**In The Day's News**

(Continued from Page One)

must remember that the news has been heavily censored. When censorship enters the news door, our confidence in the facts as told flies out of the window.

But it certainly looks on the face of what we have to judge from like a communist coup ENGINEERED FROM MOSCOW.

If so, we have this much consolation: It seems to have failed of its purpose.

THERE is a bit of hopeful news from the home front.

Homely, hard-headed, practical Joe Martin, speaker of the house of representatives, takes hold of the coal strike and apparently settles it. Out of the settlement come \$100-a-month pensions for 62-year-old miners who have worked 20 years. (The pensions will come from the 10c-per-ton royalty that is added to the price of coal.) Maybe a \$100-a-month pension isn't too much for a man who has worked 20 years under ground.

Anyway, the strike seems to be settled. Facing what we're apparently facing in the world, we can't afford strikes in our critical coal industry.

**Palestine Visit Eyed**

NEW YORK, April 12 (AP)—Security council delegates today discussed the possibility of sending a United Nations commission to Palestine to supervise the proposed Arab-Jewish truce.

The proposal for an on-the-spot international body was put before an informal meeting of the delegates in U. S. Delegate Warren R. Austin's Park avenue offices.

Austin showed keen interest in the move and said he would ask Washington for instructions.

So far the Arabs and the Jews have refused to accede to a security council demand for a cease-fire agreement in the Holy Land. The new plan would lay down the terms and conditions of a truce and then send U. N. observers to see that it was carried out.

An American delegate press officer, briefing newsmen after the closed session, refused to say which nation called for the on-the-spot check. Gen. A. G. L. McNaughton of Canada said he had made a suggestion during the meeting which was well received.

**Atom Remark Draws Blast**

BRUNSWICK, Me., April 12 (AP)—Atomic Energy Commissioner Sumner T. Pike says Harold E. Stassen "sure stuck his foot in it" when he called for six atomic power plants in the United States.

Pike, who lectured Friday night at Bowdoin college and described himself as a Stassen admirer, told a Portland Press Herald interviewer that the republican presidential aspirant "just doesn't know what he's talking about."

While campaigning in Nebraska Thursday, Stassen urged that the U. S. have two power plants in the east, two in the middlewest and two in the west.

The atomic energy commission, Pike said, now is doing at its three existing plants work scheduled for next year.

Referring to the current world situation, he added: "We're pushing the whole thing harder now than if things were quiet."

He said that "reconnoering" is only a small part of the work.

"x x x we're going to have some atomic power by next year—only about half enough to run x x x pumps and blowers, but it's a start," he added.

**Texas Gal Leads WIBC Tourney**

DALLAS, Tex., April 12 (AP)—Mrs. Eleanor Bunger of Corpus Christi, Tex. set the pace in the women's international bowling congress today.

W. & S. Recreation, St. Louis, Mo., retained team leadership on 2475.

Mrs. Bunger hung up a 603 to take the singles lead, posting games of 192, 190 and 221.

The 603 Mrs. Bunger posted was the first 600 series rolled to date.

**Church Against Wine Shipments**

PORTLAND, April 12 (AP)—No American wine or tobacco for European recovery.

That was the cry of the Oregon presbytery of the United Presbyterian church here, protesting against that portion of the ERP program calling for shipment of 142,000,000 gallons of American wine and nearly \$1,000,000,000 of tobacco to Europe.

The presbytery in its annual convention elected Rev. Fred J. McConnee, Shedd, moderator.

**Figure in Bogota Conference, Revolt**

The government of President Ospina Perez (center), of Colombia was under attack as leftwing revolutionaries broke up the Inter-American Conference at Bogota and seized partial control of the city. Mobs raged through the conference headquarters, wrecking the building and shouting "Down with Laurano Gomez," (right) head of the Colombian delegation to the conference and conservative party leader. At left is American Ambassador William L. Beaulac, who reported that all members of the American embassy attending the conference were safe. —NEA photo
