Good Idea

LEUTENANT JOHN S. PARKE, whose story about the placement of Canby cross appeared in the Saturday edition of this paper, was the forerunner of modern-day enthusiasts for historic site marking.

News Objective

Astigmatism Very Common

By EDWIN P. JORDAN, M. D.
Written for NEA Service
Astigmatism is a condition of the eye which makes it necessary for many people to wear glasses.

These Days

By GEORGE E. SOKOLSKY
MEN in a hurry undoubtedly are sure that they can save the world by bread and steel. But what when the bread and steel are used up? UNRRA poured money into countries and there is not a thing to show for all the effort.

So What?

ONE almost says to that: "So what?" What is needed immediately, say for a country like Germany, is the re-establishment of their formerly magnificent system of trade schools.

School Quota

WHY should not the administrator of ERP, Paul Hoffman, include in his contracts a quota for the rehabilitation of trade and technical schools? No provision in the act passed by Congress forbids that.

SIDE GLANCES

"We won't be able to get a new car for months, so we're visiting the neighbors—it's better than just sitting at home!"

The World Today

By DEWITT MACKENZIE
AP Foreign Affairs Analyst

Sometimes it does seem as though our cantankerous old world had reversed itself and was spinning us back into the middle ages.

Soviet Vote

To be sure, the some half hundred delegations voted, the result being 16 to 5 in favor of the resolution. Both the United States and Russia voted against it, though just why the Muscovites should oppose it isn't clear.

Complications

Then there are peculiar complications in countries that have constitutions under which governments can be kicked out of office at any time by an adverse majority in parliament.

By HAL BOYLE
NEW YORK, April 12 (AP)—Ever get tired of hearing friend wife say accusingly: "I spent the whole afternoon in the beauty shop and you didn't even notice the difference?"

Outlook An Ape

It was only after I got on the bus that I remembered who Bushman is. He's the famous gorilla at the Lincoln park zoo.

Why doesn't someone dig out the legend of the Siren of the Sheep Range and send it in to House of Mystery for Roger Elliott to build a story around it, wonder there's quite a story about it among sheepmen around here.

And how about the blue flames hovering over the peat bogs in this region and Mare's Egg lake for unreal realities on Commander Scott's Romance of the Highways?

Well, I didn't mind it so much except when a lady came by and watched Saul put on the curlers for the wave and said, "My, I could never get my husband to do that." Another lady walked past and yoo-

"Okay, doughnut, plow ahead."
