Profit Taking Knocks Grains

CHICAGO, April 9 (AP)—Profit-taking got the better of grains in the last half hour on the board of trade today. Gains of a cent or more were wiped out and losses substituted.

Before the late selling, all cereals had pushed up to new highs for the current recovery movement. May wheat had crossed the $2.50 mark. Early buying was based on a hike in the government offering prices for wheat, as well as concern over the possibility of a tight situation developing in May corn and oats.

Wheat closed 1¼ to 2 cents lower, May $2.47-$2.47½, corn was ¾-1¼ lower, May $2.25¼-½, oats were ¾-1⅞ lower, May $1.14⅛-¼, and soybeans were 8 cents lower, May $3.83.

Wheat—	Open	High	Low	Close
May	2.49	2.50¼	2.46⅝	2.47-2.47½
July	2.37½	2.38	2.35	2.35½-¼
Sept.	2.35	2.36	2.32⅝	2.33-2.32⅝

Rails Boost Stocks Today

NEW YORK, April 9 (AP)—Strength of selected rails today helped put the stock market at a new average peak for the year although many leaders stumbled. Carriers touched their best level since August, 1946.

Dealings tapered after an active forenoon and top gains running to 2 or more points were reduced in most cases near the close. Steels, motors and rubbers did little either way.

Volume crossed the million-mark for the fifteenth session in three weeks, a 19-month record. Transfers ran to around 1,500,000 shares.

Highs for 1948 or longer were recorded for Nickel Plate Railroad, Canadian Pacific, Southern Pacific, Warren Petroleum, Hiram Walker, International Paper, Allied Chemical and Phelps Dodge.

Laggards the greater part of the day were U. S. Gypsum, Plymouth Oil, General Motors, Chrysler and Goodyear.

Railway bonds were favored. Cotton, toward the finish, was 10 cents a bale higher to 75 cents lower. At Chicago wheat ended down 1¼ to 2 cents a bushel, corn ⅝ to 1¼ and oats ⅝ to 1⅝.

Chinese Reds Seize Road

NANKING, April 9 (AP)—Chinese communists have seized more than 50 miles of vital rail line in their eastward advance on Chengchsien, crossroads of Central China.

This was acknowledged today by a defense ministry spokesman. He added, however, there had been no change in the situation—since the reds were reported within 20 miles of the important railway junction.

The advance on Chenghsien was a surprise offensive, coinciding with another jarring red jolt in inner Mongolia. Most recent reports placed the communists only 20 miles from Kweisui, capital of Suiyuan.

The big airbase at Mhenghsien, a terminal for east-west military and commercial air traffic, was reported abandoned by the Chinese airforce as the communists approached.

Italians Get US Authority

WASHINGTON, April 9 (AP)—The state department said today that American military authorities in the U. S. zone of Trieste have turned over "certain administrative functions" to Italian nationals.

Press Officer Lincoln White told a news conference this transfer of some authorities is "exactly parallel" to American policy in occupied Germany, Japan and Korea.

White denied that the U. S. intends to withdraw its 5000 occupation troops from Trieste as a result.

In answer to questions, he stressed the United States has the right, under the Italian peace treaty, to maintain troops in Trieste until a governor for what was to be the free territory is appointed.

White said American military forces will maintain "appropriate control" over the action of the Italian administrators.

College Fires Wallace Backer

EVANSVILLE, Ind., April 9 (AP)—Dr. George Parker, assistant professor of religion and philosophy at Evansville college and president of the Vanderburgh County Citizens for Wallace committee, had a request from the college today to resign from the faculty immediately.

Parker presided Tuesday night at a rally here addressed by Henry A. Wallace, third party presidential candidate.

Lincoln B. Hale, president of the privately-endowed school supported by the Methodist church, announced that the executive committee of the board of trustees had asked for Parker's resignation.

"It is the opinion of the college that owing to Mr. Parker's political activities both on and off the campus his usefulness to Evansville college is at an end," Dr. Hale said in a statement.

US To Back Europe Union

WASHINGTON, April 9 (AP)—The projected Western European union now seems sure of strong American military support as a way to strengthen the west against feared Russian expansion.

In the opinion of Washington officials, however, several major problems remain to be worked out, including the precise forms this support may take.

Belgian Premier Paul Henri Spaak who has conferred here this week with President Truman, Undersecretary of State Lovett, and other leaders, told a news conference the European nations will ask for military as well as recovery help later on.

First, Spaak said, they want to consolidate their new organization which so far has gone through only the first stages.

Spaak was one of the prime movers in a five-nation meeting at Brussels a month ago which drafted a treaty for economic, political and military cooperation among the western states.

The five nations which did the drafting were Britain, France, Belgium, The Netherlands and Luxembourg.

The United States, in statements by President Truman and Secretary of State Marshall, already is on record as approving the formation of this western bloc.

Meat Strike Action Asked

WASHINGTON, April 9 (AP) — President Truman asked the striking CIO Packing House Workers and the major meat companies to renew negotiations in an effort to settle their wage dispute.

The president thus decided, for the time being at least, not to seek an injunction to end the meat industry strike which started March 16.

He made no appeal after the White House released the report of an inquiry board analyzing the dispute. Mr. Truman said that if the parties will study the report "with an open mind, it can provide a basis for renewed negotiations looking toward a prompt settlement of the dispute."

Mr. Truman's brief statement said he has asked Cyrus S. Ching, director of the federal mediation service, to arrange further conferences in the light of the information contained in the board report.
