Henley High School To Present Plays

HENLEY—A full evening's entertainment is planned when the freshmen, sophomore and junior classes of Henley high school present three one-act plays Tuesday, April 20, at 8 o'clock in the high school gymnasium.

"She Was Only a Farmer's Daughter," an old-fashioned melodrama, written by Millard Crosby will be presented by the sophomore class and directed by Erling Melby.

This is the story of a country heroine who has gone to the big city for an education and fallen victim to the charms of a dark-eyed villain. Her return to the farm and the complications that arise when the villain shows up furnish entertainment with the end in typical melodrama style.

"Life of the Party," by Donald Payton, will be given by the freshman class, directed by Mrs. A. R. Dickson. This teen-age comedy's plot gets under way when wrong ingredients are mixed in the punch at a party.

The third play is "I'll Sell the World," by Walter Richardson. Mrs. Lyle Haley directs the juniors, who will present it.

A young businessman and the hilarious situations arising from his efforts to impress his employer and get an advancement start things rolling.

Tips of Merit

HOW about the deep well in your electric range? You know, this deep well is a mighty handy thing to have in a range. But, on the other hand, it does not fit in with everybody's cooking technique.

IF YOU are one of the many housewives that keep wishing that you had a surface unit instead of the deep well, your wish can now come true. The wonderful new THERMO-KLEEN MONOTUBE unit, large or small, can quickly and easily be installed in your range, giving you 4 units instead of 2.

AND you will experience a new thrill in the "even heat" feature of this new, quick-heating element. And—so easy to clean!

CALL one of these Electric Range Service Dealers today for an estimate on the "cooker-pot change-over."
