ANNUAL INGATHERING FOR MISSIONS

In the name of practical Christianity, the physically impoverished, the mentally distressed, and the spiritually desperate of this war-ravished world call on us in favored America for help. Innocent victims of war and famine look to us for proof of our belief in the brotherhood of man. They look to us for tangible evidence of the gospel of "love thy neighbor as thyself."

The world-wide chain of hospitals, clinics, mission stations, schools and welfare centers carried on by Seventh-day Adventists answers this challenging appeal with healing for the sick, clothing for the naked, food for the hungry, and a gospel of peace for all.

This year, in addition to the repair of war-damaged properties, Seventh-day Adventists will spend more than \$15,000,000 on purely humanitarian, uplift and welfare work. This is more than \$18 a minute night and day, the year 'round.

Their medical and welfare centers create a chain of mercy around the world. It knows no bounds of race, creed or nationality. Year in, year out, it reaches into the wilds of Africa, into the jungles of South America, through tropic heat and arctic cold—wherever there is need!

Will you help extend and support this chain of mercy?
