## Portland-LA Bus Service By Greyhound To Go On New Schedule April 8

Operation of the new Greyhound through service between Portland and Los Angeles, via Klamath Falls, will be inaugurated on April 8th, rather than on April 1st as previously announced, according to Ross W. Ashley, superintendent of Greyhound.

The proposed schedule which was to have been put in operation on April 1 was considered to call for service improperly spaced throughout the day, and so it has been revised in order to provide better spacing of schedules during the 24-hour period each day.

The new schedule will provide two through schedules daily in each direction, between Los Angeles and Portland. As previously announced, new lower fares, based on the standard Greyhound rate of approximately one and a half cents a mile, will go into effect on April 1st.

## Ackerman Speaks For Grog Change

Glenn Ackerman, Portland republican, who is a candidate for the republican gubernatorial nomination, endorses liquor-by-the-drink and legalized gambling for Oregon in his 22-point campaign platform and stands alongside John Peyton of Junction City, another republican candidate, in those matters.

Ackerman put those two highly controversial items in his platform in December, 1947, three months before Peyton's public declaration in Klamath Falls and since that time has worked in support of a field campaign for their adoption.

Preliminary petitions for liquor-by-the-drink have already been filed in Salem and the proposal may come to a vote in November, at the time of the general election, if sufficient signatures are obtained.

Petitions will be circulated, backed by the state federation of labor, musicians, hotelmen and restaurant owners, to have the "sale by drink" proposal put on the ballot.

The proposed Knox law change would allow the state liquor control commission to give licenses to hotels, restaurants, clubs, railroads, ships and airlines. Liquor for this purpose would be bought from the control commission and annual license fees would be \$500 plus a tax of 25 cents a bottle on bar-sold liquor.

Candidate Ackerman, in addition to the liquor and gambling suggestions, seeks to restore higher personal income tax exemptions, expand old age compensation, provide a split system second to none, have a split legislative session and embark on an advertising campaign designed to make the nation "Oregon conscious."
