

SPEBSQSA Concert Set April 23rd

A unique entertainment, the first of its kind to be held in Klamath Falls, will be staged at the Pelican Theatre the evening of April 23, according to John H. Huston, organizer and singing director of the Klamath Falls Chapter of the SPEBSQSA, Inc.

Barbershop quartet singing, definitely entertaining in a relaxed style, will be demonstrated by some of the finest and most popular quartets in the west. Included in visiting quartets will be the Golden Statesmen of San Francisco, the Bonanza Four of Reno and the Onwego Troubadors. Klamath Falls will be represented by the chorus of 50 voices and two quartets. A total of 10 different quartets will participate.

Tickets are available Saturday and may be purchased from members of the Klamath Falls chorus.

The traditional barber shop quartet movement of the Gay 90's was revived in 1928 when the SPEBSQSA was organized. Today it has swept across the country from coast to coast and hundreds of chapters have sprung up in almost every state in the union and Canada.

Thousands of men have responded to the "close harmony" call. SPEBSQSA is a democratic organization. Men in almost every occupation harmonize in good old American barber shop fashion and find it an excellent recreation from the strain of their day's labor.

Organized on a high plane of good personal conduct, the society boasts of a code of ethics that is rigidly followed.

Mrs. Vera Lotito, 36, (above) attractive bride of four months and partner in a travel bureau, was found stabbed and garrotted to death in her midtown New York apartment in what police said apparently was a "crime of vengeance."

Mines Threat To Shipping

SEATTLE, April 2 (AP)—Four more mines were reported today to be periling shipping off the Washington-Oregon-British Columbia coast. One of the drifting wartime explosives was destroyed yesterday, the coast guard said.

The new reports indicated no let-down from the month of March when 35 mines were reported. Sixteen were destroyed.

Three of the four mines are being sought by the cutter McLane out of Aberdeen. One was reported 12 miles southwest of Cape Alva, about 16

miles south of Cape Flattery; another four miles west of Cape Alva and two miles south of Umattilla lightship; and the third drifting seven miles south of Destruction Island.

The fourth, reported drifting 40 miles west of Portland point on Vancouver Island, was said to be too far out for a cutter to locate it. The report was relayed to Canadian authorities.

The cutter Bonham from Coos Bay blasted one mine 12 miles west of the Coquille river in Oregon yesterday.

Increasing the heat under a vessel of boiling water only changes the water into steam more rapidly.

SAIGON

Lamott Is Tule Speaker

TULELAKE, April 2—"What Youth Needs" was the subject of Bob Lamott's address to the Mariners club of the Tulelake Presbyterian church Wednesday.

Education of youth should start in the home, the Boy Scout executive told the group. Boys' clubs such as Scouts, Y groups and so forth are just stop-gaps, he said.

A waffle supper was held in the church annex with Rev. and Mrs. Hugh Bronson heading the committee in charge with Mr. and Mrs. James Orr, Mr. and Mrs. Gilbert Osborne on the committee.

Election of officers was held with Mr. and Mrs. Ross Ragland chosen as skippers, Mr. and Mrs. Orr as pursers, Mr. and Mrs. Thorben

Reiben as first mates and Mr. and Mrs. Jerry Shaw as log keepers.

Wooden table ware is used by polar explorers. Metal cutlery would stick to their lips in the sub-zero temperatures.

CAMPAIGN MILWAUKEE, Wis., April 2 (AP)—Harold E. Stassen, seeking the republican nomination for the presidency, plans to campaign in Oregon May 16 to 20, an aide said today.

His speaking schedule is not yet definite.

Oleo Tax Repeal Seen

WASHINGTON, April 2 (AP)—Rep. Rivers (D-S.C.), predicted today that a bill to repeal federal oleo-margarine taxes will be on the house calendar by nightfall.

He told reporters that when the house adjourned yesterday 199 members had signed a petition to pry the bill out of the house agriculture committee. The petition must be signed by 218 to compel house action.

"We will get it out today," Rivers said. "We only need 19 more names."

The legislation, sponsored by Rivers, would repeal the quarter-cent a pound tax on uncolored margarine and the 10-cent per pound tax on colored. The bill was indefinitely tabled last month by the agriculture committee.

High School News and Comment

By MARY LOU CASE

Persons in masquerade dress only will be admitted to the Spanish club fiesta tonight in the boys' gym. From 8 to 11, Karl Smyk's band will play. To make sure everyone at least attempts to keep his identity unknown until 10 o'clock, the Spanish club has even been selling masks for the last few days.

Spring is really here. It must be, because one of the surest signs is when the counselors start counseling students for their next year's classes. The counselors have been talking to the freshman, sophomore and junior English classes all this week and part of last.

New courses that are being offered next year include a full year of advanced speech, fundamentals of arts and crafts, carpentry and cabinet making, a course in pre-employment offered to sophomores, and blueprint reading. This last course is a requirement for all boys who sign up for radio, sheet metal or machine shop, providing they have not already taken mechanical drawing.

Sophomore and junior girls started filling out petitions for Pep membership today. As soon as all the petitions are filled out the junior members of the club will vote on the new members, on a basis of scholarship (must be 27), character, personality, appearance and such. Also required is active membership in two clubs, excluding Krater and El Rodeo, which are classed as courses.

Small paper ballots were passed out in homerooms today, and each student wrote on his slip the names of four girls in the class, candidates for track queen. The four girls with the most votes from their class, making 16 girls, will be introduced in an assembly next week and then final balloting will be held. Last year's princesses were Beverly Young, Sumera Moore, Helen Eckert and Queen Pat McMillan.

About 40 juniors turned out for the meeting yesterday to discuss the prom. The date is set for May 21, and Baldy's band will play. The juniors give the dance every year and seniors and juniors and their dates are invited. About \$260 are in the junior class treasury which insures free admission to all. Junior Class President Jim Owens is in charge.

Reducing Machine Spanks Youngster

LOS ANGELES, April 2 (AP)—The reducing machine exerted a terrific attraction on Carole Snotkin, three years old.

So she tried it out, and her mother, Mrs. Edward Snotkin, found her in the playroom, screaming with pain. The doctor said she was all right, that it wasn't much worse than a heavy spanking.

FOR PLEASANT MOMENTS

Relaxed, he wore a look sublime. He smiled, for it was PM time. He beckoned with a roguish eyeball. "I reckon mine will be a highball. PM's Particularly Mellow, and I am such a thirsty fellow!"
