

MARKETS and FINANCIAL GRAIN PRICES MOVE HIGHER

CHICAGO, April 5 (AP)—Higher prices ruled in grains on the board of trade today. Wheat showed the most strength with both corn and oats following the upward trend in the bread cereal. Gains were not large.

Reports of high winds and some damage to wheat in Kansas over the week-end caused most of the buying in that grain. The market suffered a sinking spell at one time, but bounced back.

Wheat closed 1/4 to 1 cent higher, May \$2.46-2.45 1/2, corn was 1/4 to 1 cent higher, May \$2.20-2.19 1/2, oats were 1/4 lower to 1/8 higher, May \$1.13-1.12 1/2, and soybeans were 2 cents higher, May \$3.70.

Buyers Run Market Today

NEW YORK, April 5 (AP)—Buyers maintained control of today's stock market although considerable opposition was in evidence.

Prices hardened after midday with assorted oils and rails in front. Gains of fractions to 3 points or so predominated near the close.

It was the eleventh million-share session since mid-March. Transactions for the full proceedings ran to around 1,100,000 shares. The Wall Street strike entered its second week without seriously interfering with operations on the exchange.

The rail average was at its top since September, 1946, with favorites including Rock Island, Northern Pacific, Seaboard Air Line, Great Northern Railway and Atlantic Coast Line. Several oils were at peaks for 1946 or longer.

Better performers were Chrysler, Goodrich, Caterpillar Tractor, Dow Chemical, Paramount Pictures, Loew's, and International Nickel.

Bonds steadied. Cotton, toward the finish, was up \$1.50 to \$2.20 a bale. At Chicago wheat ended up 1/4 to 1 cent a bushel, corn 1/4 to 1 and oats 1/4 to 1/8 up 1/4.
