffee at home tonight and see if you think any coffee is as good.

*In S&W's new electronically controlled roaster, each coffee bean is evenly roasted from the inside out—uniformly, perfectly.

18th CENTURY HEIRLOOM

Connoisseurs will instantly recognize this jasperware of William Adams by the delicately interlaced circles—one of his most characteristic designs. This outstanding piece, with its finely detailed relief figures, is part of the collection of the Metropolitan Museum of Art in New York. The creation of a perfect cup, like the blending of fine coffee, is an exacting art.
