Colombian Break With Reds Denied

BOGOTA, Colombia, April 15 (AP)—The newspaper El Liberal quoted Foreign Minister Eduardo Zuleta Angel Wednesday as saying the Colombian government up to now has taken no decision on the question of relations with the Soviet Union.

The opposition newspaper quoted the foreign minister as saying that as the result of an announcement by the government radio that relations with Russia had been broken the radio's conservative director has been ousted. It said Alfonso Araujo, a liberal, was appointed director of the national radio. Zuleta is a member of the conservative party.

The government radio made the announcement of a break with Russia Monday. It followed an announcement that two Russian agents had been arrested in connection with Friday's uprising in Bogota, scene of the 21-nation Pan-American conference, which is being resumed today.

The conference was broken up five days ago by a bloody uprising which the Colombian government and U. S. Secretary of State George C. Marshall attributed to interna-

tional communism. Delegates voted unanimously yesterday to resume sessions.

He predicted next fall's attendance would reach 7610 unless uncertainties such as veterans' enrollment and the international situation caused a change.
